THE SALT LAKE HERALD.

WEATHER TODAY.

Forecast for Salt Lake. Fair.

ESTABLISHED JUNE 6, 1870

SALT LAKE CITY, UTAH: MONDAY, AUGUST 11, 1902

PRICE FIVE CENTS.

W. P. Roberts of Richmond, Ind. - a veteran Elk.

Arthur McMeard - head trustee, so highly pleased with Salt Lake.

We are not with that fellow for Saratoga Springs, said he bluntly.

GATHERING OF ELKS FOR REUNION IN SALT LAKE

Thousands Have Arrived and Delayed Trains Will Bring Many More.

Ample Accommodations Reserved For the Visitors—Preparations For the Festal Days Dedicated to Elkdom.

IT WAS the liveliest Sunday in the history of Salt Lake. From every direction strangers poured in through the city's gates and took complete possession. They visited the resorts, the churches and walked the streets from early morning until midnight, when all retired to comfortable quarters provided by the overworked committee at Elks' headquarters.

The Kansans will arrive at 8 o'clock this morning, and California, the delegation from the Pacific coast, gets in at 3 o'clock this afternoon.

FIGHT FOR NEXT MEETING PLACE

Baltimore, Saratoga Springs, Des Moines and Richmond.

SALT LAKE'S OBLIGATIONS

CATCHY ARGUMENTS AND FAVORERS PUT OUT BY RIVALS.

FOUR cities seek the honor of being the 1903 convention city, and entertaining the Elks in annual reunion.

Baltimore was the first to announce its desire in that direction, to be closely followed by Saratoga Springs, N. Y. Then Des Moines conceived the idea that it should be the second western municipality to throw open its gates to the "Best People on Earth," and so notified Elkdom.

COPPER OUTPUT OF UTAH GREATEST EVER REPORTED

Government Geological Survey's Report--Much Copper Produced From Low-grade Ores.

Production in Idaho Light Compared With Previous Records of the State--Wyoming Mines.

(Special to The Herald.)

WASHINGTON, Aug. 10.—The copper production of Utah in 1901 was the greatest ever reported in any one year for that state, being 20,116,570 pounds, as against 18,354,725 pounds in 1900 and 9,584,746 pounds the year preceding.

The copper production of Idaho in 1901 was 480,511 pounds, as compared with 290,162 pounds in 1900, but much less than 1899, when 1,286,920 pounds were reported.

BIG HERDS ON THE WAY

Large Arrivals Yesterday, But Thousands More Coming—Trains Delayed.

A few less than 1,300 Elks were registered at headquarters yesterday. Nearly all of this number arrived during the day on various trains, which brought in scattered sections of delegations.

There were several hours late, and a number of delegations that were expected to have arrived yesterday will not arrive until today or tomorrow.

Utah May Help Richmond.

It is impossible at this time to ascertain just how sincere the Virginia Elks are in their announcement that they will put up a strong fight for the next reunion.

The argument against Saratoga Springs is that the grand lodge should not meet at Saratoga Springs, because the rates charged by the hotels are excessive; that the attendance is materially decreased because of the expense, which the average Elk does not feel he can afford simply for the pleasure of attending the sessions of that august body and shaking hands with brothers from all over the United States.

Band of Saratoga Men.

If the grand lodge convention of 1903 doesn't go to Saratoga Springs it won't be because the Saratoga delegation didn't make an honest, earnest effort to capture it.

FOURTEENTH WEEK OF ANTHRACITE STRIKE

Wilkes-Barre, Pa., Aug. 10.—The fourteenth week of the anthracite miners' strike will begin tomorrow. President Mitchell is authority for the statement, made today, that the strikers are in good shape. Contributions to the relief fund and the dissatisfaction which was at first evinced over the distribution of the relief fund, and the strikers have settled down to what they believe will be a much longer siege than was at first anticipated.

POLICEMAN KILLS SLAYER OF MARSHAL

Joplin, Mo., Aug. 10.—At Webb City, a mining town two miles from here, early this morning, City Marshal Rich was shot and killed by Joe Gideon, who was then killed by a policeman.

SHOW EMPLOYE KILLED.

(Special to The Herald.) Pocatello, Ida., Aug. 10.—Trainmen on the passenger, arriving from the north at noon today, reported the body of a man lying beside the tracks about two miles north of the town. The coroner sent out and brought in the remains.

QUEEN DANGEROUSLY ILL.

Spa, Belgium, Aug. 10.—Serious rumors are in circulation that the attack of heart trouble from which Marie Henriette, queen of the Belgians, is suffering, is dangerous, but at a late hour tonight her majesty's physician reported that the queen had revived and that there was no cause for anxiety.

TOTAL WRECK IN FRANCE.

Paris, Aug. 10.—Three persons were killed and a dozen seriously injured as a result of the derailing of an express train between Charleville and Lully.

ASK FOR ASSISTANCE.

Port au Prince, Hayti, Aug. 10.—The people of Petit Goava, to the west of here, are in great distress and have asked for assistance.

BOY CAUSED FATAL WRECK.

Omaha, Neb., Aug. 10.—Delbert Preston, a 15-year-old boy, has made a confession to the authorities of having caused the wreck of a passenger train on the Rock Island near South Omaha, July 24, by which one man was killed and several others injured.

According to his story, he was spending an idle hour on the track and picked up an iron spike, which he inadvertently let fall on the rail, with the head toward the coming passenger train.
