

SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XXIII.

STANFORD, KY., FRIDAY, MARCH 8, 1895.

NO. 3

BRODHEAD, ROCKCASTLE COUNTY.

—Mr. Alex. Lusk delivered a lecture at the Baptist church Wednesday night in the interest of the W. C. T. U.

—Mr. John Vanhook, of Gibson, Ind., has been in town for a few days, visiting the Woodyard and Cherry families. Mr. George Huff and family left on the night train Tuesday for Illinois.

—Miss Annie Elliott, of Lily, is spending a few weeks here with her aunt, Mrs. Tilman Gilpin. Mr. W. H. Pettus, our night operator, went to see his best girl last week, and returned looking much better.

—Mr. Stephen Winkler and Miss Mattie Adams were united in matrimony at the residence of Mr. Tilman Gilpin Thursday night. Bro. Pike officiated and the brass band furnished them some fine music.

—Bro. E. Snodgrass held a few days' meeting at the Christian church here last week. He closed Sunday night with a lecture on Japan, with some magic lantern scenes, illustrating the manners and customs of that country, and some said after he was through that they would like to live in Japan and become citizens with the Japanese.

—Prof. Watson and daughter closed their school at the Academy last Friday, having taught out the term for which they engaged. Mrs. Mattie Carter will begin a three-month's term next Monday and we hope the public will liberally patronize her, for she is a first class teacher and is doing all she can to advance the educational interests in this town and community.

—After hovering for nearly two weeks between life and death, the spirit of Mr. William Baker, who lived near Brodhead, took its flight last Sunday morning. He was conscious till a short time before dissolution and the end came peacefully. The family, with Drs. I. S. Burdett and Percy Benton, were at his bedside and saw him breathe his last. Mr. Baker had been sick for nearly a year, but did not take to his bed till some six weeks ago.

—Mr. Editor, it seems from the way the newspaper men of this State write, that Mr. Hardin and none of the present aspirants for the nomination of Governor can give satisfaction to the democratic party, and as it will require a unit among the democrats and a united effort on their part to elect a governor over W. O. Bradley, I can not see but one consistent thing to do, and that is to nominate ex-Gov. McCreary. He is a man that all democrats will unite upon and a man whose record is so clean and white that it would make us all feel good to see him govern once more. If he should make the race for us now and save the State from republicanism, I do not think any democrat would be in his way next time, but that all together would say he should be our U. S. Senator after his term as governor expired. I think he ought to be made the nominee this time, and if the democrats would make a united call that he would respond. It will take just such a man as James B. McCreary to make this race successfully.

RICH TREAT.—The Andrews Opera Company, carrying 35 people and a full orchestra, will be at Danville Friday and Saturday nights, the 15th and 16th inst., and parties in this city wishing to witness the two comic operas to be presented on those dates can secure tickets by writing at once to J. M. Cullins, Manager of the opera house, who will reserve the seats. "The Pretty Persian," a new opera, full of comedy and light, airy music, will be given Friday night, and the old favorite "Martha," Saturday night. The Andrews Company is highly spoken of by the press, and in a week's engagement at Lexington last year did a fine business. The company was secured at Danville only by giving a heavy guarantee. The music is bright, the comedy sparkling, and the costuming very handsome.

"Gentlemen, I can't tell a lie about the horse; he is blind in one eye," said the auctioneer. The horse was soon knocked down to a citizen who had been greatly struck by the auctioneer's honesty, after paying for the horse, he said:

"You were honest enough to tell me that this animal was blind in one eye. Is there any other defect?"

"Yes, sir, there is. He is also blind in the other eye," was the prompt reply.—Tit-Bits.

—The 53d Congress is dead and damned, but it should be given credit for its failure to effect the Hawaiian cable job, the Blaine mansion job, the Mahone lot job, the California-Colorado-Oregon war claims job and the French spoliation job. Of course, enough jobs got through—made the Billion Dollar appropriations made at one extraordinary and two regular sessions will testify—to entitle the deceased to an eternity in Fiddler's Green, or in any lower and hotter department to be had in hades.—Louisville Times.

—John Howard, of Ford, killed a wild duck and in dressing it, found in its craw a fish that measured 8 1/2 inches, so it is said.

