Mr. and Mrs. Louis Bromberg of Scobey spent Christmas vacation visiting at Plentywood and Reservoir. They returned to their home at Scobey via passenger on Monday.

Lyle Strong and "Swede" Johnson have shot a few coyotes from their plane during the holidays. They say it is quite a sport to "pot" them from the plane.

Walter Erickson of Westby was a business visitor in town Monday.

Ed Hanna of Raymond was a Plentywood caller Monday.

The thaw Monday ended in the form of a severe blizzard on Tuesday and Wednesday. Reports from the western part of the state indicate a high wind in some places, doing severe damage to buildings. The weather bureau at Denver reports the lowest barometer reading ever recorded there. Thursday the sun came out clear with sharp freezing temperature.

Mr. and Mrs. Jack Bennett were weekend guests at the home of Sid Bennett in Scobey.

Don't forget the YCL meeting and big dance afterwards at the Temple Friday at 8:00 o'clock. Everybody welcome.

Sheridan County Studen's Enroll In N. Mont. College

Enrollment in Northern Montana College established a new record at the opening of the winter quarter. 213 students have enrolled, showing an increase in total enrollment of 99 percent over the winter quarter of last year.

Three students of former years have re-registered, Helen Mills of Big Sandy, William Wallinder of Havre, and Isabelle Hanson of Turner. Twenty-three new students began their college work at the opening of the winter quarter. Among those from this section are Mary Eaton, Dooley; Clair Johnson, Leo Lund, Tula Lund and Gladys Peterson, Outlook; Elsie Stomsvik, Richland; Laura Holyk, Scobey.

Outlook Young Lady Bride In Minneapolis

Word was received in Plentywood the first of this week of the marriage of Miss Ruth Olson, daughter of Mr. and Mrs. Nels Olson, prominent farmers of the south Outlook country, to Mr. Sidney A. Wallin, son of Mr. and Mrs. H. S. Wallin of 2221 30 Ave. South, Minneapolis, on December 30th, 1931.

The bride is well known both in the Outlook and Plentywood communities, where she has gained a large number of friends by her pleasing personality. She came to Sheridan county in 1910 and has resided since that time with her parents south of Outlook. While we are not acquainted with the groom, we will rely on Ruth's excellent judgment that she has chosen a husband of sterling quality.

The happy young couple will make their home at Excelsior, Minn., where the well wishes of a host of friends go with them for a happy and prosperous wedded life.

Henry Karstens Died Monday, Pneumonia

Henry Karsten, pioneer of the Plentywood country, died January 11, 1932 at the Sheridan Memorial hospital. He had been sick for only a week with pneumonia when he suddenly took a turn for the worse. He leaves and wife and two children: William, 10; Leo, 6; and two sisters, Mrs. John Dietrich of Clear Lake, Minn., and Mrs. Frank Dietrich of Plentywood; also two step-brothers: Fred and Edward Abeling of Cashmore, Wash.

A son William had just recovered from a bad case of pneumonia at the local hospital and Leo is there at the present time convalescing after an operation for appendicitis.

Mr. Karsten was 21 years of age when he first came to Plentywood in 1907. He homesteaded about eight miles northwest of this city and has resided there ever since. He has many friends in this community who sympathize deeply with his grief-stricken wife and family in their bereavement.

Funeral services will be held at the Lutheran church Friday at two o'clock, Rev. Simundson officiating. The Fulkerson-Nelson Mortuary will supervise the funeral services.

Faster Cars Coming

Within ten years streamlined cars of much higher speed will make present highways obsolete. Super highways with multiple traffic lanes will take their place. This prediction is made by Joseph Ledwinka, automobile designer and authority on streamlining, who says that touring speeds of 70 miles an hour will be common.

"The modern automobile is a cumbersome thing," Ledwinka asserts. "Its exposed surfaces offer maximum resistance to the wind. Streamlining will cut down much of this resistance, and the car of the future will glide along the road unhampered by wind or by the vacuum which now attacks the rear of the car and retards its progress."

HANDS OFF THE CHINESE MASSES!

Farmers managed to bring all funds back on a cash basis before they were kicked out. At that time the county treasury was robbed of \$106,000 in cash and papers. It was no loss to the county; it was all insured and after years of delay was all paid back to the county with 8% interest. The capitalist papers all blamed it on to the farmers' administration. Others hinted at Joe Dolin and Frank French, the present chairman of the county board. Who did it was never found out. Robbing the county treasury was a paying job in those days. Today a person could not get enough out of it to pay for gas to get away on.

