

SYMPATHETIC MASS MEETING

Will Probably Be Held in Behalf of the Cubans Soon.

FROM OCEAN TO OCEAN. Every Lover of Liberty Will Be Called Upon.

Churches of All Denominations and All Fraternal and Benevolent Societies Will Be Expected to Send a Cheerful Word to the Patriots Who Are Now Struggling for Freedom. Who Are Under the Spanish Yoke.

CHICAGO, Oct. 4.—Every mayor of every city, town and village throughout the United States will be advised and requested by the executive committee of the Cuban sympathetic mass meeting held in Chicago last Monday night to confer with the most prominent and public spirited citizens within their respective municipalities to arrange for a national mass meeting the night of Thursday, October 21, for the purpose of maintaining a kindly feeling toward the suffering and patriotic Cubans who are struggling for liberty. The committee will also call upon every prominent organization in the country for the co-operation of its branches in every section. Churches of every denomination and fraternal and benevolent societies will also be called upon for assistance in making the mass meeting on Oct. 21 a great wave of public opinion and sympathy for the Cuban cause from the Pacific to the Atlantic and from British Columbia to Mexico.

MEXICAN MATTERS.

Marvelous Growth of the Country Attributed to a Silver Basis. CITY OF MEXICO, Oct. 4.—In a previous telegram to the Associated Press, Mexico's exportations for the fiscal year ended June last was stated at \$34,000,000. It should, however, be noted that it is expressed in gold, according to invoice of merchandise, so that taking it at 80 per cent exchange, a fair average for the year, the amount was \$61,200,000, silver, as against exports of \$90,854,953, making the total volume of foreign trade \$152,000,000 in round numbers. Imports from the United States amounted to about \$30,000,000 silver value.

The marvelous growth of Mexico's commerce is attributed by the Herald to the country's being on a silver basis, which acts as a stimulus to every industry and is leading to the establishment of new manufactures each week, among others being a great paper mill projected by Americans, also woolen and cotton mills etc.

Minister Ransom contradicts the absurd stories regarding his health, which he says has not been so good for many years.

A Mr. Engher, representing a Manchester, England, house, met with a painful accident at Puebla while trying to board a train. He was thrown from the train and his leg was broken. Cotton mill owners are excitedly discussing the rise in prices. American cotton is largely imported to mix with the native article. Cotton here shows sympathetic advance in price.

The governor of the federal district has strictly forbidden gambling at Guadalupe now that the religious fetes have begun there, and the gamblers are ordered to leave the district by the general Rincón Gallardo.

THE OLD STORY.

"Oh, What a Tangled Web We Weave, When First We Practice to Decieve." ALBUQUERQUE, N. M., Oct. 4.—Arthur Murray and bride arrived in this city a month ago last night from Boston, Ariz. having been married there Sept. 1. Last Tuesday he left his wife at the Arlington, stating that he would return at 5 o'clock p.m. This morning his wife received a letter from her husband, saying that his dead body would be found in room 21 of the Bachelors' lodging house. Murray cut his throat, severing the carotid artery, and had also cut his left arm and leg. He left two letters to his wife, enclosing a check for \$30 drawn by Arthur Cutler, a merchant of Bonita, Ariz. He belonged to the A. O. U. W. lodge. The assize no reason for the rash deed, but his wife believes he had a former wife living in St. Louis.

IN BOSTON.

Republican State Convention Will Meet There Today.

BOSTON, Oct. 4.—Tomorrow the Republican state convention is to be held at Music hall, and there is an unprecedented gathering of delegates in the city this evening. In the hotel corridor affairs early took an appearance of a mutual admiration society. There was little doubt in the minds of all present that Governor Greenhalge would meet with but little opposition. There was slight discord in the midst of harmony, however, in a gathering of the A. F. A. or anti-Greenhalge forces who occupied the parlors. Notices were conspicuously displayed about the corridors of the hotel announcing the headquarters of the anti-Greenhalge forces, and many visitors were taken out to what extent the police will be at the convention.

THE SCENES IN THE CHURCHES

They Are Heartrending and Deplorable in the Extreme.

THE ARMENIAN ATROCITIES

American Sympathy Is Badly Needed.

All That the Armenian People Ask is Protection for Life, Honor and Property, and Surely Such a Demand Should Meet With the Sympathy of the American People—Facts About the Massacres.

