REMARKABLE CURES There were changes in two of the city offices yesterday. Richard G. Hartley BY CUTICURA REMEDIES

"I suffered with eczema on my hands for two years, but was at last cured with the Cuticura Remedies. The disease commenced by small, watery pimples breaking out on the back of my hands, which itened, burned, and pained awful, as if an electric batt was being held against my body. My hands would swell until I could hardly FENDER SAVES CHILD'S LIFE se them. Then they would get dry and scaly, then break out again and be Little One Falls on Track in Front the same thing over. The child was playing in the street in front of his parents home. A wagon came along and the child did not see 't until it was close upon him. He started across the street and ran in front of a rapidly approaching car. He fell in the center of the track. The motorman applied the brakes and dropped the fender. The child was scooped up by the fender and carried several yards before the car was stopped. The boy was not seriously hurt.

"I then went to another doctor, who helped them some, but after being treated by him for three months my hands were not well and the treatment was so severe it was almost worse than the disease. I had often seen Cuticura advertised and concluded to try it. It just took two applications of Cuticura Ointment to take the soreness out of my hands. I commenced by putting it on three times a day, then just in the evening, and when I had used four boxes of Cuticura Ointment, one cake Cutieura Soap, and three vials of Cuticura Resolvent Pills, my hands were well, and much softer and smoother than ever before. Thanks to the Cuticura Remedies. Yours respectfully,

On Wednesday a committee, appointed at the meeting, was in Ogden consulting their legal advisers and it is now announced that they will contest the matter, against the action of the county commissioners, who threatened suit on account of the action of the trustees.
