DEAR SIR:—The Secretary Disc Plow I purchased from you is giving us satisfaction. We are using it to plow under a crop of lupins. They are three feet high and very thick. Your plow turns them completely under, at the same time plowing the land fourteen inches deep.

I feel satisfied that with this plow the draft for the same quantity and depth of work is as 6 to 8. That is, with the old plow, to do the same work, it takes 8 good mules; with your plow it takes only 6, and they are less tired at night.

Please send me another plow by first schooner leaving for this.

You are at liberty to use this in any way you may see fit.

Yours truly,
A. LIDGATE.

Before and After Spectacles Down in the Philippines.

A LITERARY GENERAL'S PLANS

Gave the Americans a Finished "Roast"—Probably He Wonders How It Happened.

On April 23d the Governor General of the Philippines issued a proclamation, prophesying disaster to the Americans and victory to Spain in the struggle. The extraordinary document, abounding in fustian, characterizes the sending of the American fleets against the Spanish forces as "vain designs, ridiculous boasts." The proclamation in full is as follows:

"Spaniards.—
"Between Spain and the United States of North America hostilities have broken out.
"The moment has arrived to prove to the world that we possess the spirit to conquer those who, pretending to be loyal friends, take advantage of our misfortunes and abuse our hospitality, using means which civilized nations count unworthy and disreputable.
"The North American people, constituted of all the social excrescences, have exhausted our patience and provoked war with their perfidious machinations, with their acts of treachery, with their outrages against the laws of nations and international conventions.
"The struggle will be short and decisive. The God of Victories will give us one as brilliant and complete as the righteousness and justice of our cause demand. Spain, which counts upon the sympathies of all the nations, will emerge triumphantly from this new test, humiliating and blasting the adventurers from those States that, without cohesion and without a history, offer to humanity only infamous traditions and the ungrateful spectacle of Chambers in which appear united insolence and defamation, cowardice and cynicism.
"A squadron manned by foreigners, possessing neither instruction nor discipline, is preparing to come to this archipelago with the ruffianly intention of robbing us of all that means life, honor, and liberty. Pretending to be inspired by a courage of which they are incapable, the North American seamen undertake as an enterprise capable of realization the substitution of Protestantism for the Catholic religion you profess, to treat you as tribes refractory to civilization, to take possession of your riches as if they were unacquainted with the rights of property, and to kidnap those persons whom they consider useful to man their ships or to be exploited in agricultural or industrial labor.
"Vain designs! Ridiculous boasts! Your indomitable bravery will suffice to frustrate the attempt to carry them into realization. You will not allow the faith you profess to be made a mock of impious hands to be placed on the temple of the true God, the images you adore to be thrown down by unbelief. The aggressors shall not profane the tombs of your fathers, they shall not gratify their lustful passions at the cost of your wives and daughters' honor, or appropriate the property that your industry has accumulated as a provision for your old age. No, they shall not perpetrate any of the crimes inspired by their wickedness and covetousness, because your valor and patriotism will suffice to punish and abase the people that, claiming to be civilized and cultivated, have exterminated the natives of North America instead of bringing to them the life of civilization and of progress.
"Philippines, prepare for the struggle and, united under the glorious Spanish flag, which is ever covered with laurels, let us fight with the conviction that victory will crown our efforts and to the calls of our enemies let us oppose with the decision of the Christian and the patriot the cry of "Viva Espana."
"Manila, 23d April, 1898.
"Your General,
"BASILIO AUGUSTIN DAVILA."

Another proclamation of the same date declares that any one offering assistance directly or indirectly to the enemy shall be summarily tried by Court Martial as a traitor and be punished with death, and that those who propose the submission of any place besieged by the enemy or spread reports calculated to discourage the defenders shall also be dealt with as traitors and punished with death or penal servitude for life.

A third proclamation declares martial law and requires all able bodied Spaniards to enroll themselves for military service.

The Pali Accident.

Additional facts in regard to the accident met with by Alex. Swanson at the Pali, have been learned. Swanson is now out of danger. There are no internal injuries and he will be out of the hospital in about a week.

While Swanson was lying unconscious at the bottom of the declivity down which he had plunged, some one stole \$9 in silver out of his pockets. There are suspicions cast on a certain person.

IN MEMORIAM.

(Mrs. Evelyn Townsend Wilson).
Died March 21, 1898.

Sweet-faced lady hast thou gone?
Gone beyond this vale of tears?
Quickly thou hast glory won
Ended are thy earthly fears.

Silenced now, thy pleasant tones
Missed, thy charming happy ways.
Loved wert thou in many homes
Loyal, faithful, true always.

Thou like Ruth art told of old
Cheered Naomi's shadowed life
And 'mid trials manifold
Proved the constant, loving wife.

Ah! farewell! earth closes o'er thee
Friend of past bright, happy days,
We who knew thee always loved thee
And we name thee, now, with praise.
