

PREPARING FOR TOURING CROOKS

Captain Burbridge Watching For
Criminals Following Roosevelt.

POLICE TO ESCORT PRESIDENT

LETTERS SENT OUT TO RALLY
THE ROUGH RIDERS.

A small army of crooks is traveling over the country in the wake of President Roosevelt, and Captain Burbridge of the Salt Lake police is preparing to give them a fitting reception when they reach Zion. Reports from the coast state that expert pickpockets, burglars and other criminals are keeping along with the president, preying upon the crowds gathered to welcome him and ransacking houses in the absence of their owners. In order to help cope with these undesirable visitors, Captain Burbridge will ask to have a number of special officers appointed.

"I will not go ahead with the police arrangements until the general committee has another meeting and decides more definitely what it will do, and what will be wanted of the police," said Captain Burbridge yesterday. "Officers will be detailed to guard the president during the public functions while he is here, to take care of the crowds and do such other work as may be required of them."

As for the crooks, we will be on the lookout for them, and every man known to be a crook will be 'vaged' as soon as he strikes town and put where he can't do any damage.

"I shall undoubtedly have to ask for special officers to assist in the unusual work attendant on such an occasion, but I don't know how many and I hear from the committee in charge of the arrangements."

Letters to Rough Riders.

Every effort is being made to get a big attendance of rough riders from all over this part of the country. Chairman B. E. Heywood of the committee on parade has appointed committee-men in a large number of the surrounding towns, sending them the following letter:

Dear Sir—President Roosevelt will arrive in Salt Lake City May 22. The people of Utah are enthusiastic in their determination to make his reception a day long to be remembered. It is well understood that the president has a fraternal feeling for the rough rider of the west. I have always claimed (and I believe you will concur with me) that Utah has, in proportion to its population, more good horsemen than any other state in the Union, and this happy event affords an excellent opportunity to demonstrate this fact.

The rough riders can be made a great feature of the day. The uniform will consist of navy blue shirt, dark trousers, belt, dark colored leggings and white Roosevelt hat.

As there will be a general rivalry between the riders from the different counties of the state, each one should insist on his girl being a spectator, for the double reason of seeing the president of the United States and her sweetest of Utah looking his best.

As chairman of committee on parade, I have the honor to appoint you a member of this committee and ask your hearty co-operation in securing as many riders from your town as possible. Railroad transportation will be greatly reduced and a special rate made for horses. Feed and stabling at Salt Lake will be furnished free of cost.

Please advise me at the earliest possible date, the number of horsemen you can assure will come, also the railroad point

most convenient for loading. Yours respectfully,
B. E. HEYWOOD, Chairman.
Room 26 Dooly Block.

Parade Committee to Meet.

Major R. W. Young, chairman of the sub-committee on parade, has called a meeting of that committee to be held at the Elks' club at 8 o'clock tomorrow evening.

The decoration committee met at the Elks' club at 4 o'clock yesterday afternoon. Councilman F. J. Hewlett, chairman of the sub-committee, having charge of the decorations at street intersections, made his report to the committee and submitted several designs which were approved by the members.

The contract for this portion of the decoration was awarded to W. L. Harlow, and the committee was empowered to enter into a contract with him for the work. The committee then adjourned to meet again next Wednesday.

E. H. AIRIS CLAIMS WATER.

Wants City Enjoined From Using Surplus in Parley's Creek.

Injunction proceedings were begun in the district court yesterday afternoon by E. H. Airis against the city of Salt Lake, seeking to restrain it from using the surplus waters from Parley's creek, thereby preventing them from flowing through the Crisman canal, which Airis owns. He alleges that he has a prior right to the surplus waters, which the city is about to divert from the Crisman canal through a series of ditches constructed above the intake of the canal. Airis asks that the city be enjoined from using the waters, which he says are his. He further asks for \$500 damages already inflicted by a partial use of the overflow.

Pastor E. H. Shanks Divorced.

The matrimonial troubles of the Rev. E. H. Shanks and his wife, Vesta Shanks, which received much notice when he was pastor of the East Baptist church, came to a legal end yesterday, when Judge W. C. Hall granted the former Salt Lake pastor a divorce on the grounds of desertion. The couple were married at Valparaiso, Ind., on Oct. 19, 1892. The wife is now a resident of Chicago, where she went when she left her husband. He is living in Australia.

