

JAPANESE TROOPS HAVE OCCUPIED ANSHANSHAN

Kuropatkin Still Falling Back Before the Armies of
the Mikado.

Chefoo Rumor That the Japanese Have Suffered a Repulse at
Port Arthur—Cruisers Novik and
Diana Reported.

Tokio, Aug. 20, 4 p. m.—The Japanese troops occupied Anshanshan yesterday and the Russians have retreated toward Mukden.

St. Petersburg, Aug. 20.—The emperor has issued an ukase summoning to the colors all the reserve officers throughout the empire.

Chefoo, Aug. 20, 7:30 p. m.—There is a rumor current here, the source of which cannot be learned, that the Japanese have been repulsed at Port Arthur.

Mukden, Aug. 20.—Confirmation has been received here of the report that the Russian cruiser Novik has entered the harbor of Korsakovsk, island of Sakhalin, and it is announced that the Russian cruiser Diana, recently sighted off Hongkong has arrived at Saigon, capital of French Indo-China.

Chefoo, Aug. 21, 9 a. m.—A reliable authority declares that yesterday's (Saturday's) attack on Port Arthur was unsuccessful, but continued last night and today and will go on for one more day if the Japanese are still repulsed. A siege is expected.

Chefoo, Aug. 12, Noon.—It is reported that the Japanese before Port Arthur have captured Port "25," one mile north of Golden Hill. The Japanese are not attempting to storm Liaotai promontory. Their right wing terminates at Pigeon bay. The Russian garrison of Port Arthur is estimated at 25,000 men, covering an area of twelve miles. A junk arriving at Teng Chow, from the Miaotao islands, reports seeing yesterday five Japanese men-of-war pursuing two Russian warships, type unknown. They were going in an easterly direction.

S. PETERSBURG, Aug. 20.—The

defeat which the Russians have suffered only seem to increase Russia's determination to hurry reinforcements to the front. The imperial ukase published this morning, ordering the mobilization of forty-five additional divisions, calls to the colors the reserves of about one-tenth of European Russia. Considerably over half the first class reserves of European Russia have now been called out and practically all the reserves in Siberia.

It would appear that the latest news from the front had not been made public in St. Petersburg, when the above dispatch was filed, as it was announced from Tokio this afternoon that the Japanese troops had occupied Anshanshan and that the Russians had retreated northward.

Anshanshan is situated midway between Haicheng and Liao Yang. The latter was defended by a fortress and a circle of positions, enabling the Russian forces to be concentrated easily and moved along inside lines. The other main Russian position in the semi-circle referred to, was about half way to Liao Yang and some twenty miles southeast of it. Sikkahen, about forty miles east of Liao Yang, and Lian Dian Shan, twenty-four miles southeast of Sikkahen.

It was pointed out in a recent dispatch from Liao Yang that the main Russian position would be stronger when they retired from Anshanshan.

HINGES ON PORT ARTHUR.

Fall of the Fortress Will Endanger Kuropatkin.

St. Petersburg, Aug. 21, 2:46 a. m.—The foreign telegrams agency says that the final assault on Port Arthur was projected for today having further stimulated in all circles the interest that has been manifesting since the beginning of the battle of Port Arthur, not only concerning the fate of the fortress. The authorities continue to express confidence in the ability of the garrison to withstand the assault, but aver that should the fortress be carried it will be a cost unequalled in the history of sieges.

The determined nature of the Japanese attack upon what is considered an impregnable position is without precedent in military annals. No European power ever ventured to show such disregard for the lives of its soldiers. True, the allies at Sebastopol lost 12,000 men in the final assault, but the Japanese have attacked with equal losses. Military experts admit that the Japanese have pursued the best plan, since repeated assaults are bound to exhaust the resistance of a garrison proportionally quicker than the same amount of energy spread over a longer period.

Depends Upon Port Arthur's Fall.

The situation at Liao Yang is creating comparatively little concern, though it is admittedly much bound up in the fate of Port Arthur. The rains in the north, it is thought, preclude the possibility of serious operations in the immediate future, while it is believed that whatever the Japanese plans may be, they are not possible to carry them out in the face of General Kuropatkin's strong position unless the fall of Port Arthur releases such a mass of reinforcements as to completely turn the numerical scale of troops in the north.

