**"Touching Up" at House Cleaning Time**

Nothing makes such a decided improvement, at  
such small cost, as a little paint or interior enamel  
for worn surfaces on floors or old furniture. We  
not only handle all the best materials for such  
purposes but we can tell you precisely how to use them  
to achieve the best results.

Forty years of experience enables us to advise  
you intelligently in selection and use of paints.  
Come in and talk it over.

The Most Important  
Thing About a New Home  
is to Insure It

And, insure it in the RIGHT company. Any one can write an  
insurance policy, but ALL policies are not paid. If you have a  
fire. Investigate your insurance companies as you do your  
bank. OURS are as strong as the famous rock of Gibraltar,  
and our rates are just the same as others.

## THE IDEAL LOCATION

For That New Home is In  
**Beautiful Gregory Heights**

No matter what character of home you build, the location will mar or  
make its attractiveness. Gregory Heights is truly the ideal location in  
Paducah for a home. High, rolling ground that is easily drained; off,  
away from the dirt and grime and noise of the city; with the street car  
at your door; pure, bracing, health-giving fresh air in plenty, ALL the  
time; these are but few of its attractions.

**WE SELL ON EASY TERMS AND REASONABLE PRICES**  
and should like to show you what we have for YOU.

## HINTS FOR PROSPECTIVE BUILDERS

This is a great era of home-building in Paducah. Everybody seems to be realizing that the best  
home is a home they own and have built as they want it. For the benefit of our readers who are con-  
sidering building and are still undecided as to the style or price of home to build, we are, each week on  
this page, showing original, attractive and practical illustrations of modern moderate priced houses that  
will offer helpful suggestions and give a fairly accurate idea of what it will cost to build.

## A Very Attractive \$3,500 House

This gambrel roof house complete with all modern improvements such as furnace, grates, bath and  
plumbing should be built at about the above estimate. The plan is for seven rooms and bath. Size of  
house 33x25 feet. Height of stories, first, 9 feet; second, 8 feet six inches. Cellar under entire house, 7  
feet. The exterior of this plan is very pleasing, while the interior is especially attractive in arrangements  
and convenience. On account of the width and comparative lack of depth, this plan would be very suit-  
able for building on a shallow lot.

Complete plans and specifications, in duplicate, for building this house may be secured from this office  
for \$40.00. For alterations making additions or reversing plans a slight charge will be made, dependent  
as to the amount of extra work involved.
