

## Entertained the Whist Club

On Thursday evening of this week, Mrs. Frank J. Stipek and Mrs. Roy McLeran entertained the members of the Bridge Whist Club and their husbands at a gentlemen's evening, at the home of Mrs. Stipek. The house was very tastily decorated in the colors of the club, with hearts and spades. Cards were indulged in throughout the evening, Mrs. T. J. Bushell winning the lady's high prize and Mrs. Geo. T. Hansen winning the lady's "booby" prize, while Geo. Scarlett won the gent's high prize and P. A. Fischer the gent's "booby" prize. A delightful luncheon was served and those present report a most enjoyable time.

On Tuesday evening the ladies met and organized and the first and third Tuesday of each month will be the meeting nights at the Masonic hall.

## Friend of "Dad" Wills Writes

Salt Lick, Ky., Feb. 16, 1914  
My dear Mr. Lundner:

I see in your valuable paper a sketch concerning Mrs. Orgain and the dairy business. I cannot refrain from adding to the sketch that Mrs. Orgain "was bred in old Kentucky where the meadow grass is blue". She is only a "Montana adopted daughter". Hundreds of people remember her here, a small girl in short dresses as Mr. and Mrs. Wills had a wide acquaintance here. When "Dad" left here he personally knew nearly every man in Clark Montgomery and both counties. Mrs. Orgain resembles her mother, at her age, who was considered the handsomest girl in the community. Mrs. Orgain is the offspring of two of the oldest and best families in old Kentucky and "blood will tell" as much as in cattle, horses or any animals of any kind. No doubt Mrs. Orgain swells with pride when she is asked her birth place—Old Kentucky. True, to the unenlightened means, "dark and bloody" ground because when a crime is committed here some smart aleck draws on his imagination with large head lines to sell his paper and lies like a dog.

The birth place of Mrs. Orgain sends cheer galore and may the daughter of Kentucky be crowned with success.

Respectfully,  
Ben F. Piersall.
