

Democratic Platform.

I am profoundly grateful to you for your friendly and liberal expression that "The Interior Journal, like its editor, is always at your service, sir."

1. And first, I wish to assure you and all timid and lamb-like citizens of my peaceful and harmless intentions.

2. You seem to think I intended to leave the impression that the democratic candidates were nominated on a platform condemning prohibitory laws.

In the platform adopted by the national democratic convention at St. Louis in June, 1888, we find this language: "The democratic party of the United States in national convention assembled, renews the pledge of its fidelity to democratic faith, and reaffirms the platform adopted by its representatives in the convention of 1884."

In their platform of 1884 the democratic party said: "We oppose sumptuary laws which vex the citizens and interfere with individual liberty."

3. The Interior Journal further says, "Neither is the defeat of prohibition, except when it is peraded as a party question, regarded as a democratic victory."

CHINAMEN in this country are strongly opposed to having the bodies of their dead friends taken to the morgue. There is a peculiar belief among them that the corpse pours a magic lotion over the bodies taken to the morgue, which causes the fatty matter of the corpse to run off in oil, which is bottled and sold to American doctors who use it as a medicine.

STRANGE TO RELATE.

An alligator killed the other day at Dade City, Fla., weighed six hundred pounds and was fourteen feet long.

STRANGE and interesting petrefactions were at a late date being taken from stone quarries near Alton, Ill.

A ferret dog at Chico, Cal., was lately given a forty-mile ride down a flume in the mountains. A raft was made upon which the dog was placed and in three hours' time was taken safe and sound from it at its destination.

A curious disease of the eye has developed among cigarette smokers which yields only to long and careful treatment.

WRITING huckleberries were recently gathered from East Knob, a mountain in Pike County, Pa.

A singular case is reported from Birmingham, N. Y., in which a man was awakened from a two years' sleep.

An old negro living in Jonesboro, S. C., said to be one hundred and eight years old, has been married nine times and is the father of one hundred and seven children.

MASTERY huge turtles frequent the coasts of lower California, it being a not uncommon sight to see those of three or four hundred pounds weight.

A YOUNG couple were married by a minister in Middletown, Ky., who after the ceremony was asked by the groom if he would take his pay in something besides money.

A St. Louis young lady with a wealth of red hair conceived a novel idea to show that she stands to her colors.

Some time ago the book-keeper of an Escanaba (Mich.) iron company started out with fifteen thousand dollars in gold to pay off employees.

3. The Interior Journal further says, "Neither is the defeat of prohibition, except when it is peraded as a party question, regarded as a democratic victory."

CHINAMEN in this country are strongly opposed to having the bodies of their dead friends taken to the morgue. There is a peculiar belief among them that the corpse pours a magic lotion over the bodies taken to the morgue, which causes the fatty matter of the corpse to run off in oil, which is bottled and sold to American doctors who use it as a medicine.

CHURCH CONCERNS.

Last year 248 American Baptist ministers died. Their average age was sixty-five years.

The total expense of the M. E. General Conference of 1888, according to official statement of Treasurer J. M. Phillips, was over \$61,000.

It took the Supreme Court of the State to decide that the trustees should not introduce an organ in the Christian church of Winfield, Kan.

The Reformed Presbyterian church synod, at its recent session, directed the local sessions to prosecute, according to church discipline, members who advertise in Sunday newspapers.

The Reformed Presbyterian church, through its highest body, by a vote of 193 to 24, has decided: "That in our judgment, the ordination of a woman as a deacon is in harmony with the New Testament and the constitution of the Apostolic church."

Presbyterianism in New England has steadily increased during the last five years. Since 1883 the number of churches has increased from eighteen to thirty-one and the membership from 2,875 to 4,538.

Prohibitionists have much to hope and nothing to fear from the Interior Journal. As to the tariff questions I care not to say anything here.

August 21, 1888. JOS. BALLOU.

We note in the Interior Journal a few shots from the skirmish lines that would seem to indicate a disposition on the part of the prohibitionist for more active hostilities with the democracy.

The rather strange fact is brought out by recent statistics that the Episcopalians is the only Protestant denomination in New York City that is increasing proportionately as fast as the population of the city.

It has been discovered that the average length of time that the \$15,000 a year clergyman is able to work without becoming a physical wreck and having to be sent abroad is seven months.

A CHRISTIAN church composed entirely of whisky dealers would be a novelty indeed, yet that is the result that threatens to come from a church row in Louisville, Ky.

Simply because most of the so-called leaders here were republicans and are still so at heart.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required.

Renews Her Youth.

Mrs. Phoebe Chesley, Peterson, Clay Co., Iowa tells the following remarkable story, the truth of which is vouched for by the residents of the town.

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe cold, attended with a distressing cough and running into consumption in its first stages.

Catarth Cured, health and sweet breath secured by Shilo's Catarrh Remedy. Price 50 cents. Secular Injector. Free. McKimble & Stagg, Stanford; Crow & Co. McKinney E. W. Jones Crab Orchard.

Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alternative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain.

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla.

"Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. It finally induced me to try Ayer's Sarsaparilla. After giving several bottles healed the sore. In all my experience with medicine, I never saw more

Another marked effect of the use of this medicine was the strengthening of my sight. Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I cannot the malady is hereditary. Last winter, Dr. Tyson, of Ferdinand, Fla., recommended me to take Ayer's Sarsaparilla, and continue it for a year.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I cannot the malady is hereditary. Last winter, Dr. Tyson, of Ferdinand, Fla., recommended me to take Ayer's Sarsaparilla, and continue it for a year.

Best of All

Cough medicines, Ayer's Cherry Pectoral is in greater demand than ever. No preparation for Throat and Lung Troubles is so prompt in its effects, so agreeable to the taste, and so widely known as this.

"I have suffered for years from a bronchial trouble that, whenever I take cold or am exposed to inclement weather, shows itself by a very annoying tickling sensation in the throat and by difficulty in breathing. I have tried a great many remedies, but none does so well as Ayer's Cherry Pectoral which always gives prompt relief in return of my old complaint."

"I consider Ayer's Cherry Pectoral a most important remedy

For Home Use.

I have tested its curative power, in my family, many times during the past thirty years, and have never known it to fail. It will relieve the most serious affections of the throat and lungs, whether in children or adults."

"Sixty years ago I contracted a severe cold which settled on my lungs and soon developed all the alarming symptoms of Consumption. I had a cough, night sweats, bleeding of the lungs, pains in chest and sides, and was so prostrated as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am as well and sound as ever."

"Six years ago I contracted a severe cold which settled on my lungs and soon developed all the alarming symptoms of Consumption. I had a cough, night sweats, bleeding of the lungs, pains in chest and sides, and was so prostrated as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical.