OF A LOCAL NATURE.

—The report that there is small pox at London is denied.

—The post-office at Leno, Whitley county, has been discontinued.

—Speed Goodloe, a negro student at Berea College, severely cut C. C. Coyle, a white pupil at the same institution.

—The Pineville Board of Councilmen, in a fit of petty spite, has discharged its police force and left the place in darkness and without water.

—Tom Howard, of Bell county, was assassinated as he sat at his table eating supper. The murderer, probably a kinsman, fired upon him through a window.

—John Partin, a member of the notorious Partin gang, indicted for rape and other crimes, has been landed in the Pineville jail. The State's reward of \$300 did it.

—J. M. Cotton's residence near Kirksville burned and Mr. Cotton and wife, who were sleeping in an upstairs room, narrowly escaped being cremated. Loss \$3,000; insurance \$1,500.

—A small tornado from the Southwest swept over Harrodsburg Monday, damaging coopings, chimneys and badly frightening early risers. Farmers report fences blown down and hay and straw stacks scattered.

—A south-bound freight train on the Cincinnati Southern railroad, a double-header, with 37 cars, jumped the track on Lansing hill, 40 miles south of Somerset, making a total wreck of the engine and 18 cars. Nobody was seriously injured.

—Tom Graves, a bad man from Jackson county, was shot and seriously wounded by Chief of Police Feeny at Richmond Monday evening. He was drunk and creating a disturbance and when officers Berry and O'Neil attempted to arrest him, he mounted his horse and with pistol in hand defied them. Chief Feeny appeared on the scene and Graves shot at him. Feeny returned fire with a shot gun striking him in the head, neck and shoulders. The officer was held in \$250 bond till the examining trial Saturday.

—Danville will have another three-day fair this year—July 31 and August 1 and 2—Wednesday, Thursday and Friday. H. C. Cozitt, of Parksville, was this morning sworn in as coroner for Boyle county, and is now lawfully prepared to discharge the duties of that office. Miss Anna Sibold, of Stanford, has matriculated at Miss Reed's school in this city. The council has repealed the ordinance prohibiting sales of stock on Main street court days. Love and Will Lillard bought of Josh Adams 17 head of feeding cattle, about 1,000 average, at \$3 and \$4. D. C. Terhune bought of Farris & Whitley a carload of mules, three years old this spring, at \$50. Tickets are selling rapidly to Col. W. C. P. Breckinridge's lecture, to be delivered Saturday night.—Advocate.

WILLOW GROVE.

—Mr. Richard Goode, formerly of this place, but now of Lexington, was visiting friends here last week. Mr. John Doolin, of Palaski, is visiting Mrs. Ann Gastineau. Miss Georgia Lewis is in Somerset at bedside of her sister-in-law, Mrs. A. A. Lewis, who is seriously ill.

—As our informant in regard to the renting of the King farm was a gentleman directly interested in the affair, and one whom we supposed to be in possession of the facts, we did not think at the time that we were reporting error to the INTERIOR JOURNAL. Whether we were incorrectly informed, or whether it was merely a difference of opinion between Mr. Bishop and our informant, we shall not attempt to say, but are glad at any rate learn that the matter has been so amicably adjusted.

—Miss Mattie Bosley began quite a flourishing school at Willow Grove last Monday. As we passed by and saw the children at play we could not help but think of the many distinguished men of Kentucky who learned their elementary principles in the historic little school-house. They are known the world over and when that deceptive goddess of earthly existence calls the roll for another century, the number of honored citizens that have gone out from beneath the parental roofs of Willow Grove will be found to be "as numberless as the sands on the seashore."

LECTURE LECTURE.

An exchange says the following is an infallible remedy for the grip: One gallon of whisky, one grain of quinine. Mix well before taking. If no improvement is noticed in one week, either increase the whisky or reduce the quinine.

—Mrs. Laura Dunham, one of our colored subscribers at Somerset, has been visiting her mother here.

—The biggest kind of a gold strike is reported in Southern California.

A MILLION FRIENDS.