Charles E. Hoyt was yesterday granted a divorce from Mary A. Hoyt on the grounds of desertion. They were married at Ogden on June 22, 1899.

EXCURSION NORTH.

Saturday, May 16, 1903.

For this first excursion to northern points the Oregon Short Line will make the following very low rates from Salt Lake:

To	Rate	Days	To	Rate	Days
Brigham	\$2.35	15	Dubois	\$10.95	20

Lake	9.60	15			

Proportionately low rates to and from other stations not named. See agents for particulars. City ticket office, 201 Main street.

DEFENDS PRICES OF HOSPITALS

Sister Superior at Holy Cross
Discusses Criticism.

CHARGES ARE REASONABLE

MAKES COMPARISON WITH FEES
OF PHYSICIANS.

The authorities of at least one hospital in the city do not think the doctors have any right to object to the prices charged private patients in these institutions. The sister superior of the Holy Cross hospital says the medicines have no room whatever to protest. According to her statements the rates here are much cheaper than they are in the eastern hospitals, and they are as reasonable as they can be.

At the meeting of the State Medical society Tuesday President A. C. MacLean of the organization took occasion to score the local hospitals roundly for charging what he declared was exorbitant prices for private patients.

Sister Superior Talks.

"You don't hear these doctors making any protest about their charges being too high," said the sister superior. "They charge \$200 or \$300 for an operation that requires an hour or an hour and a half of their time. The sisters and nurses watch over these same patients day and night for two or three weeks. As the entire compensation for this care, for food, room and other attendances, the hospital charges only from \$10 to \$25 per week, according to the kind of room the patient wants. The hospital expense lies entirely with the patient and the doctor. It doesn't cost them more than \$10 per week if they are willing to remain in a small ward. Of course if they want a private room they must pay more for it. When the fact is considered that we feed the patient on the best the market can afford and give them constant attention day and night, I do not think the charges are any too much. If these doctors who are objecting to the prices their patients pay only had the hospital bills to pay for a while I do not think they would say much objecting."

Declares Living is Higher.

"The charges in Salt Lake are much less than they are in eastern hospitals, and living is much higher here, too. Taking everything in consideration, I do not think the charges are any too much."

"I do not understand why the doctors are objecting to the prices unless they have some personal grievances against the hospitals."

Manager G. C. Hunting of St. Mark's hospital said he did not care to say anything about the charges of the doctors that prices were too high in the cases of private patients.

FRANCIS TIERNAN DIES.

Railroad Builder Who Planned Utah, Nevada & California Succumbs.

J. J. Stewart of this city received a telegram yesterday announcing the death in New York City yesterday morning of Francis Tiernan, who for a number of years past has been a well known resident of Salt Lake. The cause of his death is not known. The message from his son, Robert Tiernan, simply stated that his father died in the morning and would be buried at his old home in Urbana, Ill.

Mr. Tiernan was a pioneer railroad builder. He was born in Urbana about 56 years ago and when but 22 years of age built about fifty miles of the I. E. & W. railroad. Later he moved to Fort Scott. He built the Fort Scott & Wichita line and was president of the road for some time. In 1889 he moved to Utah and organized the Utah, Nevada & California Railroad company, which purposed to build a line from Salt Lake through to the western coast. During the times of depression this scheme failed.

Mr. Tiernan was heavily interested in coal lands in southern Utah. About a year ago he went east. Mr. Stewart received a letter from him only a few days ago, stating that he had been unwell, but was all right again.

ICE CREAM WAS GONE.

Small Boys Interfered With Fun at a
Surprise Party.

There was a double surprise a few nights ago, when some of the friends of Miss Louise Kerkman, of 568 South Second West street, got up a surprise party for her. The young people who planned the party secured a big six-gallon freezer of ice cream for the occasion. When they met to go to Miss Kerkman's house they took the freezer with them and hid it in a shed at the rear, to await their pleasure.

Now, it happened that the small boy was abroad and the freezer did not escape his eye. Neither did the hiding place. During the height of the fun in the house the boys slipped to the shed, got the freezer and away they went to have a time. When the party felt ready for refreshments, lo! there were none. The boys ate the cream while the merry-makers ate pickles and cake.

PAPER WAS PROFITABLE.

East Side Push Nets the Publishers
Over \$900.

The East Side Push, published by the students of the Bryant High school, netted over \$900 for the fund being raised to keep the school open the full term. There is still a balance to be raised, but it is believed this can be secured with little difficulty from the patrons of the school.