CONSTANTINOPLE, Oct. 4.—Thursday evening the Armenian church at Constantinople and other churches in different parts of the Turkish capital were still crowded with refugees. There are nearly five hundred Armenians in the Patriarchate church alone. The scenes in the churches are heartrending in the extreme. Many women and children are bewailing the loss of husbands and fathers. The Armenians declare the Turkish mob committed the most terrible excesses in Karaghioz Muz, a quarter of Constantinople, during the night of Monday last. A woman named Agavhat, who was eight months pregnant, was ripped open, it is claimed, and the child exposed to the jeering mob. When the same woman's daughter, only two years old, was criminally assaulted. It is still impossible to give the exact number of killed or wounded. All accounts concur in saying that the loss of human life is incalculable. According to the Armenians, about 200 persons have been killed during the rioting. A deputation of forty leading Armenians called on the British ambassador, Sir Phillip Currie. They were informed that Sir Phillip was absent, but they said they had come to see him, and would wait there until he appeared.

CLARK TALKS.

Montana Democrats Will Send no Man Who is Not "Sixteen to One." (Special to The Herald.) BUTTE, Mont., Oct. 4.—Hon. W. A. Clarke, the millionaire mine owner and politician, who is credited with an ambition to secure the nomination for the vice presidency on the Democratic ticket, has received from Senator Jones, of Arkansas, notice of his selection as the Montana representative on the national convention of Democratic bimetalists, organized at the Memphis convention. In accepting the honor, in a letter written today, W. A. Clarke says: "I am convinced that the only hope for the restoration of silver lies in the success of the important movement inaugurated by the distinguished members of the Democratic party who met in Memphis, looking to the control of the national Democratic convention and the nomination of a bimetalist for the presidency. I believe that this opinion is universally held by the Democrats of this state, and that you may confidently rely upon the delegation that Montana will send to the national convention to support none who is not an unequivocal and outspoken bimetalist on the basis of 16 to 1."

PROF. BOYSEN DEAD.

Succumbs to an Attack of Neuralgia of the Heart. NEW YORK, Oct. 4.—Professor Hjalmar Hjorth Boyesen, of Columbia college, the Norwegian author, died this morning of rheumatism of the heart, after an illness of two days. Professor Boyesen was born in 1848. He graduated from the University of Christiania in 1868. When he came to this country in 1869 he went to Chicago, where he became editor of the Fremad. Five years after coming to the United States he was appointed instructor in German at Columbia college. Among the writings of Professor Boyesen were "The Story of Norway," "Lives of Goethe and Schiller," and "Lives of Two Hemispheres." He was a lecturer as well as a novelist and essayist. Among his friends were numbered such men as Victor Hugo and Tourgueneff. He leaves a widow and two children.

PORT ARTHUR.

Reported Cession to Russia Once More Comes to the Front.

NEW YORK, Oct. 4.—A special to the Herald from London says: With the reported cession of Port Arthur to Russia, which has been reported by the official London press, Petersburg, the eastern question has suddenly come to the front again. Minister Kato, the Japanese representative at St. James, in an interview said: "There need be no mystery as to our delay in evacuating the Liao Tung peninsula. The Japanese are simply awaiting for the first payments stipulated by the treaty of Shimonoseki. When these payments are made the Japanese troops will be withdrawn. I don't think that Russia will press for evacuation only. Rather I should think she will urge China to pay the necessary portion of the indemnity."

ST. PAUL.

She Walks the Waters Like a Thing of Life. GLOUCESTER, Mass., Oct. 4.—The big ocean steamship St. Paul, built by the company of Philadelphia, as a sister ship to the St. Louis, made an average speed of 24.5 knots an hour in her official trial trip of almost 88 hours over the government course off the coast today, and secured another decided victory over all shipbuilders. In every respect the vessel's machinery worked perfectly, and there was no complaint of the boilers as on the preliminary run last Wednesday. The vessel cut through the waves gracefully and easily with a noticeable lack of vibration. Her builders believe that when the stiffness of her machinery had worn away she will equal the St. Louis record of 24.3 knots an hour. Today's trial was under the supervision of the government trial board, who took careful notes of the vessel's performance to determine her eligibility as a United States mail steamship and as an auxiliary cruiser of the United States navy. In the event of war, she would be a valuable asset. She is 300 knots an hour, proved herself steady and powerful, and in every respect meets the demands of the government.

FRISCO MAY MAKE A BID.

