SPEECHES IN THE WEST

Work of the National Monetary Commission Enlarged Upon and the People Asked to Study the Vexed Problem.

NO FIXED PLAN PROPOSED

Chicago, Nov. 6.—After an elaborate dinner tonight in the "gold room" of the Congress hotel, Senator Nelson W. Aldrich of Rhode Island, chairman of the national monetary commission, explained to the members of the Commercial club of Chicago the work of the commission, and referred in a general way to its purposes.

About 250 men were at the table. Among them were former Senator Teller of Colorado, who is a member of the commission, and Senators Smoot of Utah and Bourne of Oregon.

Business men were in attendance from other cities, including St. Louis, New Orleans and Denver. The banquet was of importance, because it brought out the first explanation by Mr. Aldrich of the plans of the monetary commission, which has been authorized by congress to devise a comprehensive plan of monetary reform.

The senator said, in part:

"It is my purpose tonight to call the attention of the bankers and business men of Chicago to some of the more important features of the work of the national monetary commission. The commission is not so vast and does not have so many collateral issues that its statement must necessarily be fragmentary and incomplete.

"We expect to be able to give to the public, within a comparatively short time, the fullest information with reference to the experience and practical methods of other countries and of our own.

"When this record has been submitted and time has been given to analyze it fully, we shall, before reaching any decision, ask representatives of the business interests throughout the country for an opinion as to what, if any, portion of it is pertinent and valuable in the formulation of a plan for the United States.

Will Follow Precedent.

"In other countries whenever great monetary systems have been constructed or essentially modified, men whose experiences and research had given their opinions special value have been called upon for advice and assistance. Our commission will follow this wise precedent. Any plan to be successful must represent the consensus of intelligent opinion of our common country.

"The task of the commission is not only important, but is surrounded by many difficulties. We have first to consider the wants of ninety millions of people; then the requirements of 25,000 banks (18,000 state, 7,000 national), with differing interests; some with the right of note issue, all jealous of their own rights, and all naturally conservative as to innovations, and all unwilling to accept changes that are not plainly along the line of acknowledged improvement.

"The problem is too serious to be

UCHIDA IS AMBASSADOR

Baron Kogoro Takahira

JAPAN MAKES CHANGE  
IN DIPLOMATIC POST

Takahira in Tokio and Will Not Return to the United States.

Washington, Nov. 6.—Baron Yasuya Uchida has just been formally appointed by the emperor of Japan as his ambassador to the United States, succeeding Baron Kogoro Takahira, who is at present in Tokio on leave of absence. The state department this morning received a cablegram from United States Ambassador O'Brien at Tokio, announcing the appointment.

Baron Uchida, who is now in Tokio, was born in 1865, was appointed attaché of the embassy at Washington in 1895, and later was transferred to London, where he served as secretary of the legation. Later he was again transferred to a similar position in Peking, serving from 1895 to 1897. He was made vice minister of foreign affairs of Japan in 1900, and in 1901 he was sent to Peking as ambassador, serving until 1906. In February, 1907, he was appointed ambassador at Vienna.

Mrs. Uchida is a daughter of Mr. Dogura, a millionaire of Yamato. She was educated in Vassar college, New York.

Tokio, Nov. 6.—The appointments of Yasuya Uchida as ambassador to the United States, and of Minozi Arakawa, formerly minister to Mexico, as minister to Spain, were gazetted today.

TAKES SHOT  
AT SPEAKER

Senator Cummins of Iowa Delivers a Speech Before the Marquette Club in Chicago in Answer to Mr. Cannon.

REFUSES TO BE DRIVEN  
FROM REPUBLICAN FOLD

Declares the Insurgents Propose to Fight for Lower Tariff Rates in Iowa and Elsewhere in Republican Ranks.

BERATES THE OLD LEADERS

Chicago, Nov. 6.—Senator Cummins of Iowa, in an address before the Marquette club tonight, made a spirited reply to Speaker Joseph G. Cannon, who recently criticized the attitude of the senator and "insurgents" as to the tariff and declared that Senator Cummins practically proposed to join hands with Bryan.

Mr. Cummins branded the latter assertion as false, declaring it to be "simply an appeal to blind passion and senseless prejudice."

Furthermore, he said, there was no intention to accept as final the revision of the tariff against which the "insurgents" voted.

"I marvel at not only the audacity but the madness which inspires the attack which has been made upon the insurgents, for if Mr. Cannon and his allies shall be successful in putting every man out of the Republican party who would not have voted for the tariff bill had been a member of congress, he will have eliminated a majority of the Republican in every northern state from Ohio to the Rocky mountains," declared Senator Cummins.

Further along, the speaker said: "To say that the tariff bill just adopted is a fulfillment of the Republican platform is only the truth, and it contains no invitation or suggestion to any Republican to forsake his party candidature."

Mr. Cummins said that the Republicans in sympathy with the insurgents intended to reduce the influence of leaders in the party, mentioning Senator Aldrich, Speaker Cannon and Representative Payne in this connection, and that point at which they will feel it necessary to consult rather than command.

"Our struggle," he declared, with emphasis, "will not be to expel anybody from the Republican party; but upon the principle involved, we ask no quarter, and shall give none."

Mr. Cummins said he intended to strengthen a crusade for a tariff commission.

Railway rate regulation and the currency question were also discussed by the speaker.

Mr. Cummins in beginning his remarks, referred to the controversy within the party ranks, said he was anxious to preserve the party strength, and took the opportunity to speak of the dispute in the hope that a better understanding may follow a fair and candid discussion of the differences of opinion.

Shot at Cannon.

