2600 High-grade Piano, name withheld for protection. $202.00
5500 Regular Stock Piano, has become shopworn, a snap at $150.00

THE REASON FOR THE PRICE CUTTING:

In consolidating the two old established music houses of Clayton-Daney Music Co. and Bray Music Co., and forming a new company to be known as the "CONSOLIDATED MUSIC Co.," it became necessary to eliminate agencies from the time the two houses have been carrying the past. The pianos now on hand will be disposed of, even though it may entail a loss in the new company. While the new store of the new company at 109-11-13 Main street, in this city, will be the largest music and piano house in the western states, there will not be floor space sufficient to accommodate all the pianos now in its possession in its two stores. The pianos made will move the stocks quickly.

NOT A SINGLE PRICE HAS BEEN ADVANCED

The "regular" prices quoted in the list of bargains above are all genuine, the prices at which the instruments have usually sold. The prices made on the "Used Pianos" are positively ridiculous, but we must use to get rid of every one in stock, and have left no chance of them being carried over.
