

BABY'S WATERY ECZEMA

Itched and Scratched Until Blood Ran—\$50 Spent on Useless Treatments—Disease Seemed Incurable.

Cured by Cuticura for \$1.50.

"When my little boy was two and a half months old he broke out on both cheeks with eczema. It was the itchy, watery kind and we had to keep his little hands wrapped up all the time, and if he would happen to get them uncovered he would claw his face till the blood streamed down on his clothing. We called in a physician at once, but he gave an ointment which was so severe that my babe would scream when it was put on. We changed doctors and medicine until we had spent fifty dollars or more and baby was getting worse. I was so worn out watching and caring for him night and day that I almost felt sure the disease was incurable. But finally reading of the good results of the Cuticura Remedies, I determined to try them. I can truthfully say I was more than surprised, for I bought only a dollar and a half's worth of the Cuticura Remedies (Cuticura Soap, Ointment and Pills), and they did more good than all my doctors' medicines I had tried, and in fact entirely cured him. His face is perfectly clear of the least spot or scar of anything. Mrs. W. M. spot or scar. Mrs. W. M. Comerar, Burnt Cabins, Pa., Sept. 15, 1908."

Pleaded Guilty.

"In this business," remarked the customer in the drug store, "I suppose you acquire more or less knowledge of therapeutics?"

"Oh, I know all about 'em afore I came here," replied the new boy. "I had 'em when I was six years old and they broke out all over me."

JUST DOUBLE
320 ACRES INSTEAD OF 160 ACRES

160 ACRES IN WESTERN CANADA FREE As further inducement to settlement of the wheat-raising lands of Western Canada, the Canadian Government has increased the area that may be taken by a homesteader to 320 acres—160 free and 160 to be purchased at \$3.00 per acre. These lands are in the grain-raising area, where mixed farming is also carried on with unqualified success. A railway will shortly be built to Hudson Bay, bringing the world's markets a thousand miles nearer these wheat-fields, where schools and churches are convenient, climate excellent, railways close to all settlements, and local markets good.

"It would take time to assimilate the revelations that a visit to the great empire lying to the North of us unfolded at every turn."—Correspondence of a National Editor, who visited Western Canada in August, 1908.

Lands may also be purchased from railway and land companies at low prices and on easy terms.

For pamphlets, maps and information as to low railway rates, apply to Superintendent of Immigration, Ottawa, Canada, or the authorized Canadian Government Agent:

AILING WOMEN.

Keep the Kidneys Well and the Kidneys Will Keep You Well.

Sick, suffering, languid women are learning the true cause of bad backs and how to cure them. Mrs. W. G. Davis, of Groesbeck, Texas, says: "Back-aches hurt me so I could hardly stand. Spells of dizziness and sick headaches were frequent and the action of the kidneys was irregular."

Soon after I began taking Doan's Kidney Pills I passed several gravel stones. I got well and the trouble has not returned. My back is good and strong, and my general health is better."

RUSSIAN NOBLEMAN'S WOOING.

Posed as a Lady's Maid to Make Acquaintance of a Baroness.

A St. Petersburg paper publishes details of a Russian romance in which figures the wealthy and beautiful young Baroness Urusoff, the widow of a distinguished Russian government official.

All the young cavaliers of Moscow were hopelessly in love with her. The baroness, however, rejected all attempts to obtain an introduction to her and lived in perfect seclusion, attended only by an elderly relative. Some months ago a young peasant girl began to visit the residence of the baroness, offering the servants cheap articles for sale. Subsequently the baroness used to buy different articles from the peasant, who was intelligent, had good manners and considerable conversational talents. The baroness eventually asked the girl whether she would enter her service as a lady's maid. She agreed and discharged her duties to perfection for a fortnight and then revealed "herself" as a young Russian nobleman named Maximoff, who, taking advantage of his fair hair and complexion, had masqueraded as a domestic servant to break down the barriers with which the beautiful baroness had surrounded herself.

The baroness was so much impressed by his extraordinary perseverance that she became engaged to him, and the marriage took place a few days ago.

"COFFEE DOESN'T HURT ME"

Tales That Are Told.

"I was one of the kind who wouldn't believe that coffee was hurting me," says a N. Y. woman. "You just couldn't convince me its use was connected with the heart and stomach trouble I suffered from most of the time. My trouble finally got so bad I had to live on milk and toast almost entirely for three or four years. Still I loved the coffee and wouldn't believe it could do such damage."

