UNION CANNOT BE IMPOSSIBLE

Moderate and Thoughtful View of Rev. Dr. Clark.

BENEFIT OF ALL CONCERNED

EVERY DENOMINATION SHOULD BE IN EARNEST.

Denver, July 13 .- Rev. Dr. Francis E. Clark, president of the United States Society of Christian Endeavor, today eplies to the statement made by Dr. Berry of the Epworth league that union between the different young

people's societies is impossible.' people's societies is impossible."
"If Dr. Berry's remarks were correctly reported," said Dr. Clark, "he must have forgotten that such union had already been accomplished to a very large degree. The Christian Endeavor large degree. The Christian Endeavor society already unites with the Young People of twenty-seven denominations in this country, and more than as many more in foreign countries. Several denominations that have distant young people's societies of their own also unite in this inter-denominational united in the country of their co national name to their own denomina-

Young people's society is as logical as the denominational church or Sunday school.' So say I but the denomina-tional Sunday school is not called by some other name to make it distinct deavor society is a denomination as so-ciety of the same denomination as the church to which it belongs, and just as loval to the church as any can be, It simply adds broad-minded fellow-ship to its denominational loyalty. The Christian Endeavor movement is, in this respect, on exactly the same basis interdenominational Sunday

Berry says "The Methodist and Baptist denominations would never consent to have their young people fur-nished with the consent of the consent to have their young people furnished with literature by outside persons. But will not the Methodist church allow its young people to read any more books or papers beside those its own denomination publishes? No one asks or expects Methodist young people to give up their denominational publications. The Christian Endeavor society does not force its literature upon any one and does not expect to sell its publications.

upon any one and does not expect to sell its publications.

"The petition started at Denver only asks that the young people of all the local churches of all denominations be allowed to have the freedom for fellowship, which most of them now enjoy. It will receive hundreds of thousands of signatures. Endeavorers refuse to believe that what Dr. Berry says will always be true, and that union with the Epworth league is utterly impossible. Many Epworth leaguers have already spoken hearfily in favor of the petition. In Canadian Methodist churches this union has already been largely brought about, and Epworth leagues of Christian Endeavor are found in many of the Methodist churches of the dominion."
