CONTINUANCE GRANTED IN THE HEANEY CASE

There were three cases set for hearing before Judge J. B. McClellan this morning, but none went to trial. In the suit of Frank Heaney against Mary Hurley, there was a continuance until Thursday, and a similar order was made in the suit of Judson West against John McKenzie. The suit of F. D. Williams as receiver of the State Savings bank against E. E. Seesteyn was transferred to department one.

Weak, Thin People Made Strong and Fat.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear. Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing. Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks. It is sold in this city by Fair Drug & Assay Supply Co., Newbro Drug Co., and all good druggists.

CAUTION.—Although Bitro-Phosphate is guaranteed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

PAY WAR TAX OUT OF ADMISSIONS

Each Local Theater Fixes Own Price and Pays U. S. Tax From it.

Butte theaters will pay the war tax of 10 per cent on admissions out of the admission prices as they now stand, according to announcement made today. At some theaters the admission prices have been raised recently on account of the added cost of securing feature productions. For the present the war tax will be paid out of the regular admissions and there will not be any necessity for patrons to bring their two and three cents along with them for war tax purposes. It may be that later the tax may be added into the admission prices, but for the present each theater will announce its prices and the war tax will be collected out of that admission.

The 10 per cent tax on theater admissions works out as follows:

- 5c admissions are exempt from the tax.
- 10c admissions require a 1-cent tax, or 11 cents a ticket.
- 15c admissions require a 2-cent tax, or 17 cents a ticket.
- 20c admissions require a 2-cent tax, or 22 cents a ticket.
- 25c admissions require a 3-cent tax, or 28 cents a ticket.
- 30c admissions require a 4-cent tax, or 34 cents a ticket.
- 35c admissions require a 5-cent tax, or 40 cents a ticket.
- 40c admissions require a 5-cent tax, or 45 cents a ticket.
- 45c admissions require a 5-cent tax, or 50 cents a ticket.
- 50c admissions require a 5-cent tax, or 55 cents a ticket.
- 55c admissions require a 5-cent tax, or 60 cents a ticket.
- 60c admissions require a 5-cent tax, or 65 cents a ticket.
- 65c admissions require a 5-cent tax, or 70 cents a ticket.
- 70c admissions require a 5-cent tax, or 75 cents a ticket.
- 75c admissions require a 5-cent tax, or 80 cents a ticket.
- 80c admissions require a 5-cent tax, or 85 cents a ticket.
- 85c admissions require a 5-cent tax, or 90 cents a ticket.
- 90c admissions require a 5-cent tax, or 95 cents a ticket.
- 95c admissions require a 5-cent tax, or 1.00 a ticket.

Start Nov. 1.

The war tax on admission to places of amusement, including legitimate, motion pictures and all other theaters, goes into effect Nov. 1. It provides that a tax of 1 cent on each 10-cent admission or fraction thereof shall be paid by the person paying for such admission. This applies to all paid admissions except those places of amusement which have a maximum admission charge of 5 cents. On admission for children under 12 the tax is 1 cent, regardless of the amount of admission paid for each child. Where the maximum admission charge is 5 cents no tax is charged.

The tax is the same on passes, no matter for what purpose issued, as on tickets paid in cash. The pass tax applies to all free admissions except bona fide employees, municipal officers on official business (such as firemen and policemen) and children under 12 years of age.

Persons having permanent use of a box or seats, through lease or otherwise, must pay the tax each time the box or seats are used or exclusively reserved and held for a performance. If a person has the exclusive use of a box for the week or the year the tax must be paid for each performance, whether used or not.

The tax is collected by the theater and goes entire to the government. Where the theater desires to pay the tax itself it must advise the public of the admission charge and the government tax. That is, if the motion picture house desires to charge 15 cents and pay the tax itself it must show that its admission charge is 11 cents and the tax 4 cents.

The admission charge applies to seats at tables, reserved or otherwise, at roof garden theaters and similar performances. Cabarets are charged the same rates as theaters, in or out of hotels. The house manager must collect the tax on all tickets and passes used. Ironed restrictions on collection and reporting of the taxes under the strictest rules and penalties.

Public Pays Tax.

