

Lowest Prices On Dependable FURS At Hoenck's

Especially Attention Is
Directed to Coats,
Capes, Stoles and
Muffs.

There is notable variety in these
assortments. Coming modes have
been anticipated. Workmanship is
unhurried and excellent. Prices
are such as are worthy of one's
confidence.
Delightfully quaint and novel styles
are to be noted—three representative
models being illustrated. Ample
assortments of all the smart fox
peltries, as well as skunk, beaver,
nutria, lynx, mink, squirrel, ermine
and Hudson seal (dyed muskrat)
are offered, and prices are in many
cases surprisingly low.
Choose your fur as you would choose
a diamond—from a house of character
and known reliability. Test
the Hoenck service for supreme
quality and value.

**PARROT AND MONKEY
AMONG HIS ASSETS**

Public Administrator T. J. Harrington was this afternoon issued summary letters of administration in the estate of Henry Granpre, who died a couple of days ago as a result of injuries received in the Oregon mine. The estate consists of \$47 due in wages, a parrot and monkey. This afternoon Mr. Harrington took possession of the parrot and monkey and will sell them in a few days.

**YOU ARE PARTLY
MADE OF IRON**

That is, iron is an essential constituent of pure, healthy blood. Pepton, the new iron tonic, combines pepton, iron, oxalic acid and other blood and stomach tonics that physicians prescribe.
It is a wonderful corrective of anemia, paleness, languor, nervousness—whether caused by hard work, worry—over-use of salts and other blood-depleting cathartics that are doing so much harm to many people just now—or any other cause. Pepton will restore the iron strength that you must have for cheerful performance of daily duties.
Pepton is in convenient pill form, chocolate-coated and pleasant to take. Get it today.

AMERICAN DESTROYER INJURED IN COLLISION

On Duty in British Waters.
None of the Crew Hurt.
Ship Repaired.

Washington, Oct. 3.—An American destroyer in British waters recently was in collision with a British naval vessel which after taking off the American crew towed the disabled destroyer safely to port. In announcing the collision today the navy department said no one was injured aboard the American destroyer and that the vessel since had been repaired and restored to active duty.

The following official statement was issued:
An American destroyer, operating in European waters, was severely damaged in a night collision with a British naval vessel. After the accident the British ship stood by, took off a part of the destroyer's crew and towed her into port. No one aboard either ship was injured and the destroyer has since been repaired and returned to active service.

"An investigating board of naval officers found that the accident was due to the fact that the destroyer suddenly emerged from a heavy rainstorm which made her invisible almost up to the moment of the collision. It was therefore decided that no blame attached to either vessel."

FRENCH FLYERS BOMB THE CITY OF BADEN

(Continued from Page One.)

About 55 miles from the French border.

PRECAUTIONARY STEPS IN GERMAN CITIES

Amsterdam, Oct. 3.—The German military authorities have issued orders that all lights in the governmental district of Amsterdam and a great portion of Western Europe must be darkened at night according to the American plan. Similar precautions against air raids are being taken at other places in Western Germany.

GERMANS TAKE SPURT IN USE OF ARTILLERY

But Results Do Not Justify Expenses—Supplies Grow Short.

Canadian Headquarters in France, Oct. 3.—The enemy early this morning attempted to hold our lines in the Avon sector but was discovered before he got to close quarters and driven off after sustaining a number of casualties. The enemy's activity is generally less than normal, but the sound of guns never ceases. The Germans are attempting more by way of destructive shots on our battery positions than they did earlier in the season, but even in this respect they are still far behind the British and Canadian guns.
There has been marked increase in the use of long range, high velocity guns by the Germans. The results certainly do not justify the free use of these guns. The enemy also has increased the proportion of gas shells and has sent us many varieties of gas. This may indicate that the chemicals from which poison gas is made are available in greater quantities than those required for high explosives.
All the prisoners of good education now speak of the growing scarcity of war materials and particularly of articles such as rubber, cotton and copper, which can neither be produced at home nor obtained from Germany's European neighbors. One of the prisoners taken in yesterday's outpost affair said that while Germany could not be conquered in the field, she would be forced to make peace because of her failure to obtain supplies.
The weather is excellent and the men in the trenches are in good health and spirits. The casualties continue extremely light.

GERMANS TAKE FRENCH TRENCHES AT VERDUN

Berlin, Oct. 3 (via London).—German troops yesterday captured a section of French trenches 1,200 yards wide on the northern slope of Hill 241 to the east of the River Meuse in the Verdun region. It was officially reported by the German general staff today.
ONLY ARTILLERY FIGHTING ON THE YPRES LINE
London, Oct. 3.—The artillery activity continued on both sides during the night in the region east of Ypres, the war office announced today.
"Otherwise there is nothing to report."