The arrival of the cruiser Novik at Korsakovsk, in the island of Sakhalin and of the cruiser Diana at Saigon, French Indo-China, clears up the whereabouts of every vessel of the Port Arthur squadron.

Made No Reply.

As far as can be ascertained the Japanese government has not yet made any reply to Russia's protest regarding the seizure at Chefoo of the torpedo boat destroyer Ryushtien.

The report that the Chinese government has notified the Russian cruiser Askold and the torpedo boat destroyer Grozovoi that they must leave Shanghai does not excite especial comment, as the Russian authorities have already expressed acquiescence in the latter course.

Lewis, national vice president of the United Mine Workers of America, received a telegram from the conciliatory board at Wheeling today that there would be no strike in the anthracite coal region. All questions have been referred to Judge Gray and his interpretation will be final.

Three Days' Assault.

Chefoo, Aug. 21, 10 a. m.—It is understood that the Japanese plans at Port Arthur contemplate a three days' assault. They expect to triumph on the third day. It is stated that they have a sufficient force to maintain an assaulting force of 60,000 men throughout. Four thousand Japanese are re-

POWERFUL NEW PLAY

Frederick Warde and Kathryn Kidder Open Their Season With "Salammbô."

(Special to The Herald.)
Birmingham, N. Y., Aug. 20.—Frederick Warde and Kathryn Kidder opened their season here tonight, making their first appearance in Wagner's and Kemper's spectacular production of "Salammbô." The theatre was filled with a fashionable audience and the final curtain descended upon their enthusiastic approval. "Salammbô" is the work of Stanislaus Stange, founded on Flaubert's classic. It recalls the glittering scenes of the Sardinian dramas. The great scene of the play is Salammbô's visit to the tent of the barbarian Mitho at midnight in quest of the sacred veil. She is prepared to sacrifice even her honor if in doing so she can recover the veil and save her people from destruction. The scene is a dramatic and powerful one, but was hampered in a mysterious manner by Mr. Warde and Miss Kidder. Much interest was felt in the work of Frederick Warde, as he announces this to be his last season on the stage. In the role of Mitho he has found a character which will rank with the best work of his career. Miss Kidder's embodiment of Salammbô was delightful. The production is one of the most magnificent stage spectacles of recent years.

Government of Paraguay Will Take Chances on the Field of Battle.

Buenos Ayres, Aug. 20.—Passengers leaving at once for Asuncion, capital of Paraguay, say that the truce between the Paraguayan government and the insurgents, has been extended for a further period of forty-eight hours. The government is said to possess 5,000 to 6,000 men, of whom about 1,500 are regulars and the rest undisciplined men, who are daily deserting to the insurgents. The insurgent vessels have taken the department of San Pablo, Villa Rosendo, Concepcion and others. Families are emigrating to Asuncion, some are going to the interior and others are bound for Argentina. ST. PAUL SWEEP BY A TORNADO

Five Lives Lost in the City and Damage Done to the Amount of \$2,000,000—Rumors of Great Loss of Life in Outlying Districts.

ST. PAUL, Aug. 20.—Five are reported to be dead, two score injured and property loss estimated to reach \$2,000,000 are the results of a fierce tornado that swooped down on the city shortly after 9 o'clock tonight. The Tivoli theatre was demolished. The Empire theatre razed; the high bridge, an immense structure crossing the Mississippi at a height of 200 feet, was almost totally destroyed and 200 buildings are more or less damaged. A report at 12 o'clock tonight is that the House of the Good Shepherd, a Catholic institution, was wrecked and twenty-five injured there.

All communications with outlying districts is cut off and it is impossible to say whether or not the damage there has been as great as was done in the city itself.

The storm was of short duration, lasting not more than fifteen minutes. The devastation it wrought was terrific. Buildings were uprooted and fronts blown in, the cellars being flooded by the rain, which came in great waves along with the wind.

Arrest of a Shark at Kansas City On a Charge of Using the Mails to Defraud a Myriad of Suckers.

KANSAS CITY, Mo., Aug. 20.—Charles C. Fales, known also as Colgate Fales, has been arrested here by United States Marshal Durham on a charge of using the mails to defraud, and in default of \$3,000 bond is being held in the county jail. He will be given a preliminary hearing on Aug. 26. Fales conducted a grain speculation business here under the firm name of Arthur E. Whitlock & Co., in which he acted as the agent for persons who wanted to trade in speculative grain markets in response to circulars sent out by him.

