LOCAL NEWS.

Blue ribbon entertainment to-night.

Col. Norris is going to the Coast again on the Amelia.

His Majesty will visit the training ship Kaimioa at 10:30 this morning.

The Royal Hawaiian Agricultural Society's show opens at 10 o'clock this morning.

The nuisance of unbroken processions of road carts through the streets still continues.

Miss Amy Sherwin did not sing yesterday, on account of the brief stay of the steamer.

It is been decided to repair the ship Hartford, now lying at the Mare Island navy yard.

Mr. J. H. Reist, Third Clerk of the Supreme Court, has been confined to the house with fever for several days.

The postponed regular meeting of Honolulu Typographical Union No. 37 will be held this evening at 7:30 o'clock.

Mr. Brewster, purser of the Mariposa, has our hearty thanks for the latest exhibition of his invariable courtesy in supplying news favors.

Captain Hughes, formerly of the S. S. Wilmington, is now in command of one of the Pacific Mail steamships running between San Francisco and Panama.

A luau is to be held in the Palace grounds to-day, by the Second Division of the Liliuokalani Educational Society, at which music will be furnished by the St. Louis College band.

Mr. E. C. Macfarlane left San Francisco April 27th for New York, where he would meet his brother, Hon. George W. Macfarlane, on his return from England, and come home with him.

A consignment of satirical pamphlets, in verse and illustrated, which arrived by the Mariposa, is detained in the Custom House to await the decision of the Government as to whether the brochure is admissible into the Kingdom.

To-day the Board of Health will treat the Sisters of Mercy at the Branch Leper Hospital, together with the children of lepers in the Kapiolani Home, to a drive up the Nuuanu Valley as far as the Halfway House.

Conveyance has been engaged from the Pantheon Stable. The party will enjoy themselves by a stroll in the valley and a picnic.

By the Mariposa arrived from East Portland, Oregon, Miss Annie Curl, who was the affianced of the late Wm. A. Dildine. She came, in the expectation of finding him alive, to take care of him in what proved to be his fatal illness.

The sad fact of her intended husband's death was a severe blow to her. Miss Curl was driven by Mr. Shaw to the cemetery, where she decked the grave of the lamented young man with flowers.

She has requested that her thanks and those of the late Mr. Dildine's parents be conveyed to the kind friends who so tenderly cared for the dying stranger.

Queen Kapiolani and party received a very cordial reception in Washington, and at last accounts were being shown round with the utmost hospitality.

Hon. H. A. P. Carter, Hawaiian Minister, gave a dinner in Her Majesty's honor. A special review of troops, under command of Gen. Gibson, was held in honor of the royal party.

There is a great deal of talk about Mr. Lamar, Secretary of the Interior, abstaining from festivities in honor of the Hawaiian Queen on account of her color.

He is freely charged with feigning neuralgia as an excuse for his discourtesy. Boston's tender of hospitalities had been accepted.

The Exhibition.

At the show of the Royal Hawaiian Agricultural Society, opening at 10 o'clock, there will be some rare plants and ferns exhibited.

Orchids in bloom are to form part of the display. Mr. Jaeger will have a great variety of growing palms, which at the close of the show will be offered at auction.

The proceeds to be for the benefit of the Society. The Royal Hawaiian Band will play at the grounds during the whole day, and there is no doubt that all who attend will find much enjoyment in the occasion.

The caucus in the newly-elected Liberal Council of Birmingham passed a resolution against coercion in Ireland by a vote of 95 to 61, notwithstanding that the Unionist section urged the Council in the sacred name of John Bright, not to pass what was practically a vote of censure on their honored representative.

SUPREME COURT.

AT CHAMBERS.

In the matter of the bankruptcy of Marx Rosenthal, before Judge Preston, May 13th. Messrs. W. O. Smith and W. R. Castle for the petitioners, Cerf, Schloss & Co.; Mr. W. A. Whiting for respondent. Mr. Whiting files a demurrer to the petition and asks for a day to be set for hearing argument. Messrs. Smith and Castle prefer to have the demurrer disposed of now. The Court discovers that the Judge before whom the application was made had not fixed a time for hearing, and that the issuing of the process was without warrant of any Court. Mr. Castle moved that such an order be now made nunc pro tunc. Whereupon the Court did make the following order: Upon hearing the petition of Cerf, Schloss & Co. filed on the 5th inst. and order directed to the Marshal, and it appearing at the coming in of the same before me that the Justice (now absent from the Kingdom) before whom the petition was presented had not fixed a time for hearing, I order that Monday next at 1 p. m. be fixed as the time for the hearing. Mr. Whiting in open Court waived service of notice of said order. By consent of the parties Mr. Whiting withdrew the demurrer, to be superseded by a motion to dismiss the application herein.