The returns from the tabernacle concert are not all in yet, but it is believed they will not be far off the estimate. Fisher Harris, secretary of the Commercial club, says that a statement of the finances will be made in a few days. A committee will be appointed to audit the account.

Spring Ailments.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind need toning up. The trouble is that during winter there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect fully restore the wasted tissues and give strength in place of weakness. 50c at Z. C. M. E. Drug Dept.

C. E. EXCURSION

To Springfield May 16.

Via Rio Grande Western railway. Fare \$1.25 for the round trip. Half rates for Juniors. Everybody invited. Good programme.

IS DOUBLY HONORED

Doctors Meet in Ogden Next
Year—President of Society
Resides There.

The president of the society for Ogden as president of the society for the ensuing year, and the selection of Ogden as the convention city for 1904, were the features of the closing session of the ninth annual meeting of the Utah State Medical association. When the adjournment was taken about 5:30 o'clock last evening most of the visiting physicians made immediate arrangements to catch the first train to their respective homes. Before adjourning, however, the customary vote of thanks was given the citizens of Salt Lake and the resident members of the association for the many courtesies shown during the two days the convention was in session.

The corps of officers elected for the ensuing year, together with the members of the board of trustees, follows: Dr. G. W. Baker, Ogden, president; Dr. Frederick Chitt, Heber City, first vice president; Dr. E. F. Root, Salt Lake, second vice president; Dr. W. S. Ellerbeck, Salt Lake, secretary; Dr. J. N. Harrison, Salt Lake, treasurer.

Board of Trustees—Three years, Dr. J. W. Arid, P. E. Jones and I. A. E. Lyon; two years, Drs. Fred Stauffer, R. W. Fisher and E. F. Root; one year, Drs. J. Osgood, A. S. Condon and W. W. Cook.

Dr. S. C. Baldwin was elected delegate to the American Medical association convention, which convenes in Atlantic City, N. J. Dr. A. S. Bower was elected first alternate, Dr. Fred Stauffer, second alternate, and Dr. A. Kerr, third alternate.

The selection of Ogden as the convention city next year was unanimous. It is said there is a little friction between some of the physicians of that city and the association, and it is hoped that the selection of Ogden and the further compliance of electing a doctor of that place as president of the association will have a good effect. The following physicians read papers yesterday at either the morning or afternoon sessions:

Dr. W. D. Donohoe, Park City; E. B. Isengren, Scofield; M. A. Hughes, A. J. Hosmer, R. W. Fisher, Henry La Motte, F. H. Raley, D. M. Lindsay, Salt Lake; George W. Middleton, Cedar City; E. O. Jones, Murray.

Discussions on the various papers were opened by Drs. J. S. Gordon, S. H. Allen, C. M. Wilson, J. S. Richards, S. L. Brick, Fred Stauffer, F. W. Taylor, F. S. Bascom, W. W. Cook, J. P. Critchlow, W. T. Cross, Dr. A. C. Bohle, D. M. Lindsay, L. W. Snow, E. V. Silver, R. E. Steel, Henry La Motte, I. A. E. Lyons, H. S. Scott, E. S. Wright.

Worldwide Reputation.

White's Cream Vermifuge has achieved a worldwide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25c at Z. C. M. I. Drug Dept.

Interest-bearing securities, yielding 6 per cent per annum, compounded twice a year, can be had from McGurkin & Co., Salt Lake City. Each investor holds his own security.

McGurkin & Co. have moved to No. 124 Main street.

NEW ROAD TO OGDEN

Sentiment Has Changed in Favor
of the Proposed Elec-
tric Line.

While no haste is manifested in the construction of the Salt Lake & Ogden road, considerable work is being done to the grading. Some difficulty has been experienced in getting teams, but much progress is apparent. Simon Bamberg was in Ogden several days ago and found the people there very much interested in the work. They want to see the road go through. This sentiment, it is said, was not confined alone to the people at large but was manifested among the merchants as well.

There has been a time in the history of the road when this was not the case. When the project was early in its career many of the business men of Ogden were inclined to take a different view of the matter and much discouragement to the enterprise was encountered. This feeling is now wearing away. It was feared that a line which made it so convenient to go to and return from Salt Lake would have an undesirable effect on the business interests of the merchants. They are now looking at the matter in a different light.

