

Camp Out in the Forest

PINE-LADEN ATMOSPHERE OF GREAT BENEFIT TO THOSE WHO HAVE CONSUMPTION.

Among the mighty pines of the Adirondack Mountains are hundreds, perhaps thousands, of consumptive people, who have returned to the primitive life of the early pioneer in an effort to recyver health. They live in camps built of rough logs, and constantly inhale the fragrant pine-laden air, which has a soothing, healing effect upon the affected organs.

There is a peculiar virtue in pine which makes it a splendid remedy for coughs and colds and other affections of the throat and bronchial organs. This valuable medicinal property is present in the Virgin Oil of Pine compound pure, which is a combination of the active principles of pine and santal album.

To break up a cold quickly there is nothing so effective as the mixture of two ounces of Glycerine, a half-ounce of Virgin Oil of Pine compound pure, and eight ounces of pure Whisky. Take a teaspoonful every four hours. The ingredients are not expensive and can easily be mixed at home in a large bottle. It makes enough to last the average family an entire year, and will cure any cough that is curable. If you have any difficulty in securing a pure medicinal Whisky, send forty cents to the Leach Chemical Co., Cincinnati, O., who manufacture the genuine Virgin Oil of Pine compound pure, and they will see that you are supplied with a full half pint of pure, straight whisky by prepaid express.

WATER HAS NO EFFECT ON FLAMES FED BY OIL

Continuous Streams Poured on Refining Plant Fail to Put Out Fire.

Losses amounting to over \$20,000 have resulted from a fire on which streams of water, poured constantly for twenty-four hours, seem to have little effect. The fire was in the east of the Salt Lake Refining company, Eighth North and Fourth West streets. Eight tanks containing crude oil and refined paraffine wax have been burning steadily since about 12:30 o'clock yesterday morning, and at midnight last night the oil had not yet burned itself out.

The principal loss has been the oil itself. Refined oil is priced at \$10 a barrel, with 500 barrels totally destroyed in the tanks. The damage to the expensive tanks and pipe equipment will foot up another \$10,000, according to W. O. Speer, who installed the plant.

Water has been thrown on the flames continuously for twenty-four hours, saving several frame buildings and preventing the tanks from bursting. The O. S. L. roundhouse is only a short distance from the oil plant, and it has been due to the efforts of fire company No. 2 that the roundhouse did not catch fire.

The entire oil refining plant was shipped from Pittsburg under direction of W. O. and J. Speer, E. C. Mitchell and Fred J. Fabian of Salt Lake are directors in the company. The fire was most inconvenient because so many orders were to be filled. They will have to be cancelled until the damage can be repaired.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32 up Main street, \$2.00 per year and upwards.

JACOB MORITZ TO TOUR OLD WORLD

His Party Starts Today for Six Months Vacation in Europe.

At noon today Jacob Moritz, accompanied by Mrs. Moritz and her sister, Mrs. T. M. Loussin of Honolulu, H. I., will start on his first vacation in twenty-six years. The long put-off rest from business worries and cares will be devoted to a tour of Europe, including a visit to the birthplace and boyhood home of Mr. Moritz and will extend over six months.

Although the vacation is a reward of twenty-six years unceasing work, yesterday, the day of preparation, was probably the hardest day of the whole twenty-six years for Mr. Moritz. In the bustle of the final preparations, however, he stopped a moment now and then to outline his tour. Leaving Salt Lake at noon today the party will depart from New York Nov. 23 on board the Kaiser Wilhelm for Cherbourg, France, arriving there Nov. 29. They will go on to Paris the same day. After a few days in the French capital, Strassburg will be visited and then the journey continued to Rheinfalz. Mr. Moritz's old home. A long stay will be made there visiting relatives and renewing boyhood friendships and then the party will go to either Baden Baden or Wiesbaden. Berlin will be the next stop, and from there a return to Paris, where the party, as Mr. Moritz puts it, "will stay until we are good and tired of it." Then a brief stop will be made at Monte Carlo. The principal object of Italy comes next on the itinerary and then the Mediterranean. The return trip home will include a stay in London and embarkation at Liverpool.

