Hopkinsville Tobacco.

Hopkinsville, Ky., Jan. 28.—The tobacco market was very active, though offerings showed a falling off, about 100,000 pounds being sold. Prices are very stout on all grades and ranged \$5 to \$12.

Livestock Markets.

Louisville, Ky., Jan. 28.—Cattle.—The receipts were 291 head, for the week this far 1,529. The attendance of buyers was light, and the demand narrow, the market slow. Choice heavy weight butchers were the best sellers, yet they were barely steady to a little lower, and the medium and inferior kinds were easily a shade to 10 to 15c lower than Monday. Feeders and stockers about steady, common grades slow. Bulls firm, canners dull. Milch cows unchanged. No heavy cattle here, feeding easy.

Calves—Receipts 122, for the four days this week 439. The market ruled slow and a shade lower, the bulk of the best 7 1/2 to 8c, some few fancy higher, medium 5 to 7c, common 2 1/2 to 5c.

Hogs—Receipts 1,662, for the four days this week 6,094. The market was slow and unevenly lower, demand very light, and trade almost at a standstill. Selected hogs, 165 lbs. and up, selling at \$8.30; 130 to 165 lbs., \$7.90; heavy pigs, \$7.50; light pigs, \$6.75; roughs, \$7.65 down. The market closed slow, light hogs especially dull.

Sheep and Lambs—Receipts 11 head, for the four days 136. The market ruled steady, best sheep 3 1/2 to 4c, best lambs 5 1/2 to 6 1/2c, common sheep and trashy cull lambs very slow sale.

St. Louis, Jan. 28.—Cattle—Receipts 3,000 including 1,000 Texans; steady; native beef steers, \$3.85 to \$7.75; cows and heifers, \$3.00 to \$4.90; Texas and Indian steers, \$4.25 to \$5.50; cows and heifers, \$2.90 to \$4.30; calves in carload lots, \$6.50 to \$8.75. Hogs—Receipts 7,000; market strong; pigs and lights, \$6.50 to \$8.20; packers, \$8.00 to \$8.30; butchers and best heavy, \$8.15 to \$8.35. Sheep—Receipts 500; market steady; native muttons \$4.25 to \$5.25; lambs, \$6.50 to \$8.75.

HE'LL BE GOOD

UNRULY PRISONER GETS STRAP AT EDDYVILLE.

Charles Heybeck Declined to Obey Orders Upon His Admittance.

In less than 30 minutes after becoming a convict at the Eddyville penitentiary, Charles Heybeck, colored, received a sample of corporal punishment that will make him a model prisoner for his term. Heybeck was taken to the penitentiary this week to serve a sentence of five years on a charge of robbery. He has been in trouble constantly and almost as rapidly as the jailer would release him from a cell he would soon be towed back to prison.

While making the trip to the pen, Deputy Sheriff Charles Clark remarked to Heybeck about having to be good at the Eddyville boarding house. He revolted at the idea and in many words told his plan of revenge should any of the guards attempt to give him a whipping. Soon after reaching the state prison Heybeck became unruly, while going through the regular procedure of getting his stripes. Guards warned him, but it increased his anger, and then he was taken out to the whipping post. Strong arms held the wriggling body of Heybeck while straps were adjusted and then some good old fashioned licks were presented as an extra course in the initiation.

Heybeck was cured of all desire to run things himself. When Deputy Sheriff Clark bade him good-bye Heybeck said: "Mistah Clark, I sho is gwine to be good from now till my term is out."

TO THE PUBLIC.

I desire to say that when I took the agency for ZEMO, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. I frankly admit, ZEMO has far exceeded my expectations as a cure for skin diseases. I am pleased to state that I shall continue the agency as ZEMO gives the best satisfaction of any similar remedy I have ever sold. My customers like ZEMO because it is a clean, vegetable liquid for external use. ZEMO cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants.

We will give a booklet on skin diseases and explain to any person how they can be cured at home of any form of skin or scalp disease by this clean, scientific preparation.
W. J. Gilbert, the druggist.

