## BIBLE READING PROGRAM

Residents of Window Rock and Fort Defiance today were urged by Rev. Donald G. Fredericks, minister of the Navajo Bible Church, to join tens of millions of people on every continent in observing the twentieth anniversary of Worldwide Bible Reading.

This program, sponsored by the American Bible Society, is a spiritual bond among the peoples of the world who each day between Thanksgiving Day and Christmas read the same, pre-selected portion of the Bible.

Frequently described as the "world's largest Bible reading class," the program offers a bookmark which lists a selection from the Bible for each day between the two holidays. These bookmarks are available without charge at the Navajo Bible Church.

A distinguished board of laymen, among them the three living former Presidents of the United States, Herbert Hoover, Harry S. Truman and Dwight D. Eisenhower, sponsors the annual program.

The program was born during World War II when a lonely Marine on Guadalcanal wrote his family in Philadelphia to suggest that close spiritual ties could be maintained by agreeing upon selected Bible passages in advance and having each family member read them on the assigned day. The society was asked by the mother to provide a list and did so. The next year, society officials decided to suggest the practice to others with relatives in the armed forces and the program subsequently grew into worldwide dimensions in peace time.

This year, according to Rev. Mr. Fredericks, the program will be observed by millions of people in 40 countries and in dozens of languages.

This year's theme is "The Word of Truth". The program will start with the reading of the 100th Psalm on Thanksgiving Day and is climaxed by the reading of the Christmas Story from the Gospel of Luke on Christmas Eve.