A large portion of the travel in Europe will be made in Mr. Moritz's Pierce-Arrow limousine. This car has been sent on ahead and will be in Cherbourg before the arrival of the party. The faithful services of Hubbard Scott as chauffeur for Mr. Moritz during the past four years brings a reward to him of the four through Excursions as he will accompany the party as chauffeur.

The trip is to be one of rest, pleasure and recreation devoid of all thought of business. "I've worked hard for twenty-six years without hardly a day's rest. Don't you think I'm entitled to one now? I do and I am going to make it stretch out six months. There is not going to be a thought of business—I am leaving all that behind, and we are going to do nothing but enjoy ourselves."

CORPORATIONS PAY TAX

About \$1,000 a Day Being Received by the Secretary of State.

Nearly \$1,000 a day is being received in the secretary of state's office on the corporation tax imposed by the legislature of 1909 against all companies doing business in the state. Payments do not become due until Nov. 15, but many of the companies are already paying the tax. As the corporation tax is graded according to the capitalization, many companies have decreased their capital stock during the year, and will pay on the smaller amount. But even with this it is believed that about \$75,000 will be taken in on the corporation tax alone. After Dec. 15, payments become delinquent, and if the tax is not paid later, the charters of the companies will be taken away. Through this means all of the dead companies will be wiped from the books.

BURGLARY CHARGED TO YOUTH OF NINETEEN

Burglary charges were filed against T. Buell and Eddie Smith in two complaints issued from the county attorney's office yesterday. Both men were arrested by Detective Curran of the police department. Buell is charged with burglary in the second degree in having stolen a suit case from room 212 of the Wilson hotel, occupied by C. M. Madsen. Buell says he is only 19 years old. He entered the room by a rear window, which he reached with a ladder. He sold the suit case, which he took from the room, and was arrested upon the description furnished by the man who bought the case. Eddie Smith is charged with burglary in the third degree. It is claimed that he entered a room in the Wellington hotel, Third West and South Temple streets, last Saturday and stole two suits of clothes, a coat and cuff buttons.

A private safe may be rented in the fire and burglar proof vault of the Salt Lake Security & Trust Co., 32 up Main street, \$2.00 per year and upwards.

EMBEZZLEMENT CHARGED. Couple in Jail for Selling Furniture They Did Not Own.

Charges against Mr. and Mrs. E. Wilson, now in the county jail, were changed to embezzlement by the county attorney yesterday, instead of obtaining money by false pretenses. The complaints were signed by H. E. Larson, who paid \$75 for carpets, a davenport, a chiffonier, bed, mirror, six chairs, dishes and kitchen utensils on Monday on the claim of Wilson that the property belonged to him. Wilson and his wife were renting furnished rooms at 219 South Second East street, the property of M. L. Donovan, and Wilson sold the whole outfit Monday and then tried to get out of town with his wife. He was arrested at the Denver & Rio Grande railroad station.

ELEVEN PERMITS. New Construction Amounting to \$22,700 Authorized.

To the person whose nerves have been shattered by coffee, there's a welcome message in

Koffe-et

The cereal beverage

If you are a coffee wreck, if you are a slave to coffee and feel that you cannot do without it, you are misleading yourself. Doctors, scientists and food experts have declared again and again that coffee slowly but surely undermines the system and robs it of much needed vitality. Yet you continue drinking it simply because you "think" you cannot do without it.

Tommy-rot!

Stop drinking coffee today. In its place

Drink Koffe-et

You'll hardly notice the change—except that instead of weak, shaky nerves you'll have strong, steady nerves.

Your brain will become clear and active as it was before coffee did its work.

Drink Koffe-et regularly for three weeks and your battle is won.