It is the sentiment that people who trade in Salt Lake will not hesitate to come anyway, only they will not make the trips so often, and they will probably buy and sell more articles which they might otherwise wait for and purchase in Ogden. Then, too, such a road would carry to the Junction City a great many people who would spend more or less money in the place.

HARRIMAN STARTS EAST.

Expected He Will Take a Hand in
Boiler-makers' Strike.

San Francisco, May 13.—E. H. Harriman, president of the Southern Pacific, has left for the east. He was accompanied by General Manager Kruttschnitt, who will travel with him part of the way. It was said that President Harriman will personally take a hand in the settlement of the boiler-makers' strike on the Union Pacific and thus prevent the threatened sympathetic strike of boiler-makers' union to be held on Harriman's train while he is proceeding east over the Union Pacific.

NEARING THE JUNCTION.

Final Work Being Done on the Leam-
ington Cut-off.

Work on the Leamington cut-off is rapidly approaching Silver City Junction in the Little district. There is considerable work at this point owing to the connector which will have to be made with the spur running into the mining towns of that vicinity. Switches and sidetracks will engage attention for a number of days at that point after the main work is finished.

The entire line, it is expected now, will be ready for trains by the end of the month. After the rails and sidings are in place there is considerable finishing and ballasting, but this part of the work can be hurried, and speed is limited only by the number of men employed.

Yo-kum For President.

New York, May 12.—It was rumored in Wall street today that E. F. Youkum, president of the St. Louis & San Francisco railroad, the stock of which is to be purchased by the Rock Island, would become president of the latter when the deal is completed about June. Mr. Youkum left here for St. Louis yesterday. J. P. Morgan's office it was reported that no change would be made in the management of the two systems. In the office of W. B. Leeds, president

of the Rock Island, inquiries were referred to Mr. Morgan's office.

Railroad Notes.

F. A. Smith of Denver, western freight agent for the "Big Four," was in the city yesterday.

H. W. Prickett, traveling freight agent for the St. Joseph & Grand Island railroad, was in the city yesterday.

W. M. Lambton of Denver, assistant general freight agent of the Denver & Rio Grande, was in the city yesterday.

Major S. K. Hooper, general passenger and ticket agent for the Rio Grande, was in the city for a few hours yesterday on his way to Denver from the west.

W. H. Bancroft, vice president and general manager of the Oregon Short Line, returned yesterday from the coast where he has been in conference with President Harriman.

ENGINEER KILLED.

Cincinnati, O., May 13.—A passenger train, known as the Southern, run limited, on the Cleveland, Cincinnati, Chicago & St. Louis railroad, ran into an open switch at Ivorydale today. Engineer John Haley of the passenger train was killed. The passengers were badly jarred and one woman received painful injuries.

Mrs. H. H. Higson, of Chicago, whose letter follows, is another woman in high position who owes her health to Lydia E. Pinkham's Vegetable Compound.

"Money seemed but poor and paltry compared to health, and yet a few dollars invested in Lydia E. Pinkham's Vegetable Compound brought me good health. I suffered for several years with general weakness and brain-dizziness, caused by womb trouble. My appetite was frightened, and I would be awake for hours, and could not sleep, until I seemed more weary in the morning than when I retired. After reading one of its advertisements I decided to try the merits of Lydia E. Pinkham's Vegetable Compound, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as spry and active as a young girl. Mrs. Pinkham's medicines are certainly all they are claimed to be."—Mrs. M. E. Higson, 347 E. Ohio St., Chicago, Ill. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs nothing, but it may mean life or happiness or both.

THE FOOD THAT DOES GOOD

A medicinal food that
attacks microbes
and drives out
disease

The only vitalized Emulsion of Cod Liver Oil on the market. For weak, thin, consumptive, pale-faced people, and for those who suffer from chronic skin disease and weakness of lungs, chest or throat. Ozonulsion is a scientific food, prepared under aseptic conditions in a modern laboratory under supervision of skilled physicians. To be had of all druggists.

A Large Sample Bottle Free

Will be sent by us to any address on request, so that invalids in every walk of life can test it for themselves and see what Ozonulsion will do for them. Send us your name and complete address, mentioning this paper, and the large sample free bottle will at once be sent to you by mail, prepaid. Address:

The Ozonulsion Co.,

140 DePeyster St., New York

CROOKED GLASSES

Are not only an annoyance, but a positive danger to the eyesight. Proper adjustment means proper fit and focus. Have yours adjusted free of charge at our optical parlors. We are gladly at your service.