COUNTY AGENT'S MOUTHPIECE SHUDDERS

By HANS RASMUSSEN

In order to boost the County Agent, the Plentywood Herald prints parts of his yearly report, sent by him to some higher-up leader in Bozeman.

The Herald has practically no circulation. Its entire mailing list you could use when you are all by yourself and still be looking for more paper to finish the job with. Were it not for the county graft handed to it by the two county commissioners, there would be no Herald in which the County Agent could print his report, and it would be just too bad.

The farmers of Sheridan county have circulated petitions, have demonstrated and demanded, that the Commissioners get rid of the county agent, claiming he is not doing the farmers any good, but is doing them a lot of harm. And here comes the Herald and tells us what a wonderful man we have, and we did not know it. The Herald is read by only a few mainstreeters so we will help it along by telling the farmers what the county agent did for them, according to his own report.

During the month of July and August he handled 700 feed loans. During October and November, he handled over 1,000 feed loans. Up to November 30th, more than 800 applications were approved.

He started three gypsum demonstration plots on the Big Muddy flat.

He saw to it that many thousands of trees were planted last spring and some of them lived.

He mixed gopher poison and sold it at cost. More land was covered and more gophers killed than ever before.

He tested three flocks of poultry for bacillary white diarrhoea. He conducted the building of several poultry houses.

He expanded the acreage of Bison 300%.

He saw to it that 40 carloads of hay, 66 carloads of grain and 12 carloads of cottonseed cake were shipped into the county.

He visited 638 farms and entertained 2634 people in his office, besides using his telephone 435 times.

He sent out 1,000 letters and 1,188 bulletins besides 14 forms of circular letters.

He improved the 4-H Club as never before. Did so many other

OUR BUSINESS ADMINISTRATION

By HANS RASMUSSEN

The Commissioners' Proceedings printed in the last issue of the Producers News gives a lot of food for thought.

On December 8th, the commissioners met. The county was in the hole. Instead of reducing expenses they had increased them, had hired more help, kept on issuing note warrants, worthless paper when there is no money to back it up with, and there was no money. So they started advertising, wanted somebody to buy funding bonds—seventy-nine thousand dollars worth of them—so they could cash the bum warrants they had issued for that amount.

On December 8th they met to find out who had given the lowest bid—and there was not a bid. Nobody was interested in Sheridan county funding bonds. Nobody wanted them at any price. There they sat: the whole Sheridan county "business administration," elected by mainstreet. They were stuck: their way of doing business had only been approved by some local saps, the rest of the world had given them the cold shoulder and left them with an armful of warrants—\$79,000 worth of them that nobody would buy.

Going back a few years is interesting. After the farmers started their own paper there was a time when the farmers could elect every county officer, but never at any time did they have full control of the county board. At the time the farmers took over the administration, county funds were also low and outstanding warrants were many. But somehow these farmers managed to bring all funds back on a cash basis before they were kicked out.

At that time the county treasury was robbed of \$106,000 in cash and papers. It was no loss to the county; it was all insured and after years of delay was all paid back to the county with 8% interest. The capitalist papers all blamed it on to the farmers' administration. Others hinted at Joe Dolin and Frank French, the present chairman of the county board. Who did it was never found out. Robbing the county treasury was a paying job in those days. Principal, Teachers Quit Under Charges

MORGANTOWN, W. Va., Jan. 8.—Charges of immoral conduct, based on the story of peeping janitors, against the suspended principal and two teachers, were dropped Friday.

Indictments against the principal J. T. West, and Blanche Garfield and Esther Williams, the teachers, were nolle prosequo on motion of Prosecuting Attorney Albert Shuman, who said he acted on the unanimous request of the Morgantown district board of education.

Shuman told Judge Charles G. Baker the board abandoned the prosecution after West and the teachers agreed to resign.

West was tried in October on an indictment charging him with having immoral relations with Miss Williams. The jury disagreed.

Smith, Ingbrit Haugen and Walter Peterson of Elkhorn District were the shoppers in our city on Saturday.

FARMER NEWS LIES OF OUR COUNTY AGENT STOOLO PIGEON

Seed Loan Committee Next Spring Must Be Named By Farmers to Prevent Discrimination Again.

Reserve, Mont. Jan. 6, 1932.