Shipping Notes.

Oceanic S. S. Mariposa, Captain H. M. Hayward, left San Francisco May 6th at 4:41 p. m.; first four days experienced fine weather with light variable winds but very heavy beam sea; since then light wind, smooth sea and rain squalls; arrived at Honolulu May 13th at 5:35 a. m., time 6 days 12 hours 54 minutes. The Mariposa brought a large quantity of freight for Honolulu and had 10,517 packages in transit. She had 26 cabin and 36 steerage passengers for this port; 2 cabin and 8 steerage for Auckland, and 20 cabin and 19 steerage for Sydney. Of her Honolulu steerage passengers, 27 were Chinese transferred from the S. S. Oceanic at San Francisco, and the Mariposa lay in the stream on arrival, flying the yellow flag, until these were landed in quarantine. The steamer proceeded on her voyage for the Colonies at 2 o'clock, p. m.

Steamer Iwaloa brought 6,239 bags sugar, 122 bags taro and 37 packages sundries; steamer Surprise, 3,788 bags sugar; schooner Kanikaouli, 2,200 bags sugar; schooner Luka, 2,050 bags sugar.

Barkentine Amelia did not get away yesterday, and it is doubtful if she will be loaded in time to sail to-day.

Schooner Anna, Williams master, sailed from Kahului May 11th for San Francisco, with 1,200 bags Waiuku plantation, 426 bags Waiehe plantation, and 3,615 bags H. C. & S. Co. sugar; weight 741,680 pounds.

German bark Pacific arrived at Hamburg April 27th from Honolulu.

Barks Planter hence 15 days, Ferris S. Thompson from Kahului 21 days, Saranac hence 16 days, brig Claus Spreckels hence 18 days, all arrived in San Francisco prior to May 4th.

British bark Scottish Lassie is 90 days out from Liverpool for San Francisco via Honolulu.

German bark Peter Godeffroy sailed from Liverpool May 3rd for Honolulu.

The Water Works.

Mr. Chas. B. Wilson, Superintendent of the Honolulu Water Works, has a gang of men laying an eight-inch main on Fort street, from the twelve-inch main on School street to Beretania street. Ground was broken on this work Monday morning, the pipe-laying began Thursday morning and 900 feet of pipe was laid by noon yesterday, including the leading and caulking of the joints. The old three-inch pipe which the new line replaces is found to be very much corroded, as may be naturally supposed after a burial of nearly twenty years. Six of the new hydrants from Troy, N. Y., are to be placed on the line mentioned, including those at the corners of School and Beretania streets. On the former line there were but three of the old-fashioned, sunken hydrants. Three fires have occurred in this section of Fort street within Mr. Wilson's recollection of about a score of years, and the pressure has scarcely been sufficient for a garden hose. Water will be admitted in the new pipe on Tuesday next, after which the locality will be well supplied for both domestic and fire purposes. Next week the laying of a new main on Beretania street, connecting with the one above described, will begin.

G. A. R.

In ten hours the citizens of St. Louis, Missouri, raised \$75,000 by subscription, and promised to make it \$100,000 during the week, for the National Encampment, G. A. R., which meets there in September. In December last the roll of the Grand Army of the Republic numbered nearly 400,000 names. An interesting document of the organization, relating to Memorial Day, will be published in this paper within a few days.

Human Remains Unearthed.

The workmen laying the water main on Fort street yesterday unearthed a full-grown human skeleton, buried at a depth of about three feet and imbedded in coral rock about a foot deep. Some relic hunter carried away the skull. The appearance of the lower jaw suggested the fact of several of the teeth having been knocked out in early adult life, for the bone was grown over a space where the teeth should have been. It was further conjectured, from the delicate proportions of the bones, that the subject had been a woman. Possibly the skeleton is something like a century old.

A letter from San Francisco to the editor of this paper says: "Mr. Sydney Dickinson, M. A., of Boston, visits Honolulu by this steamer to deliver a course of lectures on art and the old masters. His stereoscopic views are very handsome. He is a gentleman and a scholar, and his lectures are very interesting. Mrs. D., who accompanies him, is a bright, lovely lady."

A stone tablet, inscribed "The Friend 1887," has been inserted in the front of the building occupied by the Press Publishing Company, the Friend and Herald offices.
