Chicago, July 25.-Mediation has failed to settle the wage difference between the 98 western railroads and their 55,000 enginemen. After a week of session the federal board of mediation and conciliation today announced that it was trying to effect a working basis by which both sides would consent to arbitrate their differences.

Rumors that the strike would be called Tuesday were denied by one of the enginemen, who said "it has not progressed that far yet." cially, however, it was stated that today's sessions would probably be the last of the meetings with the federal The enginemen have promised to give two days notice of a night to extend their condolences to

PEOPLE NORTH OF THE BRIDGE TO ASK FOR A PARK

A petition is soon to be presented to the city commissioners, by a committee representing the residents of Ogden, north of Ogden river, requesting that a municipal park and recreation ground be established in that part of the city. The movement was inaugurated through the parents class of the Eighth ward and a committee consisting of the bishoprics of the Seventh, Eighth, Tenth and Lynne wards has been formed and is now circulating the petition among the heavy taxpayers of the district.

The district north of the Ogden river, comprises pearly one-half of the area of the city, and upwards of 7000 people reside in it. The majority are children and on these facts the citizens are basing their claim for a city park.

According to the petition, the commissioners will be asked to purchase a ten-acre plot of ground, between Cross and Twelfth street and Adams and Washington avenues. This property is now owned by Fred J. Klesel. E. E. Barton, Mrs. Mary H. Driver and several other local people and, in the opinion of the committee, would be an ideal location, as it is about in the middle of the district and its natural advantages for parking are good It would also give the young people opportunity for needed recreation, without having to spend time and money in going to Lester and Liberty parks.