Old Lawyer (to young partner)—Did you draw up old Moneybag's will?

Young Partner—Yes, sir; and so tight that all the relatives in the world cannot break it.

Old Lawyer (with some disgust)—The next time there is a will to be drawn up, I'll do it myself.—New York Sun.

ARE MICROBES IN YOUR SCALP?

It Has Been Proved That Microbes Cause Baldness.

Professor Unna, of Hamburg, Germany, and Dr. Sabouraud, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebom, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

Dandruff is a contagious disease, which is largely due to a destructive microbe, which when left to pursue its course causes itching scalp, falling hair and baldness. Dandruff is carried by the microbe affecting the glands which produce the sebaceous matter, which latter then unnaturally dries up and scales off.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

Rexall "93" Hair Tonic is entirely free from grease or sediment, is exceedingly pleasant to use and will not gum the hair or permanently soil the clothing or pillows.

We exact no obligations or promises—we simply ask you to give it a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and \$1.00. Remember you can obtain it in Paducah only at our store.—The Rexall Store.—W. B. McPherson, Fourth and Broadway.

ELEVEN PERSONS ARE INDICTED

TRIED TO PERPETRATE FRAUD OF \$254,000 ON CHICAGO.

"Shale Rock" Scandal Was at First Believed to Be Limit of Graft Probe, But Another

SCHEME WAS UNEARTHED

Chicago, Jan. 28.—Paul Redieske, resigned deputy commission of public works; Mitchell H. McGovern, wealthy contractor, who has had many big city contracts, and nine city officials and employees of McGovern were indicted by the county judge today. These men are charged with conspiracy to defraud the city out of \$254,000, according to the sum mentioned in the true bill. The indictment on this charge came as a complete surprise, as it was believed the alleged frauds involved only about \$45,000 in the so-called "shale rock" scandal.

The men indicted, besides Redieske and McGovern were: Otto Niehoff, secretary to McGovern; Max Landguth, former superintendent for McGovern; Geo. Moore, foreman for McGovern; Ralph Bonnell resigned city engineer; John C. Parks, assistant city engineer; Robert Green, foreman for McGovern; Richard Burke, John McNichols, Joseph Maher, city inspectors, in the engineer's department.

The indicted men are specifically accused of conspiring to defraud the city by laying only one-sixth of the concrete and brick work called for in the contract for the construction of section N, of the Lawrence avenue tunnel.

The Merriam commission which has been investigating municipal expenditures, brought out the fact that the city had been charged about \$45,000 for cutting out "shale rock" in section D of the tunnel. The "shale rock" proved to be only hard clay. The evidence concerning the alleged \$250,000 fraud upon which the indictments are based, was not brought out by the commission. In the indictment the men are charged with trying to obtain nine warrants for the payment of \$254,000 by the city of Chicago.

FIELD SECRETARY

TO BE EMPLOYED BY KENTUCKY TUBERCULOSIS SOCIETY.

Meeting Held in Connection With State Conference of Charities and Corrections.

Frankfort, Ky., Jan. 28.—At a meeting of the Kentucky Society for the Prevention of Tuberculosis this afternoon it was decided to employ a field secretary, who shall be engaged all the time in the work of the society. The executive committee was authorized to employ the secretary and will meet in Louisville in a few days to select a suitable man for the place. The work of the society was discussed and it was found that the society has available from the sale of Christmas stamps about \$1,300. The meeting of the Anti-Tuberculosis society was held in connection with the state conference of charities and corrections, which began here. The conference is well attended and much interest is being shown. Dr. H. G. Enelow was unable to be present on account of a severe cold.

At the meeting this afternoon Edward N. Clapper, secretary of the national labor committee for the Ohio valley states, made a report. This part dealt with working of children in the tobacco fields and tobacco factories. He also strongly opposed night work for boys as messengers and said a messenger should be 20 years of age, as he comes into contact with the lowest phases of life in delivering messages at night.
