

tion for truth and veracity was not good.

Cross-examined.—Knew that Clark has been around Washington Place for two or three years; could not say what his duties were.

Frank Hustace.—Knew Clark for many years; had discussed Clark's shortcomings and would not go much on him; his reputation was bad.

Cross-examined.—Clark resided at the ex-queen's place for two or three years; saw him there; he appeared to be doing something; just what his duties were the witness could not say.

Colonel J. H. Soper.—Knew Clark since 1884; had heard that his reputation for truth and veracity was bad; witness thought if he got in a bad scrape, he would lie out of it, if he could.

Samuel Nowlein.—Knew Clark for the last ten years; had heard others discuss his reputation for truth and veracity; it was bad.

Cross-examined.—Clark's position was an assistant to the witness; he volunteered his service; witness could not say if Clark was around Washington Place by the ex-queen's consent.

J. A. Mehrtens.—Knew Clark for fifteen years; his reputation was bad.

Mark P. Robinson.—From personal experience he could not say what Clark's reputation was; he had not heard the matter discussed at any time.

D. P. Kelly.—He knew Clark; his reputation was not good.

David Dayton.—Knew Clark since he was a boy; his reputation for truth and veracity was bad; witness thought that Clark would lie on the stand.

C. P. Iaukes said that he would not trust Clark with any important matter. He would not place much confidence in what he stated.

Cross-examined.—Connected with military under monarchy; think he was in employ of custom house before the overthrow; after overthrow resided with the ex-queen.

C. B. Dwight.—Lived in Honolulu fifteen years or more; know Charles Clark; know him since coming to Honolulu; he is same person employed in custom house; have discussed and heard others talk of the truth and veracity of Clark; of course, he is a loud talker; his reputation as to truthfulness is bad; would not believe his statement under oath.

Mr. Neumann asked that accused be sworn in her own behalf. (Through Interpreter Wilcox.) Sunday afternoon, January 6th, took a ride with Joe Heleluhi and Charles Clark; drove up Nuuanu street, along Judd street, down Liliha street and out to Kamehameha School; returned about 5 o'clock; after returning went into the house for family prayers; did not see Charles Clark when returned; heard what Clark testified to; saw him next day; sometime after daylight on Monday morning; did not see Clark after 10 o'clock next day; Clark did not say to witness at 7 o'clock Sunday evening, "Nowlein has told me the time had come, and you replied, 'you were glad of it;' he did not tell me about 9 o'clock that night that the Government had the place surrounded; did not say to Clark I was sorry the Government had got onto the movement; know Joseph Kaawai; he is one of my retainers and acts as guard during day; don't remember seeing or talking with him on Friday morning; have never talked with him; no such conversation as he swore to took place between us.

Cross-examined.—First learned that Government troops out on streets on Monday about 7 o'clock; my retainers were speaking of it; don't know if guards at my place watch at night; ever since I went to Washington Place to live there have been guards there watching part by day and night; think same conditions existed on Thursday and Sunday nights; don't know if guards were armed at any time either Thursday or Sunday night; (Judge-Advocate desired to ask accused as to knowledge of an armed force being on her premises on Thursday and Sunday nights. Objected to by Mr. Neumann on the ground that such was not proper cross-examination. He had only introduced matter concerning statements said to have been made by Clark to the accused, and the Judge-Advocate could not go beyond that point in using the accused as a witness against herself. Objection by Counsel Neumann sustained.) don't know who had charge of premises during absence of Nowlein; I did not have charge of premises; did not know Nowlein was absent Sunday night; think Charles Clark has charge when Nowlein is away; don't know if Clark had charge day or night Thursday or Sunday; don't know if he any violation if Clark had announced house was surrounded by Government forces; guards been there from time of overthrow; Provisional Government allowed me to have guard of sixteen men; when they were removed some of the men were kept there as retainers; when Government took guards away took arms with them; did not see Clark between sunset and 12 o'clock that Sunday morning on premises; don't know if he was on premises between those hours.

Mr. Neumann announced close of case on behalf of defense.

Judge-Advocate Kinney took the ground that after accused had taken stand no statement should be allowed to be put in.

Court ruled statement on behalf of accused could be filed either before or after argument of counsel for defense.

The Judge-Advocate stated he would put no evidence in rebuttal.

Counsel Neumann then stated that he wished to file a written statement in behalf of the accused, and presented two copies—one in Hawaiian and the other in English. The English translation was read by interpreter Luther Wilcox.

[The statement appears in full on the front page of this morning's issue.]

Court adjourned until 10 o'clock Friday morning, when the case will be argued.

HAWAIIANS WANT ANNEXATION.

Clubs To Be Formed to Work for That End.

A LETTER FROM MINISTER HATCH.

The Policy of the Government Is for a Closer Political Union With the United States—None But Hawaiians Will Be Allowed to Participate.

The idea of annexation is fast becoming fixed in the minds and hearts of the native Hawaiians. Not only are they giving assent to the project by words dropped here and there, but meetings are being held for the purpose of considering all matters relative thereto and of furthering, in so far as they are able, what they believe to be the right thing for Hawaii.

The man who stands out most prominent in the work of promoting the idea of annexation among the Hawaiians is John F. Colburn, a half-white who was born and brought up in this country. The idea occurred to him that if a society, having for its aim the idea of annexation, could be once formed among the native Hawaiians, its success would be assured. With this thought in mind he went to work and talked freely with a few whom he knew to be interested in the project. This led to a meeting which was held on the 5th inst. and at which quite a number were present.

