Have you answered this question with your \$ yet?

The following list is not a complete one but if the name of every person who has bought a badge for the benefit of Company A appeared in these columns there would be no "crowd."

If your name belongs here let the Tribune know it. If you haven't been asked to buy a badge yet—don't wait. Send in to S. M. Pye—or the Tribune—or the various stores about the city having the badges on sale.

Catarrh is Not Incurable

But it can not be cured by sprays, washes and inhaling mixtures which reach only the surface. The disease is in the blood, and can only be reached through the blood. S. S. S. is the only remedy which can have any effect upon Catarrh; it cures the disease permanently and forever rid the system of every trace of the vile complaint.

Miss Josie Owen, of Montpelier, Ohio, writes: "I was afflicted from infancy with Catarrh, and no one can know the suffering it produces better than I. The sprays and washes prescribed by the doctors relieved me only temporarily, and though I used them constantly for ten years, the disease had a firmer hold than ever. I tried a number of blood remedies, but their mineral ingredients settled in my bones and gave me rheumatism. I was in a lamentable condition, and after exhausting all treatment, was declared incurable. Seeing S. S. S. advertised as a cure for blood diseases, I decided to try it. As soon as my system was under the effect of the medicine, I began to improve, and after taking it for two months I was cured completely, the dreadful disease was eradicated from my system, and I have had no return of it."

Many have been taking local treatment for years, and find themselves worse now than ever. A trial of

S.S.S. For The Blood

will prove it to be the right remedy for Catarrh. It will cure the most obstinate case.

NOTES.

Col. W. H. Robinson has wired from Fargo to Senator Hansbrough as follows:

A daughter of Col. Plummer sends all the way from Maine to the Fargo Forum for a Company B badge.

In Fargo it is likely the proposed banquet for Company B will be turned into a barbecue.

Judge Sauter says his district will bring back Company C. and it is hoped they will have some more to help others—Company B will do.

FOR COMMISSIONS.

Governor Fancher Recommends Two Officers of the North Dakota Regiment.

On August 14th the secretary of war wired Governor Fancher to submit the names of two officers from the volunteer regiments from this state serving in the Spanish war for consideration in issuing commissions to them to continue in the new volunteer regiments now being raised. The same day the governor wired that names of two officers would be submitted immediately upon the arrival of the regiment in this country and the wishes of the officers could be consulted. When Adjutant General Miller left for San Francisco to welcome the troops he carried instructions from the governor to secure the names of those officers who desired to remain in the service of the government and would accept commissions in the new volunteer regiments and to advise him immediately. The governor received today advice from the adjutant general on this point, stating that Capt. A. W. Cogswell of Company D, Devils Lake, and First Lieutenant C. J. Foley of Company C, Grafton, would continue in the service if commissions were issued to them. In response to this the governor wired Hon. Elihu Root, secretary of war, at Washington, the following:

"I will recommend for commissions in new volunteer regiments Captain A. W. Cogswell and First Lieutenant C. J. Foley of the First North Dakota volunteers and ask your most liberal consideration in their behalf."

Captain A. W. Cogswell is the ranking captain of the regiment and should the regiment leave have been a majority vacancy the position would have fallen to him. He is an old national guardsman and an efficient and accomplished officer. From all reports he has done his work well and has been faithful. In him are combined the elements necessary for a first class soldier. He is a good disciplinarian, stern, yet always retained the respect and confidence of his men. His judgment is of the best and he is always equal to an emergency. He is energetic and has decision, a factor so necessary in a commanding officer. Any duty imposed upon him will be performed and it is to be hoped that the war department will recognize his ability with at least a captain's commission.

Lieutenant C. J. Foley is also an old national guardsman and when the volunteers left the state was a second lieutenant. On account of the promotion of Major Fraule he became first lieutenant of Company C. He is an officer highly respected by his company, well liked and honored by the men of the company and regiment. He is always alert to duty and prompt and efficient in his efforts for the interests of those under him, and has merited the recommendation of the governor for a commission in the new volunteer regiments. His determination to serve the nation faithfully and well is in evidence from the fact that he is willing to still continue in the service. The war department will make no mistake in issuing him a commission and one higher than the one he now holds.

THE NORTH DAKOTA BOYS.

A Minneapolis Tribune special of the 9th says:

The camp of the North Dakota men at the Presidio is one of the dullest places in San Francisco. The camp was practically deserted yesterday, as far as the soldiers are concerned. The day was a magnificent one, and as but few of the boys had to remain for duty they took advantage of the liberties allowed them and got away from the confines of the camp. The majority of them went to the Sutro baths and Golden Gate park. There was, however, a number of callers at the camp, and they were entertained by the boys who remained on duty.

The North Dakota soldiers are not as yet in a position to thoroughly enjoy their vacation. They have not received their pay, and it takes money, and a goodly amount of it, to take in San Francisco. A large number of the men are walking about with empty pockets.

