M'CORMICK SURE OF WILSON VOTE

North Dakota Safe, California Absolutely Democratic, New Mexico in Line.

MINNESOTA CLOSE

Republicans Claim Minnesota and New Mexico Swinging Toward Charles E. Hughes.

New York, Nov. 9.—Chairman McCormick said today he would investigate reports received at Democratic headquarters that the Republicans in Washington state may get one of the Democratic electoral votes on the ground that votes cast for one of the Democratic electors, who died, were invalid. According to the reports, the name of E. M. Connor, the Democratic elector who was substituted for A. Stream, the dead elector, did not appear on the ballot in many counties and it was stated that, therefore, the votes cast for Stream might be valid, the difference giving a plurality for one Republican elector.

"We will investigate the matter," said Chairman McCormick, "but even if we are forced to concede the vote, I am not worried by the loss of one electoral vote."

"When I retired at 5 o'clock," he said, "I knew that North Dakota was safe for Wilson, California absolutely ours, that we had New Mexico surely and that we were putting up a good fight in Minnesota."

Perkins Claims New Mexico and Minnesota.

George W. Perkins at Republican headquarters declared that New Mexico and Minnesota were both swinging towards Hughes and that North Dakota was sure. He asserted that if these three placed in the Hughes column the Republican candidate's election was assured without California's 13 electoral votes.

Willcox Roasts the Democrats. Republican Chairman William R. Willcox at noon made this statement in regard to the supervision of votes in close states:

"As far as the claims of the Wilson followers go," Mr. Willcox said, "they began to cry fraud before the election. The history of that party is such that it becomes them to raise the cry of fraud at this time. The Republican national committee will insist that the votes cast for its candidate be counted for him, but we want no votes not properly cast."

"We will take every step to see that the votes cast are properly counted. The bluster of the Democratic leaders has no effect on our effort to see that our count shall be correctly counted. We have called upon no officials of the government to supervise the counting of votes in any state. Each state is under the administration of state authorities and our reports in each state will take all the needed steps to see that the election laws have been obeyed and all votes properly counted."

Desire Honest Count. "The call for an honest count which we demand will be joined in and will be requested by all right thinking citizens of whatever party."

"We are willing to have every vote of our party investigated in the most thorough manner. We have made reports in detail under the law and if other details are wanted we will give them. We will leave to our Democratic opponents to say whether they will do the same."

Charles B. Warren, national committeeman, from Michigan after a statement by Chairman Willcox and other national committeemen gave out this statement as reflecting the consensus of opinion among the Republican leaders.

"The election depends upon the count upon California, Minnesota, North Dakota, New Mexico and New Hampshire. Oregon is safely for Hughes as is also West Virginia. The probabilities are that the Minnesota vote will be cast for Hughes, but the official count will be required in North Dakota, New Mexico, New Hampshire and California before the results in those states will be definitely known."

TOOK THE HURT OUT OF HER BACK. Physicians report more cases of kidney trouble among women than men. Mrs. Anna Byrd, Tusculum, Ala., writes: "I was down with my back so I could not stand up more than half of the time. Foley Kidney Pills took all the hurt out. They are the best kidney pills I ever took." Rheumatic pains, swollen ankles, backache, stiff joints, sore muscles, and sleep disturbing bladder ailments indicate disordered kidneys. Foley Kidney Pills act promptly. A. R. McIntyre Drug Co.—Advertisement.

In addition to the American Federation of Labor convention, there will be several other labor conventions held in the city of Baltimore during this month. These include the convention of the Metal Trades department, the Building Trades department, the Mining department, the Union Label department and the convention of Women's Trade Union League. These conventions will be held just previous to or immediately following the convention of the American Federation of Labor.

There was a decrease in the number of men killed in metal mines of the United States during 1915, but an increase in the death rate per 1000 men employed. Statistics announced by the bureau of mines show that 553 men were killed out of 152,118 employed, compared with 559 killed out of 158,115 employed in 1914. The death rate was 3.64 for each 100 employed, compared with 3.54 the previous year. Men injured number 35,295, of which 35 were permanently disabled. The number injured in 1914 was 30,216.

GERMANS ROUND UP BELGIANS

Men Torn by Thousands From Families and Sent God Knows Where.

CLAIM ACT OF DUTY

Belgian Government Denounces Movement to Civilized Nations—Appeal to America.

Havre, France, Nov. 9, 12:40 p. m. Charges that the German government is rounding up and sending to unknown destinations practically all the able bodied men in occupied Belgium are made by Baron Beyens, Belgian foreign minister in a statement issued by him today.

