Arms and Ammunition Seized. Jacksonville, Fla., Oct. 10.—Samuel Puleston, United States marshal for the Northern District of Florida, was in the city tonight, having just returned from Cedar Keys, where he seized the arms and ammunition recovered during the latter part of August from an alleged band of Cuban filibusters. The formal seizure by the marshal was in accordance with instructions from Washington. The case to test the title to the goods will be tried before Judge Swayne of the United States court at Tallahassee on the 28th instant. The goods are valued at \$482.33 and the inventory of them is as follows: Twenty thousand Winchester cartridges, 2500 U. M. C. cartridges, 190 Remington carbines, 18 swords or machetes, 43 boxes of soda biscuit, 2 barrels of beef, 1 barrel of rice, 1 barrel of salt, 100 pounds of sugar, 75 pounds of ground coffee, 2 bushels of onions, 2 bushels of peas, 400 cases of canned beef, 1 case of tomatoes, 1 case of soap, 1 case of codfish, 10 oven lids, 4 spiders, 9 frying pans, 4 dozen tin plates, 4 dozen tin cups, 9 coffee pots, 4 axes and handles, 1 box of nails, etc.

Tobacco Plants Injured by Frost. Huntington, W. Va., Oct. 10.—The tobacco crop in Lincoln, Logan, Wayne and Cabell counties has suffered great damage by frost. The crop was the finest ever grown and a great yield was expected. Some of the farmers were fortunate enough to store their crop before the cold snap set in, but others were caught and will lose their entire planting. The damage thus far is estimated at \$60,000.

Marion Stuart Cann Sues Dr. B. H. Throop, a Capitalist, for a Handsome Sum.

The Scranton, Pa., Tribune contains the following: A suit to recover \$3123 with interest from August 1, 1895, was begun in the office of Prothonotary Pryor Saturday by Marion Stuart Cann against Dr. B. H. Throop. Attorney E. C. Newcomb represents the plaintiff. The basis of the suit is summed up as follows: "The plaintiff is by profession a journalist and general writer. The defendant is a capitalist and formerly a physician by profession, who has lived upwards of half a century in the city of Scranton, in said county. About the month of January, 1894, the defendant was desirous of writing and publishing for sale his biography or memoirs, and, being well acquainted with the plaintiff and familiar with his literary ability, engaged his services to write and reduce to proper readable shape said biography or memoirs, and contracted, promised and agreed to do so, and with the plaintiff to pay him for said services as his compensation at the standard rate for what is known to the literary world as magazine work, to-wit, the sum of \$10 per page." The book is the one titled "A Half Century in Scranton," and contains 366 pages. Mr. Cann has been paid \$487 on account, leaving a balance of \$3173, for which amount he brings the suit. Dr. Throop's version of the matter is that he engaged Dr. Cann at \$2.50 a day to dress up the memoirs and arrange them, and that Mr. Cann was very irregular in his work, dragging along for eighteen months what should have been accomplished in three or four months. The plaintiff insists that the editors of Harper's, Scribner's and the Century magazines will be put on the witness stand when the case comes to trial to show that \$10 a page is considered very reasonable rates for book work.

COL. B. H. RICHARDSON DEAD.

A Former Alabama Newspaper Man Died Suddenly at Columbus. Columbus, Ga., Oct. 10.—Col. B. H. Richardson, editor and proprietor of the Daily Enquirer-Sun, died at 7:30 o'clock this evening, after a brief illness. His physicians pronounced him better today, but he took a turn for the worse at 6 o'clock this evening and never rallied. Colonel Richardson was one of the foremost newspaper men of the south, and was well-known throughout the country. He came of one of the oldest and most honored families of Maryland, his ancestors having emigrated from England in 1636 and settled in Hartford county. When 19 years of age he entered the confederate army and served with distinction and honor until the close of the war. In 1865 he located in Mobile, and in connection with Maj. Henry Ballentine revived the Mobile Tribune and became associate editor. He remained in Mobile a number of years, and then moved to Savannah, Ga., where he accepted the city editorship of the Morning News, on which paper he remained until 1883, when he purchased the Savannah Daily Times and continued its publication until 1887, when he removed to Alabama. In 1887 he tendered his resignation as editor of the Aniston Hot Blast and returned to Georgia, assuming the management of the Enquirer-Sun in this city. Subsequently he purchased the establishment. He was a prominent Mason, and for several years senior warden of Ancient Landmark lodge of Savannah; a member of Golden Rule lodge in Hartford county, and commander of the American Legion of Honor in Georgia; past grand regent of the Royal Arcanum and representative to the supreme council; dictator of the Knights of Honor and a member of the Georgia Protective Order of Elks. He was secretary of the democratic organization of Chatham county for ten years; was commissioned quartermaster of the First Georgia regiment by General Johnston in 1878 and arranged for Georgia troops at Yorktown centennial; was also a member of Governor Northen's staff. His brother, Mr. Frank A. Richardson of the Baltimore Sun, is now in Atlanta, and will reach here tomorrow.