They were too indulgent when they were paid in Manila. Their baggage shows this. Some of the boys have more "truck" with them than an up-to-date commercial traveler. What spare change they had at that time went for curiosities.

Senator McCumber and others of the North Dakota delegation left for home yesterday. They have truly enjoyed their stay in San Francisco, as it has been one continual round of receptions. Those who remained were yesterday escorted over the battleship Iowa, and the cruiser Newark.

It is impossible at this time to secure interviews with either officers or men of the North Dakota regiment on what should be the policy of the government in regard to the Philippines. They will not say anything until after being mustered out. One thing is noticeable, however, with this regiment, and that is an absence of talk oftentimes heard in other camps, condemning the Philippine policy of the government. It is believed that every officer of the North Dakota regiment thinks the islands are worth having, and that there should be no back-down on the proposition at the time. The sentiment seems to be all in favor of a most vigorous campaign, and that the matter should be pushed to a satisfactory conclusion.

A SAD COMING HOME.

The Dickinson Press publishes the last letter received by Dr. Davis at Dickinson from his son Harold, the member of Company K, who died on board the Grant. The letter is dated July 21, and says:

I did not get to send a letter on the "Centennial," as she left at about the time we came in from Morong, and now as there seems to be some chance that the "Sherman" will beat us out, I will write.

We are coming on the Grant, the best U. S. transport in the service, and will be accompanied by the Idaho and Wyoming. We are ready now—so are the Idaho and Wyom.

ings, but the boat has to have some repairing done and has been hindered from discharging and taking on supplies by the rough water prevalent at this time of the year.

For four days and nights preceding yesterday, the typhoon signal was out and all small crafts were kept off the bay.

All the news that I could write fades into insignificance when I realize I will soon be home. You probably never realized the full meaning of the word "Home" as I do now, after this year of exposure, loneliness, overwork, starvation and strife. I am glad it is over for I don't think I could do it over again.

As it is I am suffering continually from indigestion, and have to use the greatest care in what I eat, but I realize the Dakota air and some of mother's wholesome food will fix me up all right again.

We are all packed up ready to start at any time. Seven or eight of the K boys are re-enlisting, but none from Dickinson.

It seems as if I just cannot write, I am so glad we are going to get home. Tell Homer that I received his long letters and was more than pleased. I probably shall not write again till we get to Frisco.

I might as well add that on the 17th of July at retreat roll-call, an order was read commending Private Harold Davis for promotion to rank of corporal, but don't put that on my letters, because I don't want the boys to think that I can't hold a position of small trust without having the fact advertised by my relations and friends.

DELAYED CORRESPONDENCE.

DEAR JEWELL.— * * * We just returned with Senator Hansbrough from a visit to the Chronicle offices, etc. It is a fine building—a prosperous plant, and like all newspaper men, they treated us royally.

We have been out to the Cliff House and Seal Rocks a couple of times and taken in the Sutro baths several times. Great place.

Tomorrow we hope to welcome the boys, but, of course, cannot tell exactly when they will be here. They are expected at any moment. Before this reaches you you will probably have received a wire from me, telling of their arrival. We had a meeting of the North Dakota people today. Senator Hansbrough was chosen chairman and I was chosen secretary. The meeting was composed of Senators Hansbrough and McCumber, Congressman Spalding, Mayor Patterson, Col. Peake, Gen. Miller, D. C. Moore, of Grafton; Judge Lander; Dr. Pray, of Valley City; Messrs. Perden and Aspinwall, of Wahpeton, and several North Dakota ladies. It was decided to furnish the boys with lunches before they land and march to the Presidio (a seven-mile march) and a committee for that purpose has been appointed and everything in that line is ready. A committee, consisting of Senator McCumber, Congressman Spalding and Mayor Patterson, were appointed to wait on Gen. Shafter and see what privileges could be granted and Gen. Shafter has given the North Dakota people the use of United States tug, The Fearless, to go out and meet the Grant when she is sighted. A reception committee of one from each city (I to represent Bismarck, Company A) was appointed as a reception committee, to receive the boys here and prepare for certain entertainment in San Francisco. What that will be is as yet undecided. Gen. Shafter furnishes horses and carriages for us to parade with the boys from the transport to the Presidio. Gen. Miller, Mayor Patterson and Col. Peake will ride horseback. Perhaps some others. A carriage is good enough for me. We intend, of course, to do everything possible for the boys on this end and are glad the good work is going on at home. You are doing right. The boys have risked life and lost health and should be shown that we appreciate the hardships they have undergone, not for us individually, but for their country.

Senator Hansbrough has worked like a beaver and has secured a rate, all rail, of \$31.50, or by boat to Seattle and then by rail, of \$26.50, which is pretty good. I think.

The welcome of the First California volunteers was something astounding. The decorations, fireworks and parade bent anything I have ever seen, and I have seen some things in my time. They have the money here, and are willing. Sixty thousand dollars was raised for the occasion, and as the boys were all at home, it all went for celebration.

