

EARTH IS STILL CAVING AT MINE

Rescue Crews at Cripple
Creek Driven Back When
Tunnels Collapse.

Cripple Creek, Colo., Dec. 5.—Falling rock and further caving yesterday carried away the work of hours in as many seconds, in the four days' fight with the slide in the Golden Cycle mine, for the bodies of Shift Boss Frank M. Woods, William Sorenson and Patrick Kevany.

Rescue crews passed through the main slide three times today, only to be driven back when their tunnels collapsed but at 8 o'clock tonight finally reached solid formation and protected by solid rock, were beyond further danger.

Blasting can be begun now and it is expected they will reach the place where the unfortunate shift boss and his men were last seen, by morning.

The damage to the interior of the mine in the fall of half a million tons of rock since Monday afternoon is estimated at \$200,000 and will necessitate the abandonment of the northern portion of the mine.

DAVID GAILLARD DIES AT HOSPITAL

Baltimore, Dec. 5.—Lieutenant Colonel David Dubos Gaillard, U. S. A., who directed the engineering work in the Culbraz cut division of the Panama canal, died at Johns Hopkins hospital here today.

Colonel Gaillard had been a patient at the hospital since August 17, suffering from a growth in the head, the result of seven years arduous labor in the tropical climate of the canal zone. He failed gradually but steadily and for the last two months had been in a state of coma due to the pressure of the cranial growth on the brain cells. The physicians decided some time ago that an

operation was useless and that it might hasten his death.

He is survived by his widow and a son, Lieutenant David P. Gaillard, U. S. A. Both were at the bedside when the end came.

Lieutenant Colonel Gaillard was born at Winnebago, S. C., in 1859. He graduated from West Point Military academy in 1884 and since that time had won many honors in the engineering service.

CRUISER RALEIGH IS ORDERED TO MEXICO

Bremerton, Wash., Dec. 5.—Orders were received at the Puget Sound Navy Yard yesterday to place the cruiser Raleigh, attached to the Pacific reserve fleet, in full commission today for service on the west coast of Mexico.

The vessel will carry a crew of 290 officers and men and will take provisions and stores for a six months cruise. Commander Thomas P. Magruder was ordered to take command of the Raleigh, whose port of destination was not announced.

VIOLENT STORMS ON NORWEGIAN COAST

Christiana, Norway, Dec. 5.—Great damage has been done by the violent storms that have been raging on the Norwegian coast for the last fortnight. Several ships have been lost and all fishing craft have been compelled to seek refuge at the various ports.

Five of the crew of the liner I. Bergensfjord were drowned while trying to reach shore in a boat at Bergen.

The Bergensfjord belongs to the Norwegian-American line and sailed from New York on November 18 last.

At Christiania and Frederikstad the streets in the lower parts of the town are flooded. Inland, many houses have been demolished and bridges swept away.

Dr. Bartholomew Nemenyi, a noted economist in Hungary, says that the American tariff laws are far ahead of any in Europe, and he has prepared a report recommending their adoption in his country.

NEW TARIFF IS UNSATISFACTORY

French Foreign Office Submits
View of Effort on Commer-
cial Relations With U. S.

Paris, Dec. 5.—Adverse comment in both France and the United States on the effect of the new American tariff on the trade of the two countries has led the French foreign office to authorize Daniel Abel Chevalley, chief of the bureau of American affairs at the foreign office, to give expression of the government's view of the situation. M. Chevalley did this in an informal statement to Myron T. Herrick, the United States ambassador, as follows:

"You know personally what is the feeling and responsible opinion in this country toward yourself, your president and the United States. Nothing in the world can prevail against it."

"As regards commercial interests, the new tariff, although it has needed and still needs friendly discussion, has not produced any bad effect on the commercial relations of the United States and France. Although the United States sells much more to France than it buys, the exportations from France to the United States have grown by nearly 100 per cent in the last five years and the imports by 60 per cent. No market is more worthy of attention from the United States than the French market, and this is reciprocal."

Above all it must be borne in mind that unreasonable customs regulations will only serve the commercial rivals of the two countries. Virtually America and France are unwilling to be maneuvered from inside against each other."

AMERICANS IN NEED
Laredo, Texas, Dec. 5.—Refugees arriving here today said so far as they knew, all Americans had left Monterey, Mexico. Some of these Americans, it was said, were in such financial straits they had to be assisted by agents of the American consular service.

HAD BRIGANDAGE THRUST UPON HIM

General "Pancho" Villa.

General "Pancho" Villa, Constitutional commander of 10,000 troops operating in revolt in the state of Chihuahua, Mexico, was born forty-two years ago in a little Mexican town in the state wherein he is now operating. The son of well-educated, well-to-do Mexicans, he literally had brigandage thrust upon him.