Papers in his office seized by Marshal Durham include a number of accounts and records that were being forwarded to the Hialeah Grain company of St. Louis. These records are in the form of cards which indicate that the average amount paid in by the would-be speculators is not far from \$100. The cards number 3,000, and bear the names of persons in every part of the United States and Canada.

The warrant for Fales' arrest was sworn out by W. A. Platt, a postoffice inspector from St. Louis and Fales will be taken to that city after his preliminary hearing.

The cards bear the names of a great many Canadians, while there are many persons in Georgia, California and other states. Several of the cards also show that the company had invested sums for persons in the government departments at Washington, and even the New York state penitentiary is represented.

ENTHUSIASTIC FOR THE TICKET

Delegation of Brooklyn Democrats at Rosemount.

PARTY WARMLY WELCOMED

INTERESTING INCIDENT OF THE OCCASION.

SOPUS, N. Y., Aug. 20.—Judge Parker today received assurance of the support of Brooklyn Democrats. A delegation composed of seventy-two members of the Brooklyn Democratic club and of the Kings county Democracy reached Rosemount this afternoon, where they were received by the candidate and Mrs. Parker. Daniel Moynihan, chairman of the delegation, made an address, pledging the efforts of its members to the furtherance of Judge Parker's candidacy.

Judge Parker replied in a few words, expressing thanks for the assurances of support. After the speeches Mr. Moynihan introduced the entire party and Judge Parker presented them to Mrs. Parker and her sister, Miss Schoonmaker. The incident, which was of the greatest interest, was the meeting of Judge Parker and Frederick Heinrichs, who attended Judge Parker's nomination. Afterwards Mr. Heinrichs said:

Had a Letter From Parker.
"Judge Parker is a charming gentleman and a man of force. I may perhaps, with propriety, give you a little insight into his character by showing you a note which the judge wrote to me a few weeks after I spoke to the Cooper Union audience in criticism of his silence. This letter came to me unsolicited. I have the honor to be, without mark somewhere to a reporter that I esteemed the judge highly and would be glad to support him if he cared to have me. This remark must have appeared somewhere in a paper, and it must have found the judge's eye. With the slightest hesitation on your part to me a cordial, unaffected and many better which I shall always treasure."

"The letter follows:
"Rosemount, July 19.
"My Dear Heinrichs—Of course I wish your support, but as I have just yet been notified, you will, of course, treat this letter as confidential for the present. I find no fault whatever with those who thought the party could do better. Some time I shall hope to have a talk with you, and if you feel that the cause is worthy of your efforts I shall hope that you will take that active part in the support of your talents and your honesty so well fit you."

"With assurance of personal regard, I am, sincerely, yours,
"ALTON B. PARKER."

RIO GRANDE CENSURED

Verdict of the Coroner's Jury in the Matter of the Eden Horror.

Pueblo, Colo., Aug. 20.—After exhaustively running up all the evidence that has been submitted, the coroner's jury that has been investigating the train wreck at Eden, Colo., above Eden station, on the Denver & Rio Grande railroad, in which nearly 100 perished, this afternoon rendered its verdict.

The railroad company is censured and the following conclusions were reached by the jury:

"The train crew were blameless, as they could see no signs of danger."
"The railroad company should have constructed a bridge that would have withstood the impact of the county bridge."

"Had a bridge of one span with stone abutments been across the arroyo, in all probability it would have withstood the rush of water, thus averting the disaster."

"Therefore, the jury finds that the appalling loss of life and property on this bridge was due to the negligence of the railway company."

STORM AT ROCKAWAY BEACH.

Pavilion Demolished, But No Lives Were Lost.
New York, Aug. 20.—Rockaway Beach was swept by a storm today and much damage was done, but so far as is known no lives were lost. A tornado swept over Rockaway park, blowing down trees, fences and chimneys and leaving a wreck straw 200 feet wide. The wind struck the pavilion at the beach, blowing it down and demolishing it. The pavilion was demolished but nobody was injured. Portions of the pavilion were blown up by the wind and carried 100 feet away.

