W. E. SAMUELSON SHOWS HEELS TO HARDY DOWNING.

The Indian sign is on the Native Son.
One cannot get away from it and Denmark is doing all the business. Only last Saturday Jimmy Britt, the greater Native Son. Saturday Jimmy Britt, the greatest Native Son of them all was put to the bad by a Dane and last night Hardy Downing, whose first glimpse of the sun was in the golden state of California got his. And again it was a Dane. W. E. Samuelson did the business this time. It's as plain as day and any time Copenhagen and San Francisco get mixed up in an argument play the Copenhagen end to win St. Louis no matter what the odds.

no matter what the odds.

In the French style match race, Downing beat Bowler, and Samuelson beat Bardgett. Then Downing and Samuelson came together in the final. For the first time this season Downing's thinking apparatus slipped a cog and before he was aware of wnat had happened Samuelson had unwound his long sprint and had Hardy beaten. A lap and a half from home Downing started to go around. He hesitated for a minute and it was all off. When it came to the second attempt at going around he was not there and the best Hardy could do was to come up alongside and content himself with second money in a race for two. When it was over Downing said, "Back to the kindergarten for me to learn how to ride a bicycle race."

In the Australian pursult race, professional, Samuelson got a race to his liking and started from the scratch at a speed calculated to put every other rider out of business. It did, and inside of two miles the thirteen starters had a fair idea of what it means to go out and ride unpaced, with Provo's pride pushing a bicycle after them.

The haif-mile professional handicap was a fierce race from the crack of the gun. Hollister, starting alone on scratch, made a game ride, but could not get up. The race was won under record time, which gives some idea of how fast they were St. Louis ..

"Didn't that fool them though?"

Maddock is thoroughly imbued with the hurry-up habit. He beliaves this style of football coaches of the team moved like a freight train last year when compared with what it will be doing before the season is many days old this year.

"I have brought home a barrel of 'goe fast,' "said Maddock, "and I will begin to feed it to the boys right away. The first coming out to practice will get their share right off the top, where it is better, so all of the boys had better get a move on themselves and come out if they do not want to drag behind when the fireworks begin."