When still in his early youth he saw the holdings of his father torn from him by the "iron hand" rule of Porfirio Diaz. Thrown as he was upon an unproductive country and without resources, he organized a band of brigands and since has continued operations on both sides of the Rio Grande.

VILLA COMMAND NEAR CHIHUAHUA

Seven Thousand Troops Await
Formal Turning Over of
City to General.

Juarez, Dec. 5.—Seven thousand troops of the Villa command were within a few miles of Chihuahua today but at 10:30 had not entered the city. Villa regards the capture of the city as a formality since the civil governor was ordered by the deserting federal military commander, General Merced, to turn the city over to the Constitutionalists.

HUERTA FAMILY IN VERA CRUZ

Provisional President Sends
Relatives Out of Capital on
Special Train.

Mexico City, Dec. 5.—The family of Provisional President Huerta is said to have gone secretly to Vera Cruz on November 29. They were living quietly in that city, where their presence was known to only a few intimate friends.

The departure of the Huerta family on that date on a special train gave rise to the report that the president himself had left Mexico City. He boarded the special early in the morning and accompanied his family as far as Texcoco, a few miles out, returning later to the federal capital in an automobile.

CITY TO HONOR FOUR PATRIOTS

Philadelphia to Give Belated
Recognition to Sons Who
Furnished Funds in
Four Wars.

Philadelphia, Dec. 5.—Philadelphia is to give belated recognition to four of her sons who were known as "financial patriots" and who came to the assistance of their country in four wars. They are Robert Morris, who financed the American revolution; Stephen Girard, who helped to keep the nation in finances in the war of 1812; Enoch W. Clark, who assisted in financing the Mexican war and Jay Cooke, who was largely instrumental in placing government loans in the Civil war.

The city will honor their memory by placing a bust of each in the city hall.

MANY CHANGES IN 1913 AVERAGES

National League Fielding for
Season Compared With
Previous Year.

New York, Dec. 5.—The National league fielding averages for the season of 1913 show a number of changes in the standing of players as compared with the records of the previous year. Konetchy of St. Louis moved from fourth to first place, his average as a first baseman being .995 while Jake Daubert, of Brooklyn, who led the league in 1912, dropped to second place, four points below Konetchy. Among the second basemen, Miller Huggins of St. Louis with .977, ousted Egan of Cincinnati, whose record of .972 was one point less than that of a year ago.

John Lobert of Philadelphia, second among the third basemen in 1912, was ranked first this season with .974. Joe Tinker of Cincinnati, wrested first place in shortstop honors from Honus Wagner of Pittsburgh, his percentage being .965 against Wagner's .962.

Leach Leads Outfielders.
Tommy Leach of Chicago, leads the outfielders with .990 for 129 games although Booe of Pittsburgh is the technical leader with 100 for 22 games. Leach showed a big improvement over his 1912 performance, gaining 12 points in percentage, although playing 32 more games.

Grover Alexander of Philadelphia, is given first place among the fielding pitchers of the league with a perfect percentage for 47 games. Fromme, Cincinnati and New York; Rixey, Philadelphia; Crandall, New York; McQuillan, Pittsburgh and Burk, St. Louis, are all in the 1000 class with Alexander, although pitching a number of games less than he did.

In the club fielding Philadelphia is ranged first with .968 and St. Louis comes second, three points below them. Pittsburgh is third with .964 and New York, Cincinnati and Brooklyn are all tied for fourth place with .961.

ART TREASURES FOR WIDOW
New York, Dec. 5.—George A. Hearn, the millionaire merchant who died recently, did not leave his art treasures to the Metropolitan Museum of Art, as had been predicted. In his will, filed for probate today, the collection goes to the widow, with the provision that it be sold after her death.

WADSWORTH ROGERS RETURNS
Paris, Dec. 5.—Wadsworth Rogers, the nephew of former Congressman James S. Wadsworth of New York and Washington, returned this morning to the hotel from which he had been missing since last Saturday. Mr. Rogers gave no explanation of his absence.

GENERAL STRIKE MAY BE CALLED

Indianapolis Central Labor Union
to Meet Tonight for
Final Action.

Indianapolis, Dec. 5.—Two strike-breakers were shot, one probably fatally, when a crowd of striking teamsters and sympathizers attacked a wagon of the Coburn Transfer company today. Jacob Sosenfield of Chicago, was shot through the neck and his injuries are believed to be fatal. George C. Williams of Cincinnati, was wounded in the leg.

A crowd gathered around the wagon, hurling bricks and other missiles. When the strike-breakers began whipping their horses into a gallop, a number of shots were fired from the crowd. Police reserves were called and after battling a few of the leaders with their clubs, dispersed the crowd. Several arrests were made.

MANY REFUGEES ARE ARRIVING

Mexicans Outnumber Ameri-
cans and Other Foreigners
Fleeing From Country.