County Agent, Plentywood, Mont. Dear Sir:

When we were at your office asking for your resignation, you wanted to know what was wrong with your reply to my previous letter asking for the privilege of the farmers appointing one member on the seed loan committee for next spring.

I will tell you one thing that is wrong with it. You advised me to not send the name to you but direct to Grand Forks.

We are not so ignorant but we know that as long as you are county agent here any name sent in without your recommendation will be given no consideration at that office. The Grand Forks man said as much himself when I asked him.

If you really would like to have us appoint a man on this committee you would have asked us to do everything in your power to have him appointed.

You are not co-operating with the farmers nor are you in sympathy with them, so it is to our advantage that you be discharged.

It is surely foolish for this bankrupt county to pay you wages when you do us harm.

The excuse you have constantly given for not having any farmers on this committee, is that a farmer could not get a loan if he was. This the Grand Forks man also named as false.

He told me you were no friend of his, but they had received a telegram stating that you were in hot water and needed help.

After he had listened a little while to the evidence against you, I failed to notice him trying to give you any support.

It seemed to take only a very short time to convince him that we had a just grievance against you.

When we later came to your office, he certainly left you to sink by yourself. He even gave us support as these statements he gave me prove.

I know you apologized to me for having previously made the statement that the farmers who had not been able to pay their federal loan were crooked, but this helps very little.

You had peddled this idea to the extent that even your secretary was arguing this with one of my neighbors, when we were at your office last fall trying to find out why our loan was not granted.

You might be more careful in the future to not show your true colors, but we know we have your sympathy and it is impossible for a man to do worth-while work while this is lacking.

Yours truly, GONIUS LAURSEN.

COMMISSIONERS PROCEEDINGS

(Continued from last week)

BE IT RESOLVED, By the board of county commissioners of Sheridan county, Montana, that the following bonds be printed or lithographed at the expense of the county at large, and that the rate of six percent be payable through a period of ten (10) years from the date of issue: One thousand Dollars (\$1,000.00), dated on the first day of January, 1932, and bearing interest at the rate of six percent per annum, payable semi-annually on the first day of July and the first day of January in each year, and be redeemable in full five (5) years from the date of issue and on any interest due date thereafter.

BE IT FURTHER RESOLVED, that each and all of said funding bonds and every coupon attached thereto shall be entirely separate and distinct from any other series or issue of bonds and that such levy shall be high enough to raise an amount sufficient to pay all the interest on and so much of the principal of any such bonds as will become due and payable during the current fiscal year or within ninety (90) days thereafter.

FRANK FRENCH, Chairman, Board of County Commissioners, Sheridan County, Montana.

BE IT FURTHER RESOLVED, that the Board of County Commissioners of Sheridan County, Montana, do hereby certify that the following bonds be printed or lithographed at the expense of the county at large, and that the rate of six percent be payable through a period of ten (10) years from the date of issue and on any interest due date thereafter.

BE IT FURTHER RESOLVED, that the printing of said series of bonds, as to date, amount of each bond, due date, and interest on all other acts pertaining to the printing and issuing of said bonds shall be in accordance with and full compliance with the Resolution passed and approved of by this board of county commissioners of Sheridan county, Montana, on the 4th day of November, 1931, pertaining to the issuing of said funding bonds.

BE IT FURTHER RESOLVED, that after the printing and execution of said funding bonds, as herein provided, the same shall be delivered to the County Treasurer who shall place thereon the date of delivery, and the money derived from the sale of such bonds shall be placed in the County Treasury in a separate fund to be used only for the paying and retiring of such legal and valid County Warrants which were drawn upon the following funds, and in the following amounts to-wit:

Thirteen Thousand Two Hundred Dollars (\$13,200.00) on the General Fund; Fifty-seven Thousand Dollars (\$57,000.00) on the Road Fund; Three Thousand Dollars (\$3,000.00) on the Poor Fund; and Fifteen Thousand Eight Hundred Dollars (\$15,800.00) on the Poor Fund; and after receiving the proceeds from such sale of such bonds, the County Treasurer shall make call for all such outstanding County Warrants heretofore issued by Sheridan County, Montana, prior to July 1st, 1931, on the different funds above mentioned.

BE IT FURTHER RESOLVED, that the form of such funding bonds as heretofore authorized, to be printed, issued, and executed by

FRANK FRENCH, Chairman, Board of County Commissioners, Sheridan County, Montana.
