A Buggy Ride. Is it a Pleasure?

That depends largely upon the vehicle in which the ride is taken. If the vehicle is old, if it rattles and jars, and if the draft is heavy, much of the pleasure is lost. But if it has the ball bearing axles, rubber tires, patent springs and other improvements of the HIGH GRADE, UP-TO-DATE vehicle, then it is a pleasure indeed.

We are showing a new line of High Grade Bike and Pneumatic Buggies, Runabouts, Traps, Phaetons, Surreys, Speeding Carts, Brakes, etc. Also a full line of Harness, Whips, Robes, Lamps, Rugs, Shades, etc.

Rubber Tires

We have added to our equipment a complete RUBBER TIRE outfit and are now prepared to put on all sizes of Rubber Tires. New Channels and Rubbers put on, or old Channels re-rubbered. We use the "KELLY-SPRINGFIELD" TIRE (two wire), the best and most satisfactory tire made.

PAPERS FOUND WHEN RICART WAS ARRESTED.

WAR DEPARTMENT MAKES PUBLIC SOME OF THE CAPTURED LETTERS.

Among Them an Unsigned One in
Regard to a Proposed Attack
On Manila During Last
January.

WASHINGTON, Aug. 25.—The war department has made public letters found among the papers of General Ricart, recently arrested by the police near Manila. Among them is an unsigned letter in regard to an attack on Manila in January, 1900. It states that the reason for not carrying out the proposed attack was because of the small number of resolute persons stationed at the gates, and because General Otis had gone aboard a ship in Manila bay. Another attack was planned but not carried out because the "enemy" made a careful search of the city as a result of disturbances the previous day. The letter advises another attack and outlines the following plan: "To recruit in your command of South Luzon 3,000 men of daring and steadiness. These will enter the walled city armed with knives. The entrance of this number of men will be effected during a period of about three weeks; it will be very easy to do it, and I shall undertake to place them in safe places while the rest are arriving, and as soon as they all get in I shall give the necessary instructions to direct and arrange for co-operation in the blow on the said point, the walled city."

After making suggestions as to the raising of funds the letter continues: "At the same time, with all the honor and respect, I inform you, General, that it is my strong belief that to receive a favorable termination of this present campaign, in which we suffer defeat continually, not that any one is of much importance, but they diminish the desire of we Filipinos to pursue with the necessary ardor the longed for liberty and independence of our dear country; there is no other way of attaining this than by carrying out the blow in the city of Manila, since that piece of land surrounded by high and massive walls once taken, we shall be able to dominate its suburbs, and as the foreigners live in them we shall be forced to have direct relations with them. Yes, General, I agree with persons of greater ability than I that the burning of a few foreign commercial establishments will be sufficient to give a new color to the present critical conditions in the Philippines, but permit me, General, to state my case briefly. How would the foreigners and the Americans come to an agreement in regard to the damage and prejudice such a conflagration would cause the first? How would we find out their agreement? If the property of the foreigners is burned and nothing more is done, we shall not obtain their valuable aid; we shall never get it, but if in addition we succeed in obtaining possession of the walled city, then with our heads nobly erect we can demand what we want of them and the enemy, because the first will have to submit to our authority as soon as we can dominate the place where they are."

"I state all this, General, for your information, so that if you approve of it I can proceed to make the necessary preparations and arrange fairly definite the movements to take place in the various places, and the proper signals. I hope, General, that you will approve this plan, which is one of the proofs of the ardent patriotism of this, your humble subordinate."

The following, apparently addressed to General Ricart, as chief of the operations about Manila, and signed by Mariana Trias, lieutenant general, follows the above:

"In answer to communication, in which you inform me of your desire to place yourself at the head (in command) of the forces that are to attack, if we operate against Manila, I must make known to you the great satisfaction that such a desire produces in me, for just that was the only detail wanting to complete the work of our revolution, and place in an awkward position the so much boasted good policy of the enemy, who as an ultimate result would be the one to pay the fiddler. If your intention is carried out in a satisfactory manner then there would be appropriate words to extol such a termination, which, though it will not end the war, nevertheless enough will have been done for the triumph of our cause, and on the part of this government you may be assured that no means will be begrudged to give you as much help and support as you may need to carry out a happy termination of the enterprise."

