CHURCH WILL BUILD TEMPLE IN ALBERTA, CANADA

Salt Lake, Oct. 5.—A proposition to build a temple in Canada was placed before the general priesthood meeting held in the assembly last evening, and met with instantaneous and unanimous support. The temple will be built, according to the decision of the meeting, just as soon as possible and at a point within the province of Alberta, Canada, to be decided upon later, and of such a character as to meet the needs of the people of the section in which it will be constructed.

President Joseph F. Smith today said the proposition to build a temple for the benefit of Latter-day Saints who live at remote points had been under consideration by the Church authorities for some time. Various locations of populous centers, distant from the temples in Utah, had been suggested, and it had been decided that a temple building would be of most benefit and serve most people at present, at least, if constructed in Canada than anywhere else. Consequently, said President Smith, the matter was placed before the priesthood meeting yesterday evening and it met with a hearty and unanimous affirmative response. The details as to location and the size of the building will be matters to be taken up later, but President Smith gave assurances today that the structure would be of sufficient size to amply take care of all the requirements of the people in the section where it is to be built. While no exact idea was given as to when the new temple would be constructed, it is understood that the building will not be delayed and as soon as arrangements can be perfected the construction work will be commenced.

SON IS HELD FOR MURDER

Ray Pfanschmidt Believed To Have Killed Parents and Sister.

Quincy, Ill., Oct. 7.—Ray Pfanschmidt was arrested today for murder in connection with the Pfanschmidt quadruple murder case. The formal charge is that of the murder of Blanche Pfanschmidt, sister of the accused man. Young Pfanschmidt is 23 years old.

The arrest of young Pfanschmidt was the direct result of the finding today of a bloodstained khaki suit near a railroad construction camp where he was employed. The suit found under an outbuilding was similar to one generally worn by the young man. Last Monday blood hounds followed Pfanschmidt's buggy from the scene of the murder to the construction camp.

On the morning of Sunday, September 29, the bodies of Charles A. Pfanschmidt, Mrs. Matilda Pfanschmidt, their daughter, Blanche, and Emma Kaempfen, were found in the ruins of the burned Pfanschmidt home southeast of Quincy. The condition of the bodies proved conclusively that the four persons had been murdered.

Ray Pfanschmidt was the only surviving member of the family. The Pfanschmidts were well insured and the estate is estimated at \$50,000.

AMERICAN FORCES LOSE FOUR KILLED

San Juan Del Sur, Nic., Oct. 7.—The American forces lost two marines and two bluejackets killed in the attack on Leon and Chinandega, which were occupied by the rebels. Fifty rebels were killed and many wounded. The others have been disarmed.

Chinandega is the capital of the department of the same name, lying about twenty-four miles southwest of Leon. Both towns have been in the hands of insurgents for weeks, and the residents have suffered much distress.

According to advices received here a large detachment of marines and bluejackets, under Lieutenant Long, went from Corinto to three points on the National railroad, Chinandega to the northwest, Leon to the southwest and Chichigalpa almost midway between.

Chichigalpa was the scene of the engagement Friday while the rebels were forced to evacuate the two other towns the next day.

Late advices say that on Sunday, when the American marines and bluejackets under Lieutenant Long marched into the city of Leon to take possession they were met in the streets by a mob, which opened fire. Four Americans were killed and four wounded. The marines returned the fire, killing fifty and wounding forty. The others were driven out of town. The American force in the vicinity of Leon and Chinandega numbers 1200 and has the situation under control.

Evidently influenced by the capture of Massaya, the liberal leaders at Leon asked for safe conduct to leave the country, agreeing to surrender the city.

This was satisfactory to President Diaz and Admiral Southerland, and permission to leave with the proviso that they should not return, was granted General Iras and a dozen other generals who have been making Leon their headquarters.

NOTORIOUS WOMAN KILLED BY HUSBAND

Lewistown, Mont., Oct. 7.—A message from Grass Range stated that James W. Briggs shot and killed his wife today. The meager details received indicate that Briggs had acted in self defense. The woman formerly was the wife of Jacob Hoover and it is said that while they were living together she shot through a door at him but missed. She was granted a divorce from Hoover and married a man named Riordan in Yellowstone county. She claimed to have learned that Riordan had a wife living and shot and killed him. She was convicted of manslaughter in 1908 and served a sentence of a year. She had instituted divorce proceedings against Briggs.

Don't use harsh physics. The reaction weakens the bowels, leads to chronic constipation. Get Doan's Regulets. They operate easily, tone the stomach, cure constipation. (Advertisement.)

DOUBLE TRAGEDY IN SALT LAKE

Salt Lake, Oct. 9.—After repeated threats extending back over a year, John H. Bartley, scion of a wealthy New Bedford (Mass.) family and formerly a broker in Boston, shot and instantly killed Louise Gelinna, aged about 22 years, also of New Bedford, and then shot himself at the Belmont

hotel, 209 South State street, at 6:50 o'clock last night. Bartley died twenty minutes later.

Five shots were fired, one piercing the right breast of Miss Gelinna and another entering her left shoulder, setting her clothing on fire. Two of the bullets went astray and the fifth Bartley fired into his head just behind the right ear.

When the shooting occurred there were five persons in the room, Bartley, Miss Gelinna, Evelyn Mortenson, her roommate; Ray Tullege, who roomed with Bartley, and a newly made acquaintance, a bartender from Price, named Mill.

