#### Review of the Week.

Dealings at the stock exchange this week have amounted to more than a million and a half shares of stock a day on the advance. A good marke for securities of all classes has resulted and the constant realizing sales have been absorbed readily without making large inroads on prices. The realizing has not been general at any time and whenever it occurred strong buying o other stocks at advancing prices made a sustaining influence which helped its accomplishments. Some of the stocks which have been subjected to the heaviest realizing came through the digesaccomplishments. Some of the stocks which have been subjected to the heaviest realizing came through the digestive process so vigorously as to encourage a resumption of operations for the advance and have formed afterwards the strong sustaining influence in the market. The realizing has some apparently from large operators who accumulated heavy lines of stocks in the early stages of the advance last fail in anticipation of the enlarged demand for stocks which would develop with the turn of the year and who held tenaciously through the stringent money conditions of December. The present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations of December.

The present growth of the general demand justifies their calculations, and the present growth of the general demand justifies their calculations of December.

The present growth of the general demand justifies their calculations of December.

The present g The present growth of the general demand justifies their calculations, and tenormous profits accrued in many instances induce their retirement from the speculation with assured gains. On the other hand, there is a large class of commission houses which kept their clients out of the speculation throughout the autumn with the explanation that the exigencies of the money market operated hazards to speculacommission houses which kept their clients out of the speculation throughout the autumn with the explanation that the exigencies of the money market operated hazards to speculative commitments and left a chance for a reaction in prices which would afford opportunity to obtain stocks at a lower level. The reaction failed to develop the commission houses which kept their clients out of the speculation through the constant of the speculation that the exigencies of the money market operated hazards to speculative commitments and left a chance for a reaction in prices which would afford opportunity to obtain stocks at a lower level. The reaction failed to develop a reaction in prices which would afford opportunity to obtain stocks at a lower level. The reaction failed to develop and, while the present high level of prices does not commend itself to the conservative judgment of all, the decister relaxation in money conditions of ive relaxation in money conditions of-fers such facilities for holding securities as to bring in a large belated demand of this character. Besides the purely speculative realizing which makes up the bulk of the sales, there is traceable a proportion of selling of investment hold-ings attracted by the prices to which some of the high grade securities have been lifted and which are fairly termed

have been advanced for the demand for individual stocks. But the general fac-tors behind the movement are clearly enough defined in the heavy accumulaenough defined in the heavy accumulations of currency in the reserve centers all over the world which is going on and the universal promise of sustaine prosperity found in the reports and opinions from all the quarters of the interest of ness and industrial world. Confidence has returned over the peaceful outcome of the Morocco conference, and condi-tions in Russia have had less disturbing effect on foreign markets. Admissions are readily given at the high le at which prices of securities are ruling at which prices of securities are ruling of the danger of over extension and imprudent undertakings in a time of high credit and universal confidence and the inevitable consequences of check to expans.on, reaction and depression. But the answer now heard in Wall street is that, although prices are high, they promise to go higher before reaction ensues. The element of hazard is not without its fascination now, as in all preceding history, and speculative excitement clearly swells and extends. without its fascination now, as in all preceding history, and speculative excitement clearly swells and extends. /
Bonds have moved moderately, except for the speculative issues. United States 2s registered and 3s coupon ad-States 2s registered and 3s coupon advanced 14, and the new 4s coupon 34 per cent on call on the week.

little less than this sum. The deposits were augmented last week by \$32,163,100, which amount was only \$35,587 smaller than the total of the increase in loans plus the gain in cash, therefore the statement made a good proof. The required reserve of 25 per cent against general deposits was increased \$4,040,775, deducting which from the gain in cash left \$3,955,925 as the increase in surplus reserve to \$16,764,575. Computed upon the basis of deposits less those of \$7,945,200 public funds, the surplus is \$18,888,375. The loans were expanded \$20,553,900 as was expected would be the case from the active speculation in the stock market during the week. It is noteworthy that whereas in the preis noteworthy that whereas in the pre-vious week loans were in excess of de-posits by \$7,825,400. and in the first week of January by \$20,515,500, the deposits were last week in excess of loans by \$3,772,800.

#### GRAIN AND PROVISIONS.

Chicago, Jan. 20.—At the opening sentiment in the wheat pit was overwhelmingly bearish. There was much liquidation by discouraged holders and lower cables, heavy shipment from Australia and liberal shipments in the northwest all inspired selling. The shipments from Australia for the week were 1,534,000 bushels, compared with 1,232 bushels for the corresponding time one year ago. Initial quotations on May were off 4,67% to 4,60%, at 85%,687%. Further decline was prevented by covering by shorts and purchasing by some of the larger commission houses. This buying caused a slight recovery in prices before the end mission houses. This buying caused a slight recovery in prices before the end of the first hour. For the remainder of the session the market held steady. Trading in the July option showed increased activity, buying being induced by spring-like weather in the southwest, many purchasers acting on the theory that a quick drop in temperature would cause heavy damage to the unprotected crops of fall-sown wheat. The market closed steady, with May 1/2 off, at 871/4.0873/8.

market closed steady, with May % oil, at 8714@873%.

Trading in the corn pit was very quiet, but the market was firm. May closed at 4514, a loss of %c.

The oats market was steady. May closed unchanged at 321%.

Small receipts in live hogs caused a moderate firm provision market. At the close May pork was up 5@714c; lard was up 2½, and ribs were 5c higher.

### Thousands Are Treated Annually By Doctors For The Wrong Disease.

Drs. Shores' Campaign of Education is opening the eyes of sick people the world over. People no longer put up with evasive answers and costly experimenting by bewhiskered incompetents in the Medical Profession. They demand to know what their trouble really is and substantial proofs of skill before they employ a doctor.

