

I believe that the normal condition will be perfectly established. Fortunately, there is not a single casualty that we have to regret.

The minister has received a number of minor dispatches all indicating an absence of disturbance, and that no apprehension is felt by the authorities. He has given directions that every development be communicated to him and, in view of this fact, does not credit a report that there was another outbreak yesterday, saying that any such outbreak would have been communicated to him, and the report doubtless arose either from a delayed cablegram based on the outbreak violently reported, or else that there was some minor disturbance of such a trivial character, that it did not get to the attention of the official heads of the Cuban government.

## GETTING READY.

Orders For Our Navy to Meet In Florida Waters.

Washington, Jan. 14.—These orders are made by Admiral Sigsbee and are issued in identical form to the commanders of the various ships making up the squadron. They are dated at Fort Monroe, Jan. 11, on board the flagship New York, and begin as follows:

"Sir: The squadron is to be prepared to sail from Hampton Roads, weather and contingent circumstances permitting, with steam for ten knots, at 10 a. m. on Saturday, Jan. 15, for the vicinity of the Dry Tortugas, off the coast of Florida. Vessels will unmoor in the morning, unless a signal is made to the contrary. Squadron under sailing order at 8 a. m.

"The order of the ships will be:—  
"First Division.—New York; (3) Iowa, making the first section; (3) Massachusetts, (4) Indiana, making the second section.

"Second Division.—(6) Texas, first section.

"The fleet will proceed singly to Key West, unless otherwise directed.

"The New York, Iowa, and Indiana will proceed to Key West, and the first sea rendezvous, off Currituck, N. C. Tuesday, Jan. 18, they will proceed to Dry Tortugas, communicating, possibly by long distance, with Key West, in passing that port.

"While the squadron is on the Florida drill ground, which will include occasional anchorages at Dry Tortugas harbor, the point and telegraphic address will be Key West.

"The above dates for sailing and rendezvous are subject to change, due to the completion of the commander in chief, or in case of emergency.

"Should the Brooklyn, Maine or other vessels participate in the drills on the Florida drill ground, the orders will be given in the usual manner, but it is not intended that any of the battleships or armored cruisers (except the Maine) shall enter the harbor of Key West, except by special order of the commander in chief, or in case of emergency.

"(Signed.) "Rear Admiral Commanding U. S. Naval Force on the North Atlantic Station."

## IN TETON BASIN.

## An Attractive Region For Home-Seekers—Jackson's Hole Progress.

Driggs, Ida., Jan. 12.—A party from here went over to Jackson's Hole about ten days since in sleighs, perhaps the first time in the history of that country that women and children had visited the region in winter. The road people in the Hole got up a masquerade ball for their guests and they report having a grand time. Thousands of elk can be seen in that vicinity; the animals are getting somewhat domesticated, as the law protects them at this season of the year.

Two young lions came from Jackson Saturday on horseback, a distance of 40 miles, through snow, from one to four feet deep. That is how Wyoming ladies travel. No "tender foot" about them.

Many people in Jackson's Hole make a livelihood during summer guiding tourists "Jades" as they are styled in this country; through the mountains. This valley is rapidly being settled. Several townships have been laid off and a large immigration is expected in the spring. Six postoffices have been established in the basin and two in Jackson's Hole. Four mercantile houses are selling goods; several saw and shingle mills have been erected and are running; eight district schools with teachers are located here.

All kinds of vegetables, grain, timothy seed, lucerne seed and other farm and garden produce is raised here. Wheat is worth 75 cents, oats 60 cents, hay \$4 per ton, lumber \$10 to \$15 per thousand. Timber is very plentiful, a man can get a load of logs or poles in three-fourths of a day. Grass and water are abundant. There is land enough for hundreds and it is easy to locate upon.

The streams abound with fish, the hills are full of wild fruit in summer. Game is plentiful in adjacent mountains. There are three among them who counsel bringing it forth into the city. Jackson, however, protested vigorously. "The price is too high," he exclaimed, "is still attached."

Footballing his indignation that the price had been raised, they dragged it madly to the gateway.

Frankly "What do you think?" said the young politician, "the most difficult problem that social conditions in this country present?"

Sentor S. G. Smith put his hands behind his back, looked at the ceiling and then replied: "Gettin' elected."

## THE DAY IN CONGRESS

Amendment to the Federal Constitution Offered in Senate.