BESSEMER.

The Union Tent Meeting Increasing in Interest—Superintendent Dexter Returns. Bessemer, Oct. 10.—(Special Correspondence)—Mr. Dexter, superintendent of the Alabama Pipe company, who has been north for some time, returned to Bessemer today and was quite busy looking around to see if everything was going on all right. He believes in having a place for everything and everything in its place. He is putting things to right all around. The union tent meeting is increasing in interest. Dr. Pearson preached last night on the subject: "What will it profit a man to gain the whole world and lose his soul?" Dr. Chapman was in the Alabama Pipe works today. He seems to take considerable interest in the work.

The Montezuma University Opened.

Bessemer, Oct. 10.—(Special Correspondence)—The Montezuma university opened this morning at 9:30 o'clock under favorable auspices. The opening exercises consisted of songs, scripture reading and prayer by Dr. R. G. Pearson, the evangelist, an address by President Lovett and talks by Superintendent McGahey and Revs. E. H. Hawkins and H. W. Flinn. The large assembly hall was well filled with the friends of the new institution. Fifty students were enrolled and many more will enter within a week.

THE COTTON CROP.

Nearly All the Crop Gathered in Some Sections of the County. Capt. J. F. O'Brien of Burnsville, who is in the city today, said to a reporter: The cotton crop in the uplands is nearly all gathered. We will be through gathering all that is opened in our section within five days, and the little which will open later will not amount to anything. The crop will be about 60 per cent of last year. Mr. W. J. Rountree said: "I was over a large portion of the northern section of the county. The crop is nearly all gathered, and it does not amount to 40 per cent of last year. The negroes have sold all of their cotton seed and are dependent for seed to plant next year's upon the little top crop that will open yet, and that is a poor dependence. The seed will be scarce and inferior when another planting comes."

TUSKALOOSA.

The University Opened With One Hundred and Twenty Students. Tuskalooza, Oct. 10.—(Special Correspondence)—The university opened with 170 students and every train brings more. We expect an enrollment of 200 by the 1st of November. The majority are "rats," a name the seniors give to the new men. The prospects for the coming year are very flattering. We have thirty applicants, who practice running and falling on the ball two hours a day. Of last year's team we have with us Dew, the "stone wall" center, and Bankhead, the fast left end. Captain Pratt has not returned, but will be with us in a week or two. Prince makes an admirable manager and has his hands full in coaching the team. Abbott, our star full-back of last year, also coaches the team and will play in some of the games this season. On the 19th we play our first game with the Birmingham Athletic club, on the campus. It will be difficult to judge the team by this game, as we have had very little practice for some time. We have had magnificent weather for practicing and it is a treat to watch the players in their earnest endeavor to get on the team. We will play at least five games this season. We play the University of Kentucky on the 26th, in Atlanta.

Everything is running very smoothly in barracks. Lieutenant Bayless is very much liked by the cadets. Among the cadet officers from Birmingham are Jesse L. Drennen, captain Company B; W. H. Ferguson, first lieutenant Company B; E. D. Smith, second lieutenant Company C. We also have the following cadets from Birmingham: L. P. Luckie, B. P. Head, Murray White, Duncan Trimble, John Trimble, W. T. White, Brett Brown, John Henley, J. S. McClester, Frank White, Robert Jemison, Jr., and Robin Hudson. Heretofore the corps has been composed of four companies. This year we have three, the captains being: Captain Company A, L. M. Mosely of Union Springs; Company B, Jesse L. Drennen of Birmingham, and Company C, Allen Worthington of Prattville.

No Activity Reported.