"What I needed was to quit coffee and take nourishment in such form as my stomach could digest."

"I had read much about Postum, but never thought it would fit my case until one day I decided to quit coffee and give it a trial and make sure about it. So I got a package and carefully followed the directions."

"Soon I began to get better and was able to eat carefully selected foods without the aid of pepsin or other digestants and it was not long before I was really a new woman physically."

"Now I am healthy and sound, can eat anything and everything that comes along and I know this wonderful change is all due to my having quit coffee and got the nourishment I needed through this delicious Postum."

"My wonder is why everyone don't give up the old coffee and the troubles that go with it and build themselves up as I have done, with Postum."

Easy to prove by 10 days' trial of Postum in place of coffee. The reward is big.

"There's a Reason."

FOR GRAINING PAINT.

Hereafter it will not be necessary for a painter to learn graining and such work will probably not command such high prices as it does now. An Ohio man has produced a handy little tool that is destined to revolutionize this work, for it means an incalculable saving in time, and the graining is

Saves Time and Needs No Skill.

more accurately done. This tool consists of a head made in the form of a quarter cylinder, a handle for the head and a rubber graining pad composed of concentric ribs and a graining surface of irregular projections, which fits on the head. To imitate graining all that is necessary is to give a board a thin coating of paint and pass the tool over it, as if it were a blotter. The design on the pad thus leaves its impression on the paint and a whole door can be "grained" by this process in a fraction of the time it once took to paint in every curve and twist and knot. No skill is required in the use of the tool, only a little practice.

VIRGINIA CITY TODAY.

The Gold Seekers Have Gone and the Town Is Dilapidated.

Virginia City is indeed a strange town—a living skeleton. In the height of its opulence it boasted a population of 30,000. Today there are less than one-tenth that many. Dilapidation and ruin are seen on every hand.

The chief streets terrace along a great hillside. Further up the slope are wastes of sagebrush growing in stunted clumps that half hide the earth with their gray twigs and foliage. Down below is a valley where the mines have dumped vast heaps of waste.

The entire region is a wild upheaval of hills and around the horizon are seen ranges of snowy topped mountains. The only trees are an occasional gnarled scrub pine or dwarf cedar a few feet high.

The town streets are rough and dirty, and as I walked about I was constantly encountering old tin cans and getting my feet tangled up in wires from the baled hay. Buildings in good repair are rarities. There are tottering fences and ragged walls and broken roofs and smashed glass and many windows and doors are boarded up.

The search for gold has resulted in tearing the country all to pieces. Everywhere the hills are dotted with prospectors' holes. From any height you can see dozens—perhaps hundreds of woodchucks or prairie dogs. The region along the Comstock lode abounds too in deserted shafts.

IDOL OF THE CAMEROONS.

Imitation Tortoise is an Object of Worship.

One of the principal objects of worship by dwellers in the Cameroon mountains is the imitation tortoise pictured above.

It does not appear exactly true to nature, because workmanship of that kind is in a very crude state in that section. The bulider and the worship-

ers both probably regard it as a marvel of high art, however. The native shown beside the idol is one of the priests in attendance.

Devotees of the tortoise reside on the slopes of the Cameroon mountains, in the German dependency on the west coast of Africa. The mountains are the highest on the coast, and their tops are covered with snow.

Let Me Tell You Something

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is to blame for her own wretched condition.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what these women say:

Camden, N. J.—"It is with pleasure that I send my testimonial for Lydia E. Pinkham's Vegetable Compound, hoping it may induce other suffering women to avail themselves of the benefit of this valuable remedy."

"I suffered from pains in my back and side, sick headaches, no appetite, was tired and nervous all the time, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound made me a well woman—and this valuable medicine shall always have my praise."—Mrs. W. P. Valentine, 902 Lincoln Ave., Camden, N. J.

Eric, Pa.—"I suffered for five years from female troubles, and at last was almost helpless. I tried three doctors but they did me no good. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and it has made me well and strong. I hope all suffering women will just give Lydia E. Pinkham's Vegetable Compound a trial, for it is worth its weight in gold."—Mrs. J. P. Endlich, R. F. D. 7, Eric, Pa.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.