Both the slayer and his victim are said to have had bad records.

GEO. KINGSFORD LAID TO REST

Cove, Oct. 8.—The funeral services over the remains of Brother George Kingsford was held here yesterday at 2 p. m. It was one of the largest funerals ever held in Cove. All wished to show their last respects to the departed who was one of their most beloved citizens.

The speakers were Brothers Clements, Boyce, of Logan, Wm. Lowe of Franklin and Chris Poulson of Lewiston, as well as members of the bishopric. All spoke many good things of Brother Kingsford, saying that nothing too good could be spoken of him. Although he had been a sufferer for many years he was always thoughtful of others. He had a sunny disposition, a cheerful smile and a kind word for everybody. Nobody ever met him who was not glad to have met such an inspiring character, and he has the good will of all who ever met him. He leaves a wife and several children to mourn his loss besides a host of relatives and friends.

Brother Kingsford had been a sufferer for many years. After having many serious attacks he consented to be operated on. About seven weeks ago the operation was performed and it was found that he had gall stones, two stones being taken out of one kidney. All had hopes of his recovery. About a week ago he expressed himself as being the happiest man on earth, but somehow fate seemed against him and he was called to cross the great divide. An operation after death showed that he had two stones in the other kidney which was probably the cause of his death.

Bishop J. C. Larsen spent conference week in Salt Lake City.

Mr. and Mrs. Charles Stradbury just returned from a trip to Salt Lake.

Mr. Henry Preece was a conference visitor, accompanied by his daughters Lula and Lona.

Mrs. Clarence Frederickson of Idaho Falls has been visiting her sister Mrs. Reese of Cove.

Mr. Elias Larsen and wife just returned from Conference.

Mr. D. K. Allen has gone to Chicago to continue his course in medicine.

Not all towns can boast of as large a number being enrolled in high school as Cove can. Seven are enrolled in the Richmond high school, as well as several attending the colleges at Logan.

Mr. Fred Rindlibaker of Bancroft, Idaho spent a very pleasant evening with his nephew Mr. Reese of Cove.

TALKS STRAIGHT FROM SHOULDER

Continued from Page One
need of the time was to teach young men how to make a living. Statistics compiled by the State Industrial School show that only three out of eighty students detained therein have had previous training in a trade, while over fifty per cent of the boys up to the time of their being taken in hand by the police had done absolutely nothing at all. "In other words," the speaker said, "They have never felt the economic joy of possession." The pleasure which comes from the sense of proprietorship was the central theme of the speaker's subsequent discussion.

The cigarette evil was also emphasized and some illuminating statistics were given which go to show that the United States today is the greatest cigarette consuming nation of the world, per capita. Out of a population of ninety millions, over 109 cigarettes per person are used annually in the United States, and to this must also be added the amount of tobacco used by smokers of pipes and cigar smokers, etc.

Mr. Rowe is thoroughly imbued with the spirit of his work and his remarks were enthusiastically applauded by the students present.

within the last three years. At the age of sixteen he received a call from the President of the Church to go east to help bring the colonists to Utah. His brothers thought he was too young to make the trip, but he

DON'T CONFUSE the INTERLOCKING Style of UNITED STATES CREAM SEPARATOR with older models.

The U. S. Interlocking Cream Separator represents the highest attainment in cream separator construction and possesses every essential separator requirement in the highest known degree.

Here are some of its special advantages.

1. It has about half the bowl diameter of older models.
2. It intensifies the centrifugal force and prolongs the path the milk must travel.
3. It gives practically double the skimming surface and does about twice the work of older models.
4. It keeps the milk and cream entirely apart and affords a protected path for the cream.
5. It is operated with about half the power of older models.
6. It is easiest and quickest washed by the same centrifugal force which skimmed the milk.
7. It skims cleanest. For clean skimming the U. S. holds the World's Record.

We do not ask you to accept the above statements as final. All we ask is that you give us the opportunity to prove them.

was resolute in his determination to answer the call. This one act of his life has been the subject of many a thrilling and satisfactory fireside talk, and his family and all who knew him delighted to have him recount the many incidents connected with this perilous journey; the hardships that were endured; the stealing of their horses by the Indians, and the struggles with the Indians, even to the extent of resorting to arms and the killing of the red men. After his return his youth was spent in freighting, and later in railroading

having been a contractor on the Denver and Rio Grande and O. S. L. His later years have been spent at Richmond where he has been a prosperous farmer and cattle raiser. He was a director in the bank at Richmond, and the condensed milk factory at that place at the time of his death.

He married Miss Marian D. Pew, and five children, Newell F., Mrs. Mabel Young, Mrs. Ethel Webb, Russell, and Milton Bullen, being the result of the marriage. All are living and were with the father at his death.

Chesterfield Clothes. . . Styleplus Clothes

Don't you need new Clothes?

Look at last winter's, or maybe winter-before-last's overcoat; see if it will stand you through this whole long winter. Is not your coat shiny? Are not your trousers baggy at the knee? Are not your hats greasy, your collars "broken" and your neckties frayed? Haven't your socks got holes in them? Is not your underwear "gone"?

Then come to us; let us fix you up for Fall and Winter. We sell "up-grade," ALL-WOOL Clothing and up-grade furnishings and hats. When we put figures on our goods, we figure on seeing our customers again.