Another letter, dated June 17, 1900, to Ricart and signed Mariana Barroga, fixes the 28th of June as the date for the attack. Julian Montalen on June 4th informs the general of division that "several juntas will be ready when called out."

Another document, dated March 4, 1900, directs a regiment to shed the last drop of blood if necessary to carry out the program, and threatens death under the military code to those who do not assemble at their appointed places.

GERMAN SUBJECTS COMPLAIN

Assert They Have Been Cruelly Treated in Transvaal.

BERLIN, Aug. 27.—A deputation of German subjects residing in the Transvaal arrived here today to lodge a complaint with the German foreign office regarding alleged cruel treatment at Johannesburg. They said that 400 German subjects, of both sexes, were arrested there and sent to a seaport, from which point they were shipped to Slushing, where the British landed them penniless. They were arrested, according to the deputation, in shops and taverns, and even in their beds, and were hurried away barefooted and only half clad, losing everything they had. They are now urging the foreign office to demand damages for their cruel treatment and the loss of property. The Berliner Telegraph, commenting upon Lord Roberts' latest measures, especially his most recent proclamation, says "his course appears to have been dictated to him by England."

Head Laborers Paid.

The road department paid off its force of men yesterday. About 250 men were paid the clerks at times being kept quite busy. The money required to pay all these men amounted to \$9,000.

Fred W. Beckley, better known as Kahapula, the late census agent for Maui and Molokai, has consented to try for the legislature before the convention. D. H. Kahalelo is also in the field.

A meeting of the district committee for election of delegates to the territorial convention will be held on Friday, the 7th, at 3 o'clock p. m., as follows: Fourth district at drill shed; Fifth district at chamber of commerce.

Change in Plans.

SAN FRANCISCO, Aug. 24.—Owing to the recent change in the aspect of the Chinese situation, siege battery O of the Seventh artillery, now at the Presidio, will not sail for China on the Belgian King, as originally intended. It will probably be assigned to Honolulu or Fort Mason.

The balance of light battery C, Seventh artillery, commanded by Captain W. P. Stone and Lieutenant Berry and Newbold, has arrived from Fort Adams and encamped at the Presidio.

Twenty-one patients were sent yesterday from the general military hospitals to Eastern points for further treatment. The consumptives go to Fort Bayard, N. M., and rheumatics to Hot Springs, Ark., where every effort is to be made to restore the sufferers to perfect health.

LIVED A YEAR.

But the Operation Did Not Save His Life.

FRESNO, Aug. 24.—Louis Palumbo, a native of Italy, aged 56 years, died last night from cancer of the stomach. His was a notable case by reason of having had a portion of his stomach removed in the French hospital in San Francisco to cure him of the cancer. The case was considered a surgical triumph.

For nearly a year after the operation he was able to labor and digested his meals as if the stomach was whole. Surgeons, however, do not consider the operation on the stomach a cure for cancer.

TO FIGHT TRUST ON PAPER.

Newspaper Owners Plan to Start an Independent Mill.

PHILADELPHIA, Aug. 27.—It is understood that Thomas B. Wanamaker, proprietor of a Philadelphia newspaper, is organizing one of the largest industrial enterprises ever contemplated by an individual, growing out of his newspaper undertaking and the cornering of the paper market by the International Paper Company.

Mr. Wanamaker has become convinced of the necessity of going into the manufacture of white paper. He has interested several of the largest New York newspapers in his plans and also two of the leading magazines, and contemplates the construction of a plant that will produce 300 tons of magazine and newspaper paper per day. Options on large timber tracts and government concessions in Canada have been secured through third parties. The capital invested in the new enterprise will be in the neighborhood of \$2,500,000.