A tornado passed out into Jamaica bay, where the wind and water spout that grew in proportion to it passed up the bay, overturning many of the small boats anchored in the channel. It spent its force against the shore, and the tide in Jamaica bay rose to an unprecedented height. Thousands of tons of sand were cut away from the beach by the strong currents.

He has returned \$15,000 of the insurance money.

STORE WRECKED, MEN DEPORTED

Another Dark Blot in the History of Colorado.

OFFICERS SEEM POWERLESS

MOB FORMED OF NON-UNION MINERS.

Colorado Springs, Aug. 20.—Special to the Gazette from Cripple Creek says:
Between 3 and 4 o'clock, this afternoon, a mob of about 100 men, some of Cripple Creek arrested S. J. Hanges, Attorney Eugene Ely, Attorney A. C. Cole, together with Mr. Hall, manager of the Union mine, and several first-class others. The crowd was divided into three squads, one taking their prisoners to Barnard Creek, about three miles from here, where they were told to leave the district and not return, the other two squads taking their prisoners toward Canon City, where they were treated in a like manner.
The greatest excitement prevails in the district and the citizens are declaring that none of the deportees will be allowed to return.

CRIPPLE CREEK, Colo., Aug. 20.—

Fifteen men were deported this afternoon by miners who came off shift at 4:30.

By a preconcerted move the men met on Bennett avenue, and without saying a word, marched in a body to the intermountain mine, where they were the successor of the Western Federation of Miners' Co-operative store. Every employee of it was taken in charge. The police officers were helpless before the thousands of men.

Squads were then sent through the city picking up others who are alleged to be keeping up agitation or to be acting as secret agents of the Federation.

Officers Helpless.
A concerted move was made upon the sheriff's office and every officer who appeared on the scene was overpowered and disarmed. Men who were wanted were taken from officers to whom they had down for protection. Under-Sheriff Parsons and Underwood were held prisoners until all disturbance was over. In all fifteen men were taken prisoners by the crowd and deported to the confines beyond the city limits with orders never to return on penalty of death.

The men expelled from the camp are: Eugene Bagley, a former attorney of the Federation and formerly attorney general of the state; F. C. Cole, formerly assistant deputy district attorney; F. J. Hanges, an attorney for the Federation; A. L. Pierce, J. W. Higgins, a miner; H. H. Hedges, a miner; James Redd and Pat Maloney, who are all accused of being agitators; Fred Aiken of Victor; T. H. Parfet, one of the managers of the Union mine; O'Neill and a man whose name is not given.

Threat of Murder.
Under guard of 200 men they were escorted to a point on the Canon City state road, three miles from the city. The spokesman stepped forward and said, "You men are not wanted in this town. You are not going to be allowed to live here. You do not seem to be happy unless you can stir up trouble. We have had trouble enough. You are going to be deported. If you do not go, you will be a bullet or rope for every one of you. Now go and keep going."

Up to this time there had been no abuse, but as the men were not allowed to leave, they were not allowed to go. The road a yell went up and the crowd indulged in threats and jeers.

J. W. Higgins suddenly wheeled upon the crowd and pulled a gun. He was promptly struck over the head with a gun by one of the crowd and his own gun taken from him and thrown away. If the mob had cut and the wounds had profusely, but he walked on with the others.

Union Store Wrecked.
Returning to the city a part of the crowd made an attack upon the union store. Officers at first repulsed the attack, but they were overpowered and about twenty men entered and completely wrecked the store. The stock cost about \$3,000.

The immediate cause of today's outbreak was the starting up of the union store under the name of the Inter-mountain Mercantile company, and the report that a number of deported union men were on their way back to Cripple Creek from Denver.

After the deportation delegations waited on Ellis Rosenberg, H. H. Hall, Dr. F. H. Hanges, Attorney H. H. Hedges, H. H. Hanges, who had signed bonds for Federation men under arrest and notified them that further aid and encouragement to the union would place them under the ban. They at once declared they would withdraw from the bonds.

After the Trouble is Over.
Colorado Springs, Aug. 20.—A special to the Gazette from Cripple Creek says: Sheriff Bell returned tonight with a number of deputies all heavily armed. He is at the jail and is waiting to resist an expected attack on the jail to get the prisoners incarcerated there for alleged complicity in the Victor riot of June 6.
