

THERE IS SOME

Satisfaction in finding something better than the last of the kind you had for less money. Money talks very loudly today—it is doing all the talking. When you are prepared to make your investment we would like to have you see a suit with this in it.

Such a suit will appeal to you, especially if you have heretofore worn to-order clothes.

We are now showing the Stein-Bloch suits and over-coats, and ask you to inspect them whether you buy or not.

WEDDING BELLS.

A Happy Pair United Yesterday at Kamehameha.

The wedding of W. W. Bristol to Miss Olive Lamb took place at noon yesterday. The ceremony was performed in the Memorial chapel, Rev. C. M. Hyde officiating, assisted by Rev. Silas P. Perry.

The bride looked very charming in her bridal gown, which enhanced her own natural beauty. Mr. Bristol, attired in conventional black, looked proud and happy as he led his bride to the altar. Following the bride came the little pages Cyril Damon and Ruth Richards. In a moment the simple service was over and the happy pair were man and wife.

The chapel had been beautifully decorated by the girls of the school. Long wreaths of maile were twined gracefully around the altar, and banks of flowers were placed about, together with many potted plants.

Mr. Bristol, who is the registrar of the Kamehameha schools, has been in Honolulu for a few months. He is a graduate of the University of California, where he held many prominent positions. He is a thorough business man also, and since coming here has made many friends. Miss Lamb, the bride, is one of San Francisco's fair daughters, being well known in that city.

The newly married pair left for Manoa valley immediately after the ceremony. They will spend their honeymoon there.

Chicago Dental Parlor.

Dr. W. A. McQuitty, late of Chicago, has opened up offices in the new Model block, under the name of the "Chicago Dental Parlor." Dr. McQuitty has had a number of years' experience in the dental line in the East.

After graduating from the University of California he took up offices in San Francisco, and continued his practice in that city for ten years, meeting with great success, but wishing for a larger field in his line, he removed to Chicago, that being his headquarters previous to his arrival here. The doctor is very comfortably situated in the Model block and any person getting crown or bridge work, plates, gold fillings or extractions can rest assured of getting first class work at reasonable prices.

The Gazette (semi-weekly) will be issued this morning in time for the outgoing island and foreign mails.

Admission, 25 cents. Children half price.

SUPPOSE!

Suppose the CLEVELAND people made a poorer Bicycle in '99 than in '98 and so on until in '99 than in '98, do you think the CLEVELAND would be considered the most reliable and honest wheel on the market today? No Sir! When prices are cut in two, the quality must be cut in the same ratio. Remember this when you buy a wheel. Don't make a mistake.

Platinotype Photographs.

Mr. L. HART, F. R. M. S., lecturer of the Ballarat School of Mines, and at the Working Men's College, Melbourne, writes as follows:

"The Platinotype process is decidedly the most perfect process of photographic printing, as the metal is not affected by any sulphurous fumes or compounds such as are found in the atmosphere, whereas other processes are easily attacked by them.

"The impression is indeed unalterable and were it possible to hold a platinotype print in the hand for several hundreds of years the paper would crumble and rot away, but the photographic platinotype image would remain intact.

"L. HART."

If you wish your pictures printed in platinum, see that you do not get imitations.