Baltimore, Oct. 10.—The Manufacturers' Record reports that for the week there has been no increase over recent weeks in the number of new industrial enterprises projected in the south, but work is being vigorously pushed upon many plants now under construction. Some enterprises of considerable magnitude have been put in shape during the past week. A dispatch to the Record states that plans have been made for the construction of a cotton mill at Newport News to have 35,000 spindles.—This is an addition to the company recently organized in Richmond to build a large mill at Newport News. Among other enterprises were a \$200,000 cotton mill in South Carolina, a cotton seed oil mill in Alabama, a large fertilizer plant in South Carolina and another in Kentucky, a \$100,000 lumber company and a \$20,000 water works in Mississippi, two lumber plants of \$20,000 and \$25,000 capital respectively in North Carolina and \$500 coke ovens in Virginia.

THE RACES.

Gravesend Race Track, Oct. 10.—The weather was perfect for racing purposes today, and this, coupled with a fairly interesting programme, attracted a larger crowd than usual to witness the sport.

The features for today's card were the races for the Billow stakes and the Bayshore stakes. The former event was captured by Handspring, who was second choice in the betting, he defeating Rey del Carreras, the odds-on favorite, by a neck after a furious drive. The race was one of the fastest ever run on the Gravesend track, the six furlongs being covered in 1:14 1/2.

The race for the Bayshore stakes was won in a romp by Peacekeeper, who defeated the favorite, Arapahoe, by a length and a half. The other events were well contested, and were about equally divided between favorites and outsiders.

It was announced here today that Sir Excess, who was purchased from J. W. Rogers yesterday by Mr. Croker for \$10,000, will be shipped to England in about ten days; it is also likely that Mr. Croker will take Rey del Carreras to England with him, but the deal has not yet been consummated with Mr. Baldwin.

First race, six furlongs—Runover, 100 (Reef), 7 to 5, won; Hamilton 11 second, Mr. Reef third. Time, 1:16 1/2. Second race, heavy handicap, one mile—Adelbert, 119 (Simms), 8 to 1, won; Captive second, Buckrene third. Time, 1:43 1/2.

Third race, six furlongs—Handspring, 105 (Perkins), 9 to 5, won; Rey del Carreras second, Rubion third. Time, 1:14 1/2. Fourth race, one mile—Peacekeeper, 105 (Hamilton), 7 to 1, won; Arapahoe second, Sir Francis third. Time, 1:42 1/2.

Fifth race, one mile and one furlong—Cash Day, 110 (Doggett), 3 to 5, won; Bombazette second, Beldemere third. Time, 1:59.

Sixth race, five furlongs—Bloom, 97 (Griffin), 1 to 2, won; Lavienta second, Medica third. Time, 1:03 1/2.

Results at Latonia.

Cincinnati, Oct. 10.—The sensation of today's races at Latonia was the defeat of Sherlock, recently purchased by Fleischmann & Son for \$8000. He was an odds on favorite, heavily backed, but was beaten by Sir Play. The time, 1:15 1/2, was fast for the track. Only one furlong, First Mate, was a winner in the six races. Jockey Chorn was indefinitely suspended by the judges for using foul language to the starter.

First race, seven furlongs—G. B. Cox, 109 (Thorp), 1 to 1, won; Wildfire second, Lakota third. Time, 1:30. Second race, one mile—Enthusiast, 105 (Chorn), 10 to 1, won; Ingomar second, Lindollette third. Time, 1:42.

Third race, one mile and one eighth—Simon W. II (Clayton), 7 to 2, won; Lehman second, Egbert third. Time, 1:55. Fourth race, the maiden stakes for 2-year-olds, five furlongs—First Mate, 108 (Clayton), 10 to 1, won; Kate Legend second, LaCassagne third. Time, 1:03.

Fifth race, six furlongs—Sir Play, 102 (Tuberville), 4 to 1, won; Sherlock second, Loki third. Time, 1:15 1/2. Sixth race, seven furlongs—Lismore, 109 (J. Gardner), 1 to 2, won; Greenich second, Balk Line third. Time, 1:29 1/2.

Lexington Results.

