THE RETIREMENT OF LARRABEE. [Spirit Lake Beacon.]
Governor Larrabee, chairman of the state board of control, makes public his intention to retire from the board at the close of his first term, May 1. This is unfortunate for the state. The governor was moved wholly by a sense of obligation to the state when he accepted the appointment. It is to be regreted that he is to retire from the board. He took up the work with grave apprehensions as to the wisdom of the law, but actual operation has convinced him of its heloful character.
