The American's Friend

HOLLOWAY'S PILLS.

Sin: It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years I suffered from a derangement of the liver and stomach and was reduced to such an extremity that I gave up my ship, never expecting to go to see any more as I had tried every remedy that was recommended to me, but all to no purpose; and had given myself up to despair, when I was at last recommended to take your pills. After using them for three months, the result is that I am now in better health than I have been for eleven years past and indeed as well as ever I was in my life. You are quite at liberty to make this known for the benefit of others. I remain, sir, yours respectfully

These Celebrated Pills are Wonderfully Efficacious in the following complaints:

Ague, asthma, billious complaints, blotches on the skin, bowel complaints, constipation of the bowels, debility, dropsy, crysipelas, female irregularities, fevers of all kinds, gout, head-ache, indigestion, jaundice, liver complaints, piles, retention of urine, scrofula or kings evil, stone and gravel, eccondary symptoms, venerial affections, worms of all kinds, weakness, from whatever cause.

Sold at the establishment of Prof. Holloway, 38, corner of Ann and Naesau streets, New York; also by all respectable druggists and dealers in medicines throughout the United States, at 37½ cents, 87 cents and \$1 50 cents each. To the Citizens of the United States:

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my pills. I take this opportunity of stating that my ancesters were all Americans, and that I entertain for all that concerns American and the Americans, the most lively symapathics, so much so that I originally compounded these pills expressly to suit your climate, habits, constitutions, and manner of tiving, intending to establish myself among you, which I have now done, by taking premises in New York.

PURIFICATION OF THE BLOOD,

Liver and Billious Complaints. Liver and Billious Complaints.

The citizens of the Union suffer much from disorders of the liver and stomach; scarcely any are free from the influence of these destructive maladies, hence life wears fast. The fair sex, perhaps the most handsome in the world, up to a certain period when, distressing to say, many loose their teeth and good looks, while in the beyday of life, such sad evil; may be effectually remedied by continually keeping the blood pure, and the liver and stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenial clime, where an eternal spring appears to reign. As it regards the preservation of the human frame, and the duration of life, much may be effected, and I say fearlessly, that health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the directions which accompany each box.

A case of Weakness and Debility of ten years' standing, cured by Holloway's Pills. Copy of a letter from Capt. John Johnson, Aster House, New York, dated Jan. 5, 1854.

Sir: It is not my wish to become notorious, neither is this letter written for the mere sake of writing but to say, that your ointment cured me one of the most dreadful cutaneous diseases that flash is heir to, and which was considered by all who knew me, to be entisely beyond the reach of medicine. For nine years I was afflicted with one of the most painful and troublesome fore legs that ever fell to the lot of man; and after trying every medicine that I had ever heard of I resigned in despair all hope of being cured; but a friend brought me a couple of large pots of your Ointment, which caused the sore on my legs io heal, and I entirely regained my health to my agreeable surprise and delight, and to the astonishment of my friends.

U. Questioned Right.

Having Eminated our legal contriversy with Elias Howe, Le and procured his full license to use his invention, there is not the slighest claim that our machines infring days other patent.

The right to the machines which we have sold, and shall hereafter fell, is unquestionable.

We own ten distinct patents on Sewing Machines, covering all the nice points of the invention, and all the machines of other manufacturers infringe one ou diore of them. Our patent securing the spring whereby the cloth &c., is he d to the feeding apparatus by a yielding pressure, is intringed by all the machines now offered in the market. Those who buy the inferior and piratical machines, are hereby distinctly apprised that we shall compel them to pay us for the privilege of using them. Our legal rights will henceforth be rigidly enforced.

THE IMMENSE SUPERIORITY.

THE IMMENSE SUPERIORITY. of Singer's Sewing Machines has been completely established. They are of universal application—the same machine doing all kinds of work, and doing it perfectly. They are not only superior in contrivance; but unequaled in mechanical finish. They perform all work required, and continue to do it without geting out of order. We desire to call attention particularly to our new.

warly to our new Machines to Sew with a Single Threed Machines to Sew with a Single Threed which by ample trials have been proved superior to all others for stitching linen and all very thin fabries—also for sewing leather either with a waxed thread or silk—and for quilting linings. We are also prepared to exhibit and sell embroidering machines, producing an entirely new and very beautiful result.—Machines of extra size, both shuttle and single thread, may be had for a small difference in price. These are found to be very popular. Machines for hat-binding, stiching carpet bug haddles, and any other peculiar work, will be supplied at short notice.