Lexington, Ky., Oct. 10.—The \$5000 Transylvania stake was a great race, as had been previously predicted, and from start to finish in each of the five heats it proved a contest delightfully interesting and created great enthusiasm. Last night's betting was a certain forecast that there would develop a great battle in the bidding for a long time was spirited. In the largest pool sold, \$1660, Alto brought \$350, Cephas \$250, Bouncer \$250, Baron Rogers \$160, Lady Kilton \$135, Piletta \$130, Lynne Bell \$125, Rensselaer \$85, Lady Robert \$85, Neother \$85, Daily Wilkes \$55 and Queechey \$25. The day was pleasant, the track fit, and in each race the heat winners earned new records. Lynne Bell proved mastery of the route for two heats, and Piletta contesting every inch of the route, as they did in the three succeeding heats. Billy Andrews had just landed safe inside the distance flag with Bouncer for two heats, and when to some it looked all over for Lynne Bell to win sure, as he led into the home stretch by a comfortable margin, but the regular, even stride of the greatest 4-year-old that has ever raced told. Bouncer came fast and a cry went up from the surging "Bouncer" wins. It was even up two strides from the wire, when Bither drew his whip, Bouncer passing under the wire a winner by half a length in 2:10 1/2. Valley Queen went short work of the 2:12 trot, while the top-heavy favorite, Island Queen, was acting badly and fighting the flag in two heats and beaten cleverly in another. Each of the three events was a great field of starters, but the scores were indulged in by the crowd. Openhilla won two heats very handily in the pace and tired out in the next, while the fresh horse, Heirloom, won in fast time, and the race went over unflinchingly. A strong probability is that three great pacers will meet again over the track on Friday, October 18. Summaries: First race, 2:21 trot, purse \$500—Alley Queen, b. m., by Sphinx-Mascotte (West),

The Corn Crop Not So Large.

Washington, Oct. 10.—The October returns to the statistician of the department of agriculture make the general condition of corn 95.8 against 95.4 for the month of September. In most southern states the condition has fallen since the last report. The averages of condition in the large and surplus corn growing states are as follows: Tennessee, 89; Kentucky, 99; Ohio, 87; Michigan, 89; Indiana, 92; Illinois, 89; Wisconsin, 87; Minnesota, 94; Iowa, 96; Missouri, 111; Kansas, 89; Nebraska, 50. The returns of yield per acre of wheat indicate a production of 12.5 bushels, be 6.10 bushels less than last October's preliminary estimate. The rate of yield of selected states is as follows: New York, 18.1; Pennsylvania, 15; Ohio, 12; Michigan, 12; Indiana, 19; Illinois, 11; Wisconsin, 15; Minnesota, 19; Iowa, 18; Missouri, 12; Kansas, 7.5; Nebraska, 12; South Dakota, 10.3; North Dakota, 19; Washington, 14; Oregon, 20; California, 10.

The indicated quality for the country is 85.7. The quality in some of the principal wheat states is: For New York, 96; Pennsylvania, 90; Kentucky, 87; Ohio, 85; Michigan, 91; Indiana, 84; Illinois, 76; Wisconsin, 90; Minnesota, 86; India, 95; Missouri, 89; Kansas, 69; Nebraska, 88; South Dakota, 85; North Dakota, 90; Washington, 92; Oregon, 92; California, 87.

The preliminary of the yield of oats is 23.6 bushels per acre; of rye, 14.4; of barley, 26.4. The condition of buckwheat is returned at 85.8; Irish potatoes, 87.4, and tobacco, 89.3.

The Good Government Crowd Won.

Nashville, Tenn., Oct. 10.—A majority of the "good government" ticket won at today's city election. The official count will not be known until tomorrow. The election did not pass off as quietly as usual, but the disturbances were of a minor character and were occasioned by dissension over the state laws presumably governing municipal elections. The sheriff of Davidson county attempted to hold the election, but the city officials did not permit it. Indications are that McCathy, an American Protective association candidate, beat Guild for mayor by a small

majority. The centennial appropriation proposition was carried overwhelmingly.

Her Friends Didn't Know It. Richmond, Va., Oct. 10.—A Charlottesville special to the Dispatch says: The report that Mrs. Amelia Rives-Chandler had been granted a divorce was a great surprise to the people of Charlottesville and Albemarle counties. Mrs. Chandler has instituted no proceedings for divorce in the courts of Albemarle county, and it is doubtful if a half dozen people in this section know a suit was pending anywhere. All that is known here about the reported divorce is that it appeared in the papers of today.