"A month ago," said he, "a distinguished son of Illinois came to Iowa obviously angry and, therefore, in one of his hysterical moods. He made a speech, and in the course of it he said that the house of representatives, but which was, in fact, an assault upon those who had opposed the Republican majority in congress upon the tariff measure. Not content with burning us at the stake, he scattered our ashes to the four winds in order to make sure that we would be lost to the Republican party forever and ever. He exhorted me to a pre-emptive action, but which I would be proud to occupy, and declared with a vehemence which you who know him will appreciate, that I had become an ally of a certain eloquent gentleman whose name I do not remember, but who had been the Democratic banner to overwhelming defeat. Warning to his work, he made another speech a few days ago at Elgin, in which he repeated in all the colors of his rainbow phraseology the denunciation of those who committed the horrible crime of voting against the tariff bill."

SHOTS THREE CHILDREN

Former Mayor of Greensburg, Pa., Kills Himself After Murderous Attack on Little Ones.

Greensburg, Pa., Nov. 6.—Seized with an insane impulse to kill, Edward J. Perry, a former mayor of this city, today shot three of his children, wounding one fatally, and then committed suicide. The shooting occurred in Perry's bedroom, where he was sitting at the table, gathered around a crib in which lay his infant sister, 15 months old. The baby was not injured. Perry, who was 47 years old, was shot in the left breast and died at a hospital. Kenneth, 6 years old, and Richard, 8 years old, were both shot in the side, but it is believed they will recover.

Perry died a year ago and since her death the children have been in the habit of visiting their father's room in the morning to play with the baby. A short time before the shooting, Perry talked with two other sons and his housekeeper, and apparently there was nothing wrong with him.

BIG FOUR EMBEZZLER  
GLAD EXPOSURE CAME

Charles L. Warriner Makes a Statement After Being Placed Under Arrest.

Cincinnati, O., Nov. 6.—A warrant charging Charles L. Warriner with embezzlement of \$54,000 funds of the Big Four Railroad company was issued this morning.

"I am glad I have been found out," said Warriner, who, in charge of a detective, was leaving the Stinton hotel, when spoken to.

"Well, I'll say one thing to you," said Warriner, stopping. The detective remained at his side, listening and watching. "I am not alone in this, and I want to say another thing," continued Warriner. "I never played a game of poker in my life. There is no woman in the case, and my wife precludes my being mixed up with any woman. The other has to do with her, not me."

"When did you first take any money?" Warriner was asked.

"I have no statement to make as to that," Warriner, it is said, first took money to speculate in wheat.

Warriner was placed under arrest shortly after noon and held under \$30,000 bond to answer to the grand jury.

Warriner declared he had not a cent in the world but that friends had offered to come to his assistance.

PLAQUE CONTRACTED  
BY EATING SQUIRRELS

Sacramento, Cal., Nov. 6.—The third case in three months of bubonic plague contracted by a human being in California was reported at the meeting of the state board of health today. The victim is Frank Belfis, an Oakland butcher. He became infected through eating squirrels shot in Contra Costa county. Two fatal cases reported previously had their origin in the eating of squirrels.

STRONG EVIDENCE AGAINST  
STEINHEIL WOMAN IS GIVEN

Man Who Discovered the Bodies of Husband and Step-Mother On Stand.

Paris, Nov. 6.—Madame Steinheil, who was led fainting from the courtroom yesterday, was not called to the stand when the trial was resumed today. Those who had witnessed the dramatic situations of the last three days were prepared for new thrills today.

The first witness called today was Remy Couillard, formerly a servant in the Steinheil household, and now in the military service. He appeared in the uniform of a dragoon.

It was Couillard who discovered Madame Steinheil bound and gagged in her bed, and the bodies of her husband and stepmother in adjoining rooms. He recounted today the story which he had told the police, but nothing new was developed. In his examination special emphasis was laid on the condition in which Madame Steinheil was found and the way in which she was bound and gagged.

ROOSEVELT SAFE AND SOUND  
BEYOND REASONABLE DOUBT

Nothing Unusual Had Occurred Nov. 3d, When Last Message Was Received.

Entebbe, Uganda, Nov. 6.—The rumors that harm has come to Colonel Roosevelt may be denied with assurance. The last word from the party came out November 3, and at that date nothing unusual had occurred.

The following message from the British commissioner at Eldam ravine was received here at 2 o'clock this afternoon:

"Roosevelt was in excellent health on Oct. 25, and news of the party received on Oct. 30 reported all well. A letter dated Nov. 3 had been received from the party, who at the time the message was sent were on the Guas Inishu plateau. The letter made no mention at all of Colonel Roosevelt. If any of the party is sick, we, the nearest medical help, have received no news of such sickness."

The Roosevelt party was at Eldam ravine, from which the commissioner telegraphed, on Oct. 27, and probably proceeded to Guas Inishu plateau on Oct. 28. The nearest point of communication would be for several days Eldam ravine, and news of the party could hardly get out by any other way.

APPEAL WILL BE TAKEN.

Kansas Supreme Court Decides the Wichita Car Coupler Case.

Topeka, Kan., Nov. 6.—The supreme court today decided the Wichita car coupler case. The government was interested and was represented by a special assistant attorney general, as it involved the operation of the federal law compelling railroads to use automatic couplers.

A passenger was injured because of a defective coupler on a Missouri Pacific train, and the lower court decided for the railroad company on the ground that the railroad was not compelled to keep the couplers in repair. The supreme court upheld the lower court. The case will be appealed to the United States supreme court.

ONE GIRL KILLED AND  
16 PERSONS INJURED

Wilkes-Barre, Nov. 6.—One girl lost her life and 16 persons were injured today in a fire which destroyed a mine shaft factory of John S. Powell at Plymouth, near here.