On all tickets sold for performances commencing Nov. 1 or thereafter the government advises that there be printed across the face of the ticket: "This theater is required by law to collect from the purchaser of this ticket the United States tax of 10 per cent on admission paid." The public pays the tax and the theater collects it and turns it over to the government. No allowance is made for any expense in the work of collecting the tax. It is believed among theater men that this fact will be freely paid because of the fact. It promises to bring large amounts into the treasury. Theaters, vaudeville and picture houses are almost numberless in the country, and each will gather in a large amount each week to help along the government's war measures. Like a direct tax and other goods, the government gets the full amount, and in this case the tax collectors and agents to enforce the law are unsalaried, although they are subject to government supervision.

The law is intended to raise \$53,750,000 from the motion picture industry. A heavy tax will be placed on films and film rentals, in which both the manufacturer and the exhibitor will share, but the bulk of the \$53,750,000 will be raised from taxing admissions. From this source films will be raised. The tax on films will be \$25,000,000 and cameras will be taxed \$250,000.

The only amusements exempt from the tax are those "the proceeds of which go to religious, charitable or educational institutions."

ARTILLERY BOYS TO SEE SOLDIERS

Local Troops Guests at American Tomorrow Night for Special Show.

Two hundred men of the sixth and seventh companies of the Washington coast artillery will be guests of the American theater tomorrow evening for the special purpose of seeing the troops of General Pershing in their work in France. Two reels, 2,000 feet of pictures, will be shown, in which the American troops in France and there are about 200,000 apparently in the pictures—will be seen in actual drill, trench digging and trench exercise. Adjutant Nash and some of the officers of the Washington coast artillery have seen the pictures, and they are delighted with the opportunity to have their soldiers view them.

The sixth company, which is stationed on the hill, will march to the theater in a body, meeting the seventh company which comes from the garage on East Broadway at the theater at 8:10 o'clock. The entire lower floor of the theater will be reserved for the soldiers, civilians should remember that the choicest seats in the house will be for the convenience of the soldiers, and until all the soldiers are seated the civilians should wait their turn. The soldiers will see the entire bill in addition to the pictures of General Pershing and his troops, released through the Pathé. The troops are sent to this country under direction of the French government and are being handed here by the United States government through the Pathé Weekly.

MASKED ROBBERS OPERATE IN SEATTLE APARTMENT HOUSE

Seattle, Wash., Oct. 30.—Two masked robbers with drawn revolvers forced their way into an apartment occupied by Mr. and Mrs. Milton Broadwell in a downtown Pike street apartment hotel early today, bound and gagged the couple, took \$900 from Broadwell's pocket and escaped in an automobile, according to reports made to the Seattle police.

The Broadwells said they were preparing to retire when someone knocked on their door. Mrs. Broadwell answered and was greeted by the bandits. Broadwell asserted he drew the \$900 from safe deposit yesterday and no one save his wife knew he had the money.

COLE ROBBERY CASE IS CONTINUED TWO DAYS

The case of Homer Cole charged with robbery and two prior convictions, set for this morning in Judge Dwyer's court, was continued until Thursday morning. Attorney Dan T. The defendant gave his consent to the withdrawal of Mr. Malloy and the court warned him to get another attorney at the earliest moment as his case would surely come to trial on the day set.

Drinking of Water.

(By V. M. PIERCE, M. D.)

The general conclusions of the latest Medical Scientists prove that drinking of plenty of pure water both between meals and with one's meals is beneficial to health. It has now been proven by means of the X-rays and actual tests upon many healthy young men that the drinking of water with meals is not harmful to digestion. Therefore if you want to keep healthy drink plenty of pure water (not ice water). If you ever suffer from backache, lumbago, rheumatism or any of the symptoms of kidney trouble—such as deep colored urine, sediment in urine, getting out of bed at night frequently and other troublesome effects, take a little Anuric before meals. These Anuric Tablets can be obtained at almost any drug store.

A Letter from a North Dakota Man

Cavalier, Pembina Co., N. Dakota.

"Some years ago I was in a run-down condition and felt the need of a tonic. Somebody recommended Dr. Pierce's Golden Medical Discovery to me and I found it to be splendid in restoring me to health. I am very glad to recommend this medicine to any person requiring a tonic, because I know it can't be beat."