Washington, Dec. 5.—Official dispatches continue to report the arrival of refugees from Mexico at Laredo, Texas, in large numbers. Mexicans outnumber Americans and other foreigners fleeing the country. Refugees from Tampico are expected at Port Arthur, Texas, Sunday.

The situation in the Acapulco district, where there have been many anti-American demonstrations, is reported worse. The armored cruiser California is at Manzanillo within easy distance.

A belated dispatch from Chihuahua says good order was maintained when the federals evacuated the city and that no inconvenience to Americans are reported. Rail communication between Saltillo and Torreon continues unobstructed.

CUTTHROAT COMPETITION.

To sell a dollar watch for 67 cents injures both the manufacturer and the regular dealer; because it tends to make the public believe that either manufacturer's or the dealer's profits are ordinarily exorbitant; or, in other words, that the watch is not worth a dollar. Such a cut necessarily impairs the reputation of the article and, by impairing reputation, lessens the demand. It may even destroy the manufacturer's market. A few conspicuous "cut-price sales" in any market will demoralize the trade of the regular dealers in that article. They cannot sell at cut prices without losing money. They might be able to sell a few of the articles at the established price; but they would do so at the risk to their own reputations. The cut by others, if known, would create the impression on their own customer of having been overcharged. It is a better policy for the regular dealer to drop the line altogether. On the other hand, the demand for the article from the irregular dealer who cut the price is short lived. The cut-price article cannot long remain the "leader." His use for it is sporadic and temporary. One "leader" is soon discarded for another. Then the cut-price outlet is closed to the producer, and, meanwhile, the regular trade has been lost. Thus a single prominent price cutter can ruin a market for both the producer and the regular retailer. And the loss of the retailer is serious.—Louis D. Brandeis in Harper's Weekly.

Mrs. Harriet Stanton Blatch says that the new Federal income tax will make many converts to woman suffrage.

SHOES

VALUE in shoes is made up of many elements — the leather, the workmanship, the fit and the style. We offer you the best combination of these that the shoe world turns out — Burt's Quality Shoes. You get more actual style, fit and wearing value in a pair of these shoes than you get in any other shoe on the market.

Try a pair — or ask a woman who wears them.

WEEK-END SPECIAL BOOTS FOR WOMEN

\$2.50, \$3.00, \$4.00.

It's not the guarantee that makes our shoes so dependable — it's the goodness of our shoes that makes a guarantee like ours possible.

BURT'S

BANDITS ROB VILLAGE BANK

Four Thousand in Currency
Taken From Primrose, Ne-
braska, Cashier at Point
of Gun.

Lincoln, Neb., Dec. 5.—A telephone message tonight to Chief of Police Malone from the village of Primrose says the bank at that place was robbed this afternoon of \$4000 in currency by a highwayman.

The robber, who was roughly dressed, but not masked, stepped to the cashier's cage and handed Cashier Wicks a note, covering him at the same time with a revolver.

He demanded all the cash on the counter and was handed the \$4000 in currency and \$400 in coin but declined to take the latter. As soon as the cashier could give the alarm, a posse took up pursuit of the robber, who left in a westerly direction on foot.

COLLIER ORDERED TO VERA CRUZ

Norfolk, Va., Dec. 4.—The big naval collier Nerues has received orders to sail for Vera Cruz to join the American fleet there with a draft of enlisted men from the St. Helena training station. The vessel is expected to sail by December 15.

THIRD ASPIRANT FOR YACHT TROPHY

Boston, Mass., Dec. 5.—The contract for the third aspirant for the defense of the America's cup next year will be signed tomorrow in New York. The yacht will be built for a syndicate of Philadelphia, New York, and Boston yachtsmen, probably by the Bath Iron Works of Bath, Me., from designs by George Owen of Newton.

Mr. Owen and President John S. Hyde of the Iron Works, left for New York tonight and will meet Commodore E. Walter Clark of Philadelphia and George M. Pynchon of New York.

who are the heads of the syndicate.

Mr. Owen carried with him the design, which provides for a 75-foot sloop.

Her sailing master will be Captain Howell, who for several years has acted in a similar capacity on the sloop Itasca, owned by Mr. Pynchon. It was reported here tonight that the prospective cup defender to be built at the Lawley yards in Neponset, will be backed not only by A. DeWitt Cochrane, of New York, but also by Morton P. Plant and will be sailed by Captain William F. Dennis of Mr. Plant's schooner yacht, the Elena.

The Cochrane boat will be designed by William Gardner of New York.

Bristol, R. I., Dec. 4.—The America's cup defender candidate to be built here for the Vanderbilt syndicate, will have a centerboard, though the yacht will be of keel type. This fact developed today when the keel plate castings just moulded were soon to be shaped to provide for a board.

No cup defender since the Vigilant of twenty years ago has had a centerboard. The centerboard of the new boat will have an eight-foot drop from the bottom of the keel.