ARTILLERY FIGHTING ON THE VERDUN FRONT

Paris, Oct. 3.—Violent artillery fighting continues on the Verdun front, says today's official announcement. No important infantry operations occurred during the night.
TO GIVE SHIPPERS
CHANCE TO PROTEST

Washington, Oct. 3.—The interstate commerce commission today notified the railroads of the country that it proposed hereafter before granting applications for increased rates to place such application before the shippers interested in their operation.

ADJUSTMENT BOARD OFF FOR THE WEST

President's Labor Mediators
Will First Settle Trouble
at Seattle.

Washington, Oct. 3.—The labor adjustment board left today for the Pacific coast to take up strikes which are hampering shipbuilding operations. It will go first to Seattle and then to Portland and San Francisco.

PREPARE FOR HEARING OF TROUBLE IN SEATTLE

Seattle, Wash., Oct. 3.—James A. Taylor of Seattle, Pacific northwest representative of the International Association of Machinists, has been named by the Seattle Metal Trades council to sit with the federal ship labor adjustment board when it arrives here to investigate the strike of approximately 12,000 shipyard workers who walked out last Saturday, demanding higher wages and the closed shop. The Seattle shipyard owners all have named a representative to sit with the board.

LITTLE PROGRESS TOWARD SETTLEMENT IN PORTLAND

Portland, Ore., Oct. 3.—Conference between union officials and representatives of the shipbuilders looking to a settlement of the shipyard strike were scheduled to be resumed late today. It was said that unless better progress can be made soon that has been accomplished at the conference thus far held some other means will be adopted in an effort to resume shipbuilding operations. The closed shop concession demanded by the unions in the conferences still continues to be the main stumbling block.
Two wooden shipyards here and one at Vancouver, Wash., continue to operate with practically full crews, as does the Willamette Iron and Steel works. All other yards are practically tied up.

SHIPBUILDERS TAKE REFERENDUM IN VICTORIA

Victoria, B. C., Oct. 3.—Eleven hundred men employed by the Cameron-Shield Shipbuilders and Foundation company, two Victoria ship plants, are taking a referendum vote to decide whether they will strike in the event their recent demands for higher wages are not granted.

The Victoria shipyard employees are said to be demanding higher wages than any paid in any other Pacific coast port. Laborers demand \$4 a day, as against \$3.25 which is acceptable to Seattle laborers. Boilermakers, steam engineers, electricians and riggers also demand wages slightly higher than the scale in the United States.
The imperial munition board has announced it is willing to abide by the decision to be reached in Puget sound by the workers. However, say the men, they want more money. If the men vote to strike they will lay down their tools Oct. 15.

REACH AGREEMENT WITH UNION CHIEFS

Washington, Oct. 3.—An agreement on wage scales virtually was reached today between the navy department and the presidents of the international trades unions, representing navy yard employees. While figures have not been finally decided, it was announced officially that the conference had reached a point where the trade union men expected to sign up tomorrow for the ensuing year.

NEW TAXES EFFECTIVE WHEN PRESIDENT SIGNS

Great War Measure Finished
and Has Been Sent to
White House.

Washington, Oct. 3.—The war tax bill was signed by Speaker Clark and Vice President Marshall shortly after noon and was sent at once to the white house. The bill is designed to raise \$241,000,000 in revenue.
All new taxes in the bill become effective when the president signs it, except certain specified rates.
The one-cent letter and postcard tax becomes operative in 30 days and the second-class mail increases July 1.
New income and war excess profits taxes are based on income of the 1917 calendar year and payable before March 31, 1918.
All stamp taxes, including those on parcel post packages, become effective Dec. 1. Amusement admissions and taxes on club dues go into effect Nov. 1, as do taxes on freight and passenger transportation, sleeping car, drawing room and stowaway berths, pipe line transportation, insurance policies and telegraph and telephone messages costing 15 cents or more.

APPOINTED RECEIVER.

Gus J. Stromme, formerly county commissioner, has been appointed receiver of the business of Hexon and Shobell, and his bond has been fixed at \$1,000.

ASKING FOR JUDGMENT.

Rose Mitchell has brought suit against Joseph Pedranti as executor of the estate of George Jodas asking for judgment in the sum of \$1,409.50 for groceries sold and money loaned.

PLAN A VIGOROUS STATE CAMPAIGN

Liberty Loan Committee Meets
at Helena—Butte Meeting Discussed.

