Each attack of the drug (and that means each cup of coffee) weakens the organ a little more, and the end is almost a matter of mathematical demonstration. A lady writes from a Western state:

"I am of German descent and it was natural that I should learn at a very early age to drink coffee. Until I was 23 years old I drank scarcely anything else at my meals.

"A few years ago I began to be atfected by a steadily increasing nervousness, which eventually developed into a distressing heart trouble that made me very weak and miserable. Then, some three years ago, was added asthma in its worst form. My sufferings from these things can be

"Finally it was decided a few months ago, to quit the use of coffee absolutely, and to adopt Postum Food Coffee as our hot table drink. I had but little idea that it would help me, but consented to try it to please my husband. I prepared it very carefully, exactly according to directions, and was delighted with its delicious flavor and refreshing qualities.

"Just as soon as the polson from the coffee had time to get out of my system the nutritive properties of the Postum began to build me up, and I am now fully recovered from all my nervousness, heart trouble and asthma. I gladly acknowledge that now, for the first time in years, I enjoy perfect health, and that I owe it all to Postum." Name given by Postum Co., Battle Creek, Mich.

Vigorous Health Is the Great Source of Power to Inspire and Encourage— All Women Should Seek It.

One of the most noted, successful and richest men of this century, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest help-mate of my life."

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's

constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearingdown pains, nervousness, irregularities or the blues, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

CLEARED PATHWAY FOR GIRLS.

Vermonter Quick to Realize Humor of Situation.

John Davis, a tall, lean Vermonter, had a market at Burlington thirty years ago. He was a genial fellow, and not in the least to blame for having an extremely long nose attached to his thin face. He was very much accustomed to having strangers look at him wonderingly and smilingly on account of his nose.

One summer morning as he was arranging goods outside of his market door a pair of Boston girls chanced to be walking that way, and as they noticed this human wonder they appointed District Judge C. H. Parmepaused to gratify their curiosity, with smiling faces.

Davis quietly took in the situation, and, placing his finger on his nose, ignation of Judge Van Orsdel, who pushed it way round on his lean cheek as he said: "Now, ladies, can general of the United States by Presiyou pars?"

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced its incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Chency & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it falls to cure. Send for circulars and testimonias.
