Japs on Public Works

(Continued from 1st page)

public improvements at every opportunity.

Keep up the fight, Mr Editor. The cause is a good one. You already have the cheap labor forces on the run, now keep them going. Let Hawaii be a country for citizens of the United States. In such a policy lies our only hope for future prosperity, and the comfort and happiness of those to come after us. In this fight you have behind you all truly patriotic citizens, the men who wish to see Hawaii prosperous and better. Behind you also is the small army of honest workmen now out of employment, and who would gladly accept the work being constantly given out to Japanese. I am thoroughly in sympathy with the movement. I am for the citizen, for our own people; let the Japanese go to the cane fields where their services are needed and they belong.

I thank you in advance for space for this letter.

By publishing same you will forever oblige, yours,

EDW. H. F. WOLTER.