Special to the Post.
Helena, Oct. 3.—In answer to a call issued by Norman B. Holter, chairman, the state committee which will have charge of the Liberty loan campaign in Montana is meeting this afternoon at the Placer hotel. Mr. Holter is a director for Montana in the fifth federal reserve bank and was named as chairman of the committee. He headed the state committee during the first campaign.
This afternoon, after luncheon at the Placer, the members of the committee were addressed by Homer P. Clark of St. Paul, chairman of the general committee for the ninth federal district. It is expected that during the day plans will be outlined for a vigorous campaign that will include every community of the state.
Chairman Holter expressed the confident belief that the state would subscribe for its full quota of bonds, but to make sure that it would do so, the committee had much work to perform. The banks of the state have been enlisted in the campaign and will lend their support to the movement.
Among those present at the meeting today were Charles J. Kelly, president of the Daly Bank and Trust company of Butte; C. W. Butler of Miles City; R. T. Cover of Billings; Harry Yeager of Great Falls and Ike Boyer of Helena. It was understood that Mr. Kelly would bring to the attention of the committee the plans suggested for the meeting in Butte next Sunday, at which William G. McAdoo, secretary of the treasury, will speak. The tentative plans for that meeting were arranged by Secretary McAdoo's advance man, who visited Butte last Sunday and who made a number of suggestions in respect to the meeting, the only one in Montana which will be addressed by the cabinet member.
The committee had not concluded its meeting at a late hour this afternoon.

SECRET SERVICE TO GET AFTER FOOD PROFITEERS

Washington, Oct. 3.—Food price manipulators and profiteers will have the trained men and resources of the secret service to cope with. Herbert Hoover, the food administrator, has asked President Wilson for the services of the corps and it has been granted.
COMPLAINT ISSUED
AGAINST TROPMAN

In a complaint issued out of the county attorney's office today by Deputy County Attorney T. F. O'Connell and filed in Justice Buckley's court, Robert Tropman is charged with robbery by Gus Herling. According to the information in the county attorney's office, Tropman met Herling Saturday night on Park street and greeted him as an old friend by shaking his hand. While having a hold on his hand Tropman pulled Herling to him and putting his hand in his hip pocket, relieved Herling of his pocketbook containing between \$7 and \$8. Tropman made his getaway and a search for him Sunday and Monday nights was without result. Last night Herling started to run when pointed out to Detectives Van Orden and Gerry. Herling pursued Tropman and succeeded in catching him, and he now occupies a cell in the county jail.

GEORGE HAZEL IS WITH DEPOT BRIGADE TROOP

George Hazel, formerly buyer of the Hennessy fruit and vegetable department and later in business for himself, is now with company 34 in the 166th depot brigade at American Lake, Wash., according to word received here this morning by Al McLeod, the well-known blacksmith of this city and a particular personal friend of Mr. Hazel. Mr. Hazel is a well-known Butte man and his many friends will be very pleased to learn that he enjoys the life in camp very much.

SEEKING A DECREE.

Susan Jardine is asking for a divorce from John P. Jardine. The couple were married at Portage, La. Prairie, Can., Oct. 21, 1888. The plain-

ONE HUNDRED FIFTEEN WEST PARK ST.

WHICH?

The melting pot is boiling
From the fires of American throats;
To classify its citizens
And to mark the sheep and goats.

All men must show their colors
With our Nation or the Kaiser;
And the sooner the division
Our country will be wiser.

A traitor is the worst of crimes—
Much lower than a spy;
With mother earth too sacred
Beneath the freedom sky.

All men must show their colors,
And you will save much more
On each fall SUIT, COAT, DRESS and HAT
At the FLORENCE GARMENT STORE,
ONE HUNDRED FIFTEEN WEST PARK ST.

Attorney W. E. Carroll, says that for more than a year her husband has failed to provide her with the common necessities of life.

RUSSIAN CONGRESS FOR COALITION GOVERNMENT

Petrograd, Oct. 3.—The democratic congress, by a vote of 766 against 688, today declared in favor of coalition government.

ASKING FOR LETTERS.

Allan P. Bowie today filed a petition with the clerk of the district court asking for letters of administration of the estate of Herbert A. Conyne, who died in Madison county Sept. 16 and who at the time of his death was a resident of Silver Bow county. The estate is valued at approximately \$7,000.

ALLOWANCE FIXED.

On a petition presented to him today, Judge Dwyer signed an order fixing the family allowance for the widow of Alfred Seadoff for the support of herself and children at \$40 a month, beginning from July 16, the time of the death of Mr. Seadoff.

GRAND BALL.

A grand ball will be given in Hibernal hall Saturday, Oct. 6, under auspices of Robert Emmet Literary association. All friends are invited to attend.