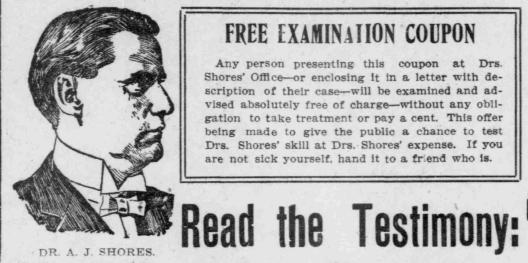

It is astounding to hear the stories told Drs. Shores by sick people who are daily taking advantage of Drs. Shores & Shores FREE EXAMINATION OFFER-and learning free of charge what their ailments are and why

they have Doctored year after year without results.

People with simple Catarrh have been OPERATED UPON and had bones cut away by incompetent Doctors, in a va.n endeavor to cure their troubles. People with Stomach trouble have been told their HEART WAS AFFECTED and spent money and time trying to cure a trouble that did not exist — while the REAL TROUBLE. grew worse. Others, too numerous to mention report a long chain of troubles, real and imaginary, that different Doctors have found in their cases, and YET NONE OF THEM GET WELL, and they wonder WHY.

### The First Step to a Cure Is Correct Diagnosis

The only Doctor competent to correctly diagnose a case is one who by long years of practice and experience in that CLASS of troubles, knows each symptom, each cause and effect, like reading from an open book. Drs. Shores are Specialists in the true meaning of the word. They treat Catarrh, and all Catarrhal Chronic disease—of every name and nature. Nervous and Private diseases, and NOTHING ELSE. They have treated over 100,000 cases PERSONALLY—is this experience worth anything to you? If you are sick and tired of doctoring and doping without results, STOP RIGHT NOW—cut out Drs. Shores' "Free Examination Coupon," bring it or send it to Drs. Shores at once, and be examined and advised FREE—without any obligation to take treatment or pay

#### FREE EXAMINATION COUPON

Any person presenting this coupon at Drs. Shores' Office-or enclosing it in a letter with description of their case-will be examined and advised absolutely free of charge-without any obligation to take treatment or pay a cent. This offer being made to give the public a chance to test Drs. Shores' skill at Drs. Shores' expense. If you are not sick yourself, hand it to a friend who is.

Ex-Publisher of the Western Poultry World, Denver, Colo. Mr. Van Buren writes: "I think your treatment is simply greatest on earth for stomach trouble. I suffered tortures and weighed only 128 pounds when I con-sulted you and com-menced taking treatment, and got well and weighed 180 pounds when I was cured. I am a standing 'ad' for you here. I mail my bhoto under separate over. Kindly return it

after using same as you'see fit for the ben-efit of other sufferers. Respectfully yours,

Respectfully yours,
"M. Van Buren."

Mrs. Austin says: "I have been a very sick woman for nearly two years. I was almost crazy with my head, could not sleep, had terrible dreams, was weak and tired all the time, bloated up and was in constant pain, and doctors simply did nothing for me until I went to Drs. Shores. I can truthfully say that Drs. Shores have done wonders for me and I am improved in every way sleen me and I am improved in every way sleep better, feel easier, and look better, and no praise can be too strong for the splendid treatment Drs. Shores have given me.
"Mrs. Sarah Austin."

Mr. Bradshaw writes as follows: "I began taking your treatment for catarrh and Stom-ach trouble, which was troubling me to such an extent that I was constantly hawking and spifting, and there was such a gnawing sensation in my stomach that at times I was quite unfit for work—but since taking your treatment I feel ouite different—the different-the hawking and spitting is no more—and my stomach feels fine. I feel that I owe you my most sincere gratitude. I will mail you one of my photos. Thanking you once more, Yours respectfully, "George Bradshaw." less are golle—no more catarrh, no more dizziness. She eats well, sleeps soundly and to all intents and purposes is absolutely well and cured."

"Lottie has been ailing for some time," says her mother, Mrs. C. Plyer. "She had Catarrh dreadfully and became very deaf-had trouble with her stomach, could not enjoy her meals, and was very restless at night. I took her to see Dr Shores and placed her under treatment. Since then she has improved every day and now we find all her old troub-les are gone-no more deafness, no more ca-

Peter Ohlin Superior Addition, North Salt Mr. Ohlin says:

Mr. Ohlin says: "I have suffered for vears with Catarrh and a very bad stomach trouble. I had no appetite, had to be very careful what I ate, for everything felt like lead in my stomach. I would belch up gas; had pain in the bowels: head in the bowels: in the bowers; nead stopped up; ringing in the ears; was despon-dent and discour-aged and generally run down. Today run down. Today feel perfectly well an cured, and am pro to add my name to the list of Drs. Shores' cured patients.

#### \$5--CURES BY MAIL--\$5

Sick people who live out of the city should write Drs. Shores for their new symptom blank and take advantage of this grand offer and be cured for \$5 a month for all Catarrhal chronic diseases. Write if you cannot call and be cured at home. Consultation free for any disease.

So-called weakness in men is merely a symptom of chronic in-tlammation in the prostate gland, brought on by early dis-sipation or by the improper treatment of some contracted disease. A complete and radical cure is therefore a question of restoring the prostate glan to the normal state, and this we accomplish promptly and comoughly treatment for this disease being employed. accomplish promptly and completely without the use of in-ternal remedies. Our treatment is a local one entirely. It is original and scientific and has Spermator rhoea, Stricture Piles. Skin and Kidney been proven absolutely effective by thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished. diseases, etc., are also among the diseases we cure to