It was the opinion of the meeting that the Government should be addressed in order that an idea of the mode of procedure for the future could be gained, and a good working foundation formed. For this purpose a committee of six was appointed to draw up a letter to the Government, asking for its views on the new movement. Following is a copy of the letter written by the committee:

His Excellency SANFORD B. DOLE, President Republic of Hawaii. YOUR EXCELLENCY:—The undersigned, a committee appointed at a meeting held this day to discuss the question of annexation of the islands to the United States of America, and empowered by said meeting to correspond with the Government and to propound thereto the following questions:

- 1. Will the Government allow the organization of a political club to be called the Hawaiian Annexation League having a constitution and by-laws not contrary to law?
2. Will the Government allow the formation of the clubs throughout these islands while martial law exists?
3. Will the Government state its status as to annexation?

We submit for your inspection the minutes of an informal meeting as well as a preamble submitted for our consideration and action.

We have the honor to be, Messrs. J. F. COLBURN, C. L. HOPKINS, ENOCH JOHNSON, J. H. KAHOOKANO, J. M. POEPOE, Committee.

Last night another meeting was held at Antone Rosa's office with J. F. Colburn as chairman. There were nine persons present. The main object of the meeting was the reading of the letter sent to the Government and the reply thereto which is given below:

DEPARTMENT OF FOREIGN AFFAIRS, HONOLULU, Feb. 6, 1895. MESSRS. J. F. COLBURN, C. L. HOPKINS, ENOCH JOHNSON, J. H. KAHOOKANO, J. M. POEPOE, Committee:

SIR:—The Executive Council is in receipt of your communication of the 5th inst., relative to the formation of political clubs while martial law exists; and also copy of minutes of a meeting held by you on February 6, 1895.

No objection will be made by the Government to the formation of political clubs, other than secret organizations, on the island of Oahu, while martial law is in force, or elsewhere throughout the islands at any time. Such clubs, however, must be public in character, and all meetings open to such as choose to attend.

While martial law is in force on the island of Oahu, notice of the intended time and place of each meeting must be given to the Marshal, who has authority to forbid the same.

The policy of the Executive in regard to political union with the United States is to carry out the power conferred by Article 32 of the Constitution at the earliest opportunity.

Respectfully yours, (Signed.) FRANCIS M. HATCH, Minister of Foreign Affairs.

The report of the committee, which consisted in the reading of the two letters already given, was adopted by the meeting, after which Mr. Colburn made a few remarks:

"This meeting has been called together for the purpose of presenting to you the letters already read and approved by you. I have instructed the Marshal of this meeting, as was requested in the answer of the Government, and have gained

from him the permission to hold such here tonight.

"There is one thought that I wish to lay before you tonight which seems to me to be paramount in the existence of this organization as distinctly Hawaiian. We must allow none but native Hawaiians and those of other nationalities who have married native wives to belong to our league. While we entertain the kindest of feelings toward others, and want them to come to our meetings whenever they wish, still it seems to me we must make a discrimination if this league is to be distinctly Hawaiian."

A motion to adjourn was carried, and those present were asked to speak to their friends and ask them to be present at a meeting which is to be held Monday evening at 7:30 in Arion hall.

TO COMMENCE WORK AT ONCE.

The Contract for Building Y. M. C. A. Gymnasium Awarded.

Lucas Brothers Were the Lowest Bidders—Martial Law Interferes With the Work of the Association.

At the monthly meeting of the Y. M. C. A., held last night, the bids for constructing the addition to the building were opened. They were as follows: Lucas Brothers, \$14,099; William Wagner, \$16,400; Arthur Harrison, \$16,433; Dall & Co., \$16,568.

The contract was awarded to Lucas Brothers, who will be ordered to commence work as soon as possible.

Treasurer Jones read the report for January. The receipts were \$566.76; expenditures, \$550.49.

The following report was read by Secretary Corbett:

Commencing with the New Year the usual open house and evening entertainment was held for the young men of the city. Through the aid of the ladies of the W. C. T. U. and Y. S. a dinner was served to the young men, at which about 200 partook. We are glad to be able to report that a larger number of sailors participated this year than formerly. The evening concert was a decided success, the audience room being filled to its utmost capacity. The religious work has been smaller during the past month than any former one for a long time, this on account of the revolution. Until martial law is off the meetings are likely to be smaller. The work at the jail has been prohibited for the present by orders of the Marshal.

The plans for the addition to our work in shape of class rooms and gymnasium have been completed by our friends, Messrs. Ripley and Reynolds, and we trust to be able to commence the work at an early date. The quarterly issue of the Review has been retarded through waiting for the gymnasium scheme to materialize and also through the tardiness of the printing office. It is now out, however.

The temperance committee have been unable to meet; we must all have noticed the beneficial effect the martial law has had on the line of temperance. In view that the Legislature will soon convene it would seem a wise time to try and see what can be done in the temperance issue. The finances of the association are in a healthy condition, and a likelihood of the fiscal year being closed free of debt as far as current expenses are concerned. It is computed that the sum of about \$3,000 will be needed to complete the gymnasium fund. Every friend of the association is asked to try and cooperate in this movement, both by personal subscription and the effort to secure other subscribers, so that the work may go forward.

W. W. Hall, for the devotional committee, reported that nine meetings had been held during the month.

Mr. Lowrey, for the temperance committee, reported that Rev. H. W. Peck was preparing a paper that would probably be submitted to the next Legislature. Mr. Peck favors the plan adopted by the State of South Carolina.

G. P. Castle stated that a number of applications for positions had been received. His committee found positions for three men during January.

Mr. Corbett stated that a magic lantern had been secured, and that an entertainment would be given during next week.