Californians Badly Want the Corbett-Fitzsimmons Mill.

SPORTS ARE INTERESTED.

Would Be Worth a Million to the Town.

Hardly Possible That Fitzsimmons Would Agree to Appearing Before the Olympic Club, as Corbett Has Too Many Friends on the Coast—Other Pugilistic Pointers.

SAN FRANCISCO, Oct. 4.—W. R. Vice, ex-vice president of the old California club, believes that if the Corbett-Fitzsimmons fight were brought off here in California it would mean over \$1,000,000 profit to the state. "Dud" White, one of San Francisco's prominent sporting men, had quite a talk with Mr. Vice today about raising a purse for the fight to come to California. The sporting men interested in it are very secret about their plans, but it is hardly possible that Fitzsimmons would agree to appearing before the Olympic club, as Corbett has too many friends on the Coast—Other Pugilistic Pointers.

CHIEF CLAIM

United States Makes a Demand Upon the Siamese Government.

WASHINGTON, Oct. 4.—The United States has called upon the Siamese government to settle what is known as the Cheek case. Instructions have been sent to John B. Hays, American resident at Bangkok, to request an immediate settlement of this claim. This claim was made to the state department some two years ago by Dr. M. A. Cheek, who recently died in Siam. It was caused by the action of the Siamese government in confiscating property belonging to him. From his estate, which is in the hands of the American consul at Bangkok, Cheek's widow and other papers forwarded to Minister Barrett, it appears that Cheek entered into a contract with the Siamese government to cut the teak wood which grows in the country and to transport it to a market. Cheek was to assist him to buy elephants and implements, etc. Dr. Cheek, in carrying out his contract, was carried into the enterprise and committed to carry out his contract. The Siamese government became dissatisfied with his operations, and without any intimation of a meeting, and extended an invitation to all organizations who have a desire to unite with the Republican party to a conference tomorrow.

AFTER TAMMANY.

New York Republicans Badly Stirred Up.

NEW YORK, Oct. 4.—Political interest is entirely focused upon the question if the Republicans of the city will secure a fusion ticket in company with the independent organization to oust Tammany. Today the committee on nominations appointed by the Republican county convention held a meeting and extended an invitation to all organizations who have a desire to unite with the Republican party to a conference tomorrow.

Going Ahead.

CORPUS CHRISTI, Tex., Oct. 4.—Fitzsimmons goes right along with his training, notwithstanding the legislature's action at Austin. He says he has an offer from responsible parties to pull off the fight should the Florida Athletic club fail to do so. He says he is determined to give Corbett no possible opportunity to escape him, and that the big dude will either have to fight or leave the country branded as a coward. He is afraid to meet a man who is much smaller than himself.

A Pretty Story.

NEW ORLEANS, La., Oct. 4.—Information from a private source received in the city tonight says that the Choctaw tribe in the Indian Territory intended adopting Corbett as a member of their tribe in order that the light may be brought off in their nation. When asked what he would do under the circumstances Corbett said he would accept the honor. He further said that he would paint his face red near an eagle feather in his hair, and do anything to make himself look like an Indian, just so he could get a chance at Fitzsimmons.

WILLING TO QUIT.

NEW ORLEANS, Oct. 4.—The opinion was expressed tonight by certain sporting men that Corbett is building up a foundation to get out of his fight if possible. It was noticed that every newspaper man who has interviewed him, Corbett talked only on one subject and that was on the many strings that were attached to the Fitzsimmons stake. In every conversation the pugilist indulged in today this subject would be prominently brought forward by Corbett, and he would not say anything about it at that time, else fact gives rise to the suspicion that the conqueror of John L. Sullivan has kept this as his last card.

EASED UP.

Cambridge Boys and Yale Athletes Stop Training. NEW YORK, Oct. 4.—The Cambridge boys eased up a bit at Berkeley Oval this afternoon and the Yale athletes also quit training. The latter left New Haven this evening and they will probably try the course very early tomorrow morning. Captains Horan and Sheldon are both somewhat dubious as to the outcome of Friday's games. Both of them say the question of supremacy lies in the hurdles. World's records are not likely to be broken, but inter-collegiate may be.

When seen this afternoon by a reporter of the Associated Press Captain Sheldon said that the 100-yard dash, as well as the shot, hammer and broad jumps, were as good as won by Yale. He said the events of which he also quit training, the latter left New Haven this evening and they will probably try the course very early tomorrow morning. Captains Horan and Sheldon are both somewhat dubious as to the outcome of Friday's games. Both of them say the question of supremacy lies in the hurdles. World's records are not likely to be broken, but inter-collegiate may be.