## THE SEMINOLE LYNCHING

SECRETARY OF INTERIOR INSTRUCTED TO INVESTIGATE.

Large Appropriation to Cover the Expenses of Punishing the Guilty—Information Desired About Sugar—What Effect Hawaii Sugar Has Upon Beet Sugar.

Washington, Jan. 14.—After the transaction of some routine business in the senate today, Mr. Hoar of Massachusetts presented the following joint resolution proposing an amendment to the constitution:

"That the following article be proposed to the legislatures of the several states as an amendment to the constitution of the United States:

"The term of office of president and of the fifty-sixth congress shall continue until the 30th day of April, in the year 1899, at noon. The senators whose existing term would otherwise expire on the 4th day of March in the year 1899, or thereafter, shall continue in office until noon of the 30th day of April, 1899, at noon. The senators whose existing term would otherwise expire on the 30th day of April, at noon, shall thereafter be substituted for the 4th of March as the commencement and termination of official terms of president, senators, and representatives in congress."

The resolution was referred to the committee on privileges and elections.

A clerical error in the resolution introduced by Senator Hoar in the senate today, changing the time for the inauguration of president from March 4 to April 30, has caused some confusion.

The date should have been 1901, which would extend Mr. McKinley's term for a little more than a month instead of shortening it, as would have been the result had the resolution first introduced become a law. Mr. Hoar afterwards changed the date when in accordance with his intention.

SEMINOLE LYNCHING.  
Mr. Quay of Pennsylvania offered the following resolution, which was referred to the committee on Indian affairs:

"Resolved, That the secretary of the interior be and he is hereby instructed to investigate the facts attending the alleged atrocious burning to death of two Seminole Indians by a mob in Oklahoma territory and make a report thereon to congress."

"That the sum of \$25,000, or so much thereof as may be necessary, is hereby appropriated out of any money in the treasury not otherwise appropriated for the investigation, apprehension and punishment of the guilty persons, to be expended under the direction of the secretary of the interior."

FACTS ABOUT SUGAR.  
Mr. Lodge of Massachusetts offered a resolution, which was agreed to, calling upon the secretary of agriculture to supply the senate with information as to the amount of sugar imported into the United States, the amount of beet sugar produced in the United States; with what sugar, imported or domestic, the beet sugar comes into competition, and what effect the Hawaiian sugar has or can have upon beet sugar production in the United States.

IN THE HOUSE.  
Adroit Diplomacy In Preventing a Debate On Cuba.

Washington, Jan. 14.—It was the intention of the house managers to proceed with the diplomatic and consular appropriation bill today, but owing to the excited condition of affairs in Havana and the widely exaggerated reports about, they decided to avoid the possibility of opening up a Cuban debate by relinquishing the day to the committee on claims in charge of bills on the private calendar. Before this order was entered upon, the agricultural bill was passed.

The resolution accepting the invitation of the government of Norway to participate in the international fisheries exposition at Bergen from May to September, 1898, was called up by Mr. Simpson (Rep., Mass.). Mr. Cannon, chairman of the appropriations committee, said that he thought the exposition question in congress was running wild. He had had international exposition bills introduced at Philadelphia, Cincinnati, New Orleans, Atlanta and Nashville, and he was now about to have one at Omaha. Now here comes this proposition to the United States, and he said he would not support it.

Mr. Deliver (Rep., Ia.) thought we would not in the next decade participate in an exposition which would be of more practical value to the United States. The resolution was adopted.

Another resolution was adopted, on motion of Mr. Perkins (Rep., Ia.), directing the director of the geological survey to prepare and have printed 40,000 copies of a map of Alaska, showing the most feasible routes to the gold fields.

Most of the day was consumed in a filibuster against a bill to pay the publishing house of the Methodist Episcopal church, South, at Nashville, Tenn., \$38,000 on account of seizure and use of property of that corporation during the war. This took up the time until 5 o'clock, when the house adjourned.

Never Touched Him.  
Atlanta Constitution: A recent railroad wreck in North Carolina was caused in a peculiar way. A colored man wanted to get a ride, and tried to jump a train of empty flat cars. He missed the car and fell across the track, where the wheels of the train passed directly over him. His body threw two of the cars off the track, and the strangest part of it is that after the cars had run over him, the man was able to get up and walk away. As he looked around him, he was heard to exclaim:

"Well, I never see de like sence I was born. I'll bet my de kake's wages dat railroad'll see me for damages!"