We do not know exactly when we will return, but trust the boys will be in tomorrow, and then we can figure on when we can leave. EDWARD S. ALLEN. San Francisco, Cal., Aug. 28.

THE OLIVE BRANCH.

Mayor Patterson Presents Capt. Moffet With a Rose.

Minneapolis, Minn., Aug. 31.—(Special to the Minneapolis Tribune.)—One of the interesting scenes on the transport was after the crowd had been allowed on board and Mayor Patterson of Bismarck met Capt. Moffet, the well known editor, and a supposed enemy. The two men have been antagonists for a long time but the war has sweetened their troubles and the Bismarck people would have cheered at the way the two enemies shook hands with each other, and especially when Mayor Patterson gave the Captain the rose he was wearing in his buttonhole.

RECORD OF THE NORTH DAKOTA KOTAS.

The record of the North Dakota regiment, which has returned from the Philippines to San Francisco and went into camp there yesterday, is one of which the state may well be proud.

There are two battalions of the North Dakota troops—originally 684 men.

The regiment was mustered in in May, 1898. It sailed from San Francisco June 28. Reached Manila July 31, and was there one year to a day, sailing for home July 31, 1899, and

reaching San Francisco August 29. The number of men returning is 540. A number of sick had already returned and are in the military hospital at San Francisco.

The total deaths in the regiment were 17, of whom only seven died from disease—giving the regiment the lowest percentage of deaths from disease of any regiment serving in the Philippines. One man was drowned, one accidentally shot and eight killed in action or died from wounds.

The list of the dead is as follows: John Buckley, private, Co. C, Aug. 16, 1898, Manila; accidentally shot.

Frank M. Hardin, private, Co. H, Nov. 21, 1898, Manila; dysentery.

Ole T. Lakken, private, Co. K, Nov. 21, 1898, Manila; typhoid fever.

John Morgan, private, Co. H, Oct. 26, 1898, Manila; acute dysentery.

Frank Upham, private, Co. C, March 1, 1899, Manila; dysentery.

John A. Bwing, private, Co. G, March 1, 1899, Manila; typhoid.

William H. Howell, private, Co. K, Feb. 13, 1899, "Zealandia" pulmonary tuberculosis.

Adolph Koplen, private, Co. A, March 28, 1899, Manila; drowned accidentally.

George J. Scheller, musician, Co. I, April 12, 1899, Manila; killed in action.

William G. Lamb, private, Co. C, April 15, 1899, Manila; killed in action.

Isidore Driscoll, corporal, Co. C, April 15, 1899, Manila; killed in action.

Alfred H. Whitaker, sergeant, Co. A, April 13, 1899, Manila; dysentery.

John C. Byron, corporal, Co. D, May 24, 1899, Manila; wounds received in action.

John H. Killian, private, Co. H, June 9, 1899, Manila; killed in action.

Harold Davis, corporal, Co. K, died on shipboard on return trip.

The wounded are as follows: Lieut. D. Baldwin, Co. H, leg, moderate.

Sergeant William H. Lock, Co. G, foot.

Harry W. Donovan, private, Co. H, forearm.

Corporal Herman P. Wolf, private, Co. H, foot.

Herbert L. Files, private, Co. I, axilla, severe.

Charles Olstad, private, Co. G.

Emil J. Pepke, private, Co. I, chest, severe.

William R. Trulock, private, Co. C, thigh, severe.

Fred E. Hansche, corporal, Co. B, chest, severe.

Company C, Grafton, suffered the heaviest loss, six of its men being numbered with the dead—over a third of the total loss of the eight companies.

Company B of Fargo did not lose a man by death, either from disease or bullets. Company A of Bismarck lost two men, one from disease, and one from accident—drowning.

Company H, Jamestown, lost three men, Company G, Valley City, one; Company K, Dickinson, two; Company I, Wahpeton, one; and Company D, Devils Lake, one.

There were three commissioned officers who were obliged to resign on account of sickness. Capt. Keye, Co. B; Capt. Mudgett, Co. G, and Lieut. Redmon, Co. D. Capt. Baldwin, Co. H, was home on sick leave. Not a commissioned officer was called on to give up his life and but two non-commissioned officers, Sergt. Maj. Whitaker and Corporal Davis, who died of disease. There were seven deaths from disease, dysentery being the principal cause; eight men were killed or died from wounds, one was drowned and one accidentally killed.

The regiment participated in thirty-six engagements, and was with Gen. Lawton on three famous expeditions.

TO OUR NEW READERS.

Copies of this week's Bismarck Tribune will perhaps fall into the hands of some who are not regular subscribers. It is the desire of the management that it be carefully read and compared with other weekly papers. Observe its news features. There are quite a number of names not on this list—those who have paid. If handed in they will appear.