Captain Horan was sure that his men would win the 300-yard quarter, half and one-mile runs, but would not say how the hurdles might result. Both captains seemed nervous over the hurdles and these events may turn the tide of affairs and give the Yankees or Britons a victory.

NO DOUBT OF CONVICTION.

Durrant's Chances of Life Growing Less Day By Day.

ALIBI IS KNOCKED COLD.

Miss Cunningham Not Yet in Jail.

Not Only Has the Defense Failed to Do Anything for Their Client, But They Have Actually Strengthened the Case of the Prosecution—Durrant's Reputation May Play a Most Important Part in the Case.

SAN FRANCISCO, Oct. 4.—If the manner in which the attorneys for the defense in the trial of Theodore Durrant are handling their case is any indication of the strength of their position, the prosecution believes the developments of today leave little doubt of the prisoner's conviction. To the surprise of everybody the defense this afternoon began the calling of witnesses to show the previous good character of the young Sunday school superintendent.

By the prosecution this step is interpreted as a confession that the defense has introduced all of the evidence it has to refute the mass of testimony piled up by the people. It is true, the verdict of the jury is a foregone conclusion. Not only has the defense failed to establish an alibi for Durrant, but it has actually strengthened the case against the prisoner.

Good For Her. Miss Cunningham, the newspaper reporter, who was threatened with imprisonment yesterday because she wrote an article in the Herald, was called to the stand this morning and given another opportunity to answer the question. She refused to disclose several details of the district attorney's office, but she did testify in regard to Mrs. Leak's testimony, but instead of sending her to prison the court took the matter under advisement until next Tuesday. In a similar case the court has ruled that California sustained the position of a newspaper reporter, and the court is, therefore, in doubt with regard to its power in the present case.

Whereas, During the summer just past the attention of the country has been directed to the so-called uprising of the Bannock Indians in Idaho, and

Whereas, An impartial and unofficial investigation by the United States Indians of the innocent victims of the whites, resulting in the slaughter of helpless human beings, therefore be it

Resolved, That we call the attention of the United States government to these outrages and request a fearless investigation.

MERELY MOONSHINE.

Doctors Have No Faith in the Sunday Closing Law.

DENVER, Oct. 4.—At the final meeting of the American Public Health association today Dr. Samuel Carrara, director of the National School of Hygiene at Chicago, denounced the discovery by him of a certain cure for yellow fever, which he has already used successfully in a hundred cases. The treatment is by the use of about a drachm from a sanitary standpoint made by Dr. Felix Formento of New Orleans, gave rise to considerable discussion. The report made the following recommendations: To increase the penalty for adulteration; remove the tax on beer, wine and coffee; total prohibition in communities of vicious classes; high license to diminish the number of bar rooms and cause better liquor to be sold; enforce a strict sanitary inspection of all drinks sold in bars; to promote the culture of grapes; double the penalty for selling to minors; drunken men should be compelled to work when sent to jail; condition of workmen should be improved; eating houses should be established.

The committee had no faith in the Sunday closing law.

THE TURF.

TERRE HAUTE, Ind., Oct. 4.—Two new world's records were hung up on this date in the closing day of the 21st class trotting the five fastest heats, with an average of 2:39.15 were made by W. W. W. in 2:39.15, in the first wagon in 2:34, a reduction of 1/4 mile from the record.

225 class trot, purse \$1,000—21st Belmont won, Chas. Belmont second, Sayre third. Time—2:16.

225 class trot, purse \$1,000—Nightingale won, Onoga second, Bandy Jim third. Best time—2:18.

225 class trot, purse \$1,000—Elyth Begon won, Wersburg second, Ira Band third. Best time—2:13.

A PAPER TRUST.

NEW YORK, Oct. 4.—A meeting of the paper manufacturers who have been working up a combination was held in this city today. They include in this list all the mills of New England and New York which can fill large orders. They propose to capitalize these properties at \$5,000,000 and to buy the mills from the present owners on an appraisal based upon a payment of \$20,000 for each ton of daily output, of \$13,000,000, and an advance of \$1,000,000 for timber tracts, power rights, franchises, machine shops and buildings. William A. Russell, of Fall Mountain, is president.