A friend in need is a friend indeed, and not less than one million have found just such a friend in Dr. King's New Discovery for Consumption, Coughs and Colds. If you have never used this great Cough Medicine, one trial will convince you that it has wonderful curative powers in all diseases of the Throat, Chest and Lungs. Each bottle guaranteed to do all that is claimed or money will be refunded. Trial bottles free at A. R. Penny's drug store. Large bottles 50c and \$1.

HUSTONVILLE.

—Dr. E. I. Alcorn, after leaving Mr. J. B. Adams, of Longview, Ala., in possession of a fine girl, went to New Orleans where he stayed several days.

—We are glad to say that Port Peacock, who has been staying with Mr. J. G. Weatherford, at Middale, has secured a position. He will work for the William S. Merrill Chemical Company, of Cincinnati.

—Miss Mattie Dinwiddie has gone to Louisville to work in a millinery store; Miss Minnie Dinwiddie will leave for Texas soon. Bro. Miliken preached at the Baptist church, Sunday.

—Some say they know that persons who work the county roads get \$1 per day, while others say they know they do not. As it is impossible for both of them to be right, will the editor please say what he knows about it?

(The workers of county roads have not heretofore gotten pay, but an act of the last Legislature, gives the fiscal courts the right to pay for such work, and we learn that each member of the court in this county is pledged to such payment. Ed.)

—The town board of trustees passed two ordinances Monday night. One makes it a fine of \$1 to \$5 to place any obstruction on the streets or ditches and the other is to catch the auctioneer and peddler, and makes them pay \$3 per day or \$25 per year. The peddlers have been running the bluff on the town by claiming that they are protected by the interstate commerce laws, but the town will make them do something more than bluff after this.

—At a meeting at London Wednesday the fair associations of Whitley, Knox and Laurel counties, representing a capital of about \$10,000, organized the Kentucky Fair and Race Circuit. Judge W. L. Brown, of London, was elected president; G. P. Bain, of Barbourville, secretary, and W. E. Dolaney, of Williamsburg, treasurer. The following dates were decided on: London, August 21, three days; Barbourville, Aug. 27, four days; Williamsburg, Sept. 3, four days.

—Two robbers made away with the funds of a bank at Abel, Iowa, after fatally shooting the Cashier and wounding several men who ran to his assistance. They escaped, but a posse shot one of them to death a few hours later and captured the other.

—The Cuban authorities are said to have demanded the recall of the American Consul General at Havana, presumably on the charge of sympathy with the revolutionists.

Four Big Successes.

Having the needed merit to more than make good all the advertising claimed for them, the following four remedies have reached a phenomenal sale. Dr. King's New Discovery, for consumption, Coughs and Colds, each bottle guaranteed. Electric Bitters, the great remedy for Liver Stomach and Kidneys. Bucklen's Arnica Salve, the best in the world, and Dr. King's New Life Pills, which are a perfect pill. All these remedies are guaranteed to do just what is claimed for them and the dealer whose name is attached herewith will be glad to tell you more of them. Sold at A. R. Penny's Drug Store.

This suit was brought by the asylum to collect from the Humber estate for the care and treatment of J. C. Humber, who is confined in the asylum. Judgment was awarded the institution, but Humber's attorney took the case up.

—Circuit court will convene Monday. It is called the "short term," lasting only two weeks. The following is the docket: Old Commonwealth cases 33; new Commonwealth cases 31; old common law cases 13; new common law cases 23; old equity docket 120; new equity cases 27. This is considered a very light docket. Should the grand jury indict Henry Reddick for burning the Miller Hotel, he will probably be tried at this term. The Phillips will case, which took up so much time and attracted so much attention last August, will again come up for trial, as the juring hung at the last trial.

WILLIAMSBURG, WHITLEY COUNTY.

—Rev. Alderman, of near Frankfort, arrived Tuesday and began a meeting at the Baptist church.

—The Young People's Institute of the Baptist church of Kentucky will be held here the last of this month, beginning the 29th.

—The Christian church of this place has secured the services of Elder J. G. Livingston for the 4th Sunday in each month for this year.

—A dispatch from Valparaiso, Ind., says that George Wilcox, of Kentucky, a student at the normal school, was fined \$25 and costs for throwing kisses at young ladies on the street who passed by his room. Why didn't they locate the fool? We should like to know from what part of Kentucky so rank a rooster hailed from.
