twenty five and in other provincial capitals from ten to officers. The state tungs they budget for the support of the elergy and other ridigious last unions in Spain agent

on June 14. When the king permitted now Catholic elemencs to display their insignin. The Catholics declared that this was in abrogation of the concordat of 1851, which guaranteed the support of the church by the state, the protestion of Episcopul rights, and viroumscription of the discusses with a right, on the part of the monarch, to appoint certain church officials.

Senar Canalogies has been underwaring to curtail religious houses and restrict the amount of money given to the church. The religious institutions were exempt from taxation and military service. Many unnutherized institutions sprang up which competed with the farmers and artisans.

During the conflict riots, great and small, have taken place, and then

has been loss of life in many places. The open break between the Vatican and the Spanish government came in July, when the Marques de Ojeda, the Spanish ambassador to the papal court, was recalled for a conference with the premier. The Vatican in its communicafion to Spain at that time said that from this net it was plain that the premier meant to fight and that there would be a fight. Shortly afterward the papal

The V. M. C. X. officials are riding for a full. If they do not as yet realize what a contemptible light there have placed themselves in in the eyes of this enumeratily, it is time comething stronger than more appeals to their common sense should be made. It miss be true that the one disperses wher applied for
