Cornia, 18, sustained fearful burns about the arms and hands as the result of a fire at the Morgan Tire Service and Repair company at Brigham, which occurred at 10:30 o'clock today when a fifty-gallon tank of high proof gasoline exploded.

The suffering man was rushed to a hotel, where his wounds are being treated. Not more than half a minute following the explosion, the tire repair shop was a mass of flames. Before the city fire department could control the blaze, it had spread to an adjoining building occupied by the Rockwood novelty store which was totally destroyed by the flames.

The loss at the repair shop, which is owned by Ezra Morgan, amounts to about \$20,000, including a \$5000 loss caused by the destruction of a new stock of tires. Through efforts of the citizens of Brigham the Rockwood Novelty company stock was removed before the building was burned.