Dr. Pierce's Pleasant Pellets not only the original but the best Little Liver Pills, first put up over forty years ago by Dr. J. C. Pierce, have been much imitated, but none equalled, as thousands attest. They're purely vegetable, being made up of concentrated and refined medicinal principles extracted from the roots of American plants. Do not give up, one or two for stomach corrective.

Moderate winds are necessary in Nature's scheme.

BUT when whipped into hurricanes (an extreme state) they become destructive. Extremes of every kind are bad. An intemperate use of alcoholic beverages is injurious. On the other hand, it is well known that total abstinence practiced for generations, as in Turkey and India, dwarfs and narrows the mind, impoverishes the body and causes the eventual decay and subjugation of nations.

BUDWEISER is a happy medium—it is a mild Barley-Malt and Saazer Hop brew—truly the drink of Moderation. Its use has always spelled Temperance, and it brings to mankind a kindly sense of good cheer, banishes old dull care, and its life-giving juices are beneficial to all. **BUDWEISER** sales exceed all other beers by millions of bottles.

SIX CYLINDER CAR IS SOLD FOR \$30 BY U. S.

Horse, Saddle and Five Blankets Bring Only \$19.50 Under Auction Bids.

Deputy United States Marshal P. J. Moore believes that the people of Dickinson, a Crow Indian agency, have but very little idea of values and less respect for the government's need of money. The deputy marshal returned last night from Dickinson, where he sold some goods that had been confiscated by the government.

A large six-cylinder motor car, in good running order and with fair tires, brought the sum of \$39, a Dixon merchant bidding it in. At the same time a "silver," in good condition, brought \$190. A saddle horse, saddle, bridle and five blankets brought a total of \$19.50, one of the blankets being sold by the lucky bidder for \$5 a few hours after the sale, making the total for the horse, saddle and four blankets \$14.50.

"There were only a few people attending the sale," said Mr. Moore. "It was snowing all day and the place of sale being four miles from town few left their homes. I never saw good articles go so cheap."

Mr. Moore and Deputy Sheriff Duncan of Missoula last night brought seven men to Butte. All seven were under indictment on charges of introducing liquor upon the Indian reservation.

HUNDREDS OF THOUSANDS OF CARIBOU IN GREAT HERD

Dawson, Y. T., Oct. 30.—Hundreds of thousands of caribou are reported roaming the hills 50 miles west of here in the Glacier and Forty Mile regions. Game is scarce in the immediate vicinity of Dawson, however.

A Valuable Health Hint.

If the bowels are not working regularly, undigested food in the stomach may set up a condition of auto-intoxication and pollute the whole system with poisons in the blood stream. Foley Cathartic Tablets keep the bowels open and regular, the liver active and the stomach sweet. They cause no pain, nausea nor griping. They relieve indigestion, sick headache, biliousness, sour stomach, bad breath or other conditions caused by clogged bowels. Newbro Drug Co.—Adv.

FROM THE LAND OF CARMEN, TORTOLA COMES TO DANCE

TORTOLA DE VALENCIA

She has just arrived to show American playgoers how they dance in hot-blooded Spain.

HEAVY DEMAND FOR THE TREASURY NOTES

Washington, Oct. 30.—Subscriptions reported today to the treasury's offering of certificates of indebtedness ran the grand total for the issue so far up to \$429,974,000 and made a new record.

The offering is still open and indications are that subscriptions will exceed \$500,000,000.

Today's receipts from subscriptions to the certificates and payments on the second Liberty loan swelled the balance in the treasury to \$258,374,651, the highest record since the first Liberty loan negotiation.

OCTOBER, 1911, HAS THE SNOW RECORD

Twenty-two inches of Snow Were Recorded on the 11th.

A careful examination of the records of the weather bureau in the office of the Butte Electrical Railway company this morning shows that on Oct. 11, 1911, there was a precipitation of 2.2 inches. The original record shows that early in the day there was rain and that towards evening the rain changed into snow, and while the snow melted rapidly, there was a snowfall of about 22 inches.

It is said by old-timers here that in places there was a record of 24 inches of snow on that day. Thus therefore is the real snow record for October. The facts about Oct. 11, 1911, came to light when readers of the Post perused the weather figures published in the Post last evening.

October of 1911, therefore, holds the palm for the heaviest snowfall of any October in the history of the county of Silver Bow, while the present month comes a close second.