MOTH AWARDED DECISION OVER PAT M'HEUGH.

Purse For a Go Between Kid McCoy and Charlie Goff, the Middleweight—Australian Pugilist Looking For Some One to Fight Him—Sporting News.

Tacoma, Wash., Jan. 14.—Charles Moth was awarded the decision in his wrestling match this evening with Pat M'Heugh. The match was given under the auspices of the Tacoma Athletic club for a purse of \$800 and the gate receipts. M'Heugh assumed the offensive and won the first fall in seven minutes. Moth was awarded the second on a close decision and the third on an alleged foul. M'Heugh's second having touched him while indignantly protesting against a strange hold which Moth had secured.

POLICE INTERFERED.  
Wrangle Over a Contest Between McCoy and Ryan.

Dayton, O., Jan. 14.—An effort was made tonight to pull off the much-talked-of fourth round contest between Kid McCoy and Australian Jimmy Ryan. Both met him on their fighting costumes and the kid was in his corner when a wrangle in Ryan's dressing room stopped the whole business. Ryan was to receive \$125 if he stayed four rounds.

Manager Frank Kelly insisted that the \$125 which Ryan was to receive win or lose should be turned over to Homer Selby, the kid's brother, said that the money was ready, but that Ryan should give evidence of his good faith.

The chief of police arrived and put an end to further proceedings.

Kid McCoy referred the 20-round contest between George Campbell of Toledo and Larry McDonald of Washington to the third round Campbell was a favorite.

Up to the third round Campbell was a favorite. Up to the third round Campbell was a favorite.

Kangaroo Pugilist Wants a Match.  
San Francisco, Jan. 14.—E. Tweedie, an Australian pugilist, has just arrived here in search of a match. He fights at 125 pounds. His last contest was with Mike McGeoff of London, whom he beat in a round and a half before the Grosvenor Sporting club of Sydney. A line can thus be got on Tweedie's ability, as McGeoff easily defeated Jimmy Barry and Cal McCarty.

Purse For McCoy-Goff Match.  
Baltimore, Md., Jan. 14.—Manager Herford of the Burska Athletic club, has hung up a purse of \$100 for a go-between between Kid McCoy and Charlie Goff, the middleweight, the winner to take 60 per cent of the receipts.

"But Madder George," the manager, has accepted for Goff and there is little doubt of McCoy's acceptance.

Tod Sloane Coming.

England's Action Delayed By Cabinet Dissensions.  
London, Jan. 14.—The Daily Mail says the delay in action regarding the West Indies and sugar is due to dissension in the cabinet. Mr. Chamberlain, colonial secretary, favors countervailing duties, but other ministers, fearing opposition from the free traders, fear the policy of assuming a position of the West Indian liabilities and subsidizing other industries.

Friendly Towards England.

Drunken Indians seem to be a common thing in Delamar.

Several good poker games are running yet in Delamar on the strength of pay day.

Carson Appeal: It is said that men prominent in politics are taking steps to organize a home rule party in this state. The new party is to be made up of silver party men, Republicans and Democrats, and nobody but bona fide residents of the state are to have a place on the ticket. These men should not only live in Nevada but be able to show the people of the state that they have done something for the material development of the state since they have lived here.

Reno Journal: Lompce, the man who was knocked out with a piece of scintilla in the hands of young Jones at Vinton, Sierra Valley, Thanksgiving, visited Jones' house near Chat a few days ago and asked to see a man named Adams. The latter came to the door and after a few minutes conversation Adams pulled a gun and bored a couple of holes in Lompce's anatomy, the wounds causing death a day or two later.

The Swiss in the valley were quite demonstrative and it was believed that an attempt would be made to lynch Adams last night, but up to a late hour nothing could be learned. From reports there seems to be something out there in the nature of a neighborhood feud and it is likely to end in serious trouble.

Captain Corryell of Virginia, who was sentenced by the court martial to dismissal from the military service of Nevada, will, it is said, commence legal proceedings to set aside the judgment of the military court. It was discovered at Reno that several sets of the hard-earned money of A. S. N. G. were cut up in such a manner as to make them next to worthless. The party or parties who committed this deed are unknown, but suspicion rests on some of the privates who were sentenced to dismissal from the battery.

The matter has been reported to Colonel Lord and an investigation instituted. There is considerable feeling on the Comstock over the result of the court martial.

MONTANA.