"The German government is rounding up in large numbers in the towns and villages of occupied Belgium such as Alost, Ghent, Bruges, Courtrai and Mons—to name only the first to be victims of the measure—all men fit to bear arms, rich and poor, irrespective of class, wealth employed or unemployed. Hunchbacks and cripples among all unarmaged men alone remain. These men are torn in thousands from their families (15,000 alone from Flanders are sent, God knows where) while trainloads are seen east and south."

"The German authorities seek these deportations by pretending that it is the duty of the occupying people to make, in accordance with the Hague convention, the necessary regulations to establish public order and public life. They affirm that the unemployed must not fail a charge upon charities and that work whereupon they are employed has nothing to do with the war. Those who really are responsible for the stagnation and decay of Belgian industry are, according to the Germans, workmen who prefer to live on charity rather than on the proceeds of their labor, and Engle, which prohibited the importation of raw materials into Belgium."

"It is necessary to answer that there would be no lack of work in Belgium if the Germans had not made a clean sweep of raw materials, copper and oil in the factories—as they will perhaps make a clean sweep tomorrow of all leather belting which must now be declared in detail as if they had not requisitioned in masses and machinery, parts of machinery and machine tools? If finally they had not placed prohibitive duties of all goods exported to Holland in order to keep them out of the market—the only one remaining open as a competitor for German industry? Is it necessary to add that industries cited by the Germans as having no connection with the war, such as quarries and lime kilns, furnish the German army with materials for concrete wherever they fortify and consolidate trenches?"

"If they desire to use the arms of our workmen to repair and maintain

Zinc. Rails were firm to strong, Rock Island gaining 2 points.

The early rise was met by considerable realizing, causing recessions of one to three points, particularly in leading industrial, equipment and Marine. United States Steel made another decline almost to its initial low quotation and coppers yielded to moderate pressure. Rock Island forfeited much of its substantial rise and other rails, including those in the investment class, were sensitive to light offerings. Later the list rallied again on higher prices for leather and paper issues. Dealings during the forenoon were fully one-third below those of the previous day. Bonds were firm.

Chicago Grain

Chicago, Nov. 9.—Reports that British purchases this week in the United States and Canada have amounted to several million bushels did a good deal today to life wheat prices here. Advances in the New York stock market tended also to favor the bulls. Besides, there were further reductions in estimates of the Argentine exportable surplus. The opening, which ranged from the same as yesterday's finish to 1 3/8c higher, with December at \$1.87 to 1.87 3/4 and May at \$1.89 to 1.89 3/4, was followed by decided gains all around.

Corn jumped upward as a result of the government crop report proving much more bullish than expected. Selling increased on the bulge, but gains were well maintained. After opening 5/8c to 1 3/8c higher, the market scored a substantial further upturn. Export demand helped oats upgrade. The market kept full pace with corn. Provisions averaged higher with hogs and grain. Most of the trading was in lard.

Chicago Hog Market.

Chicago, Nov. 9.—Hogs rose in value today on account of the scantiness of the supply. Cattle did not appear to be overplentiful. Sheep and lambs were plainly scarce.

Sugar.

New York, Nov. 9.—Raw sugar steady; centrifugal 6.45c; molasses 5.95c; sales 2,000 tons, full duty and 2,000 bags of Porto Ricans. Refined sugar steady; fine granulated 7.50c to 7.60c.

Sugar futures quiet with trading confined to December which advanced 3 points.

Chicago Hog Market.

Chicago, Nov. 9.—Hogs—Receipts, 31,000; market strong, 10c above yesterday's average. Bully, \$9.23 to \$9.25; light, \$8.80 to \$9.00; mixed, \$9.35 to \$9.40; heavy, \$9.35 to \$9.40; rough, \$9.35 to \$9.50; pigs, \$6.75 to \$8.70.

Make tone of sheep market strong.

Omaha Livestock.

Omaha, Neb., Nov. 9.—Hogs—Receipts \$500; market higher. Heavy, \$9.60 to \$9.80; light, \$9.40 to \$9.70; pigs, \$8.50 to \$8.80; bulk of sales, \$9.50 to \$9.70.

Cattle—Receipts 3500; market

steady. Native steers, \$6.75 to \$11.10; cows and heifers, \$5.75 to \$7.50; western steers, \$6.50 to \$9.00; Texas steers, \$6.00 to \$7.00; stockers and feeders, \$5.75 to \$8.00.

Sheep—Receipts 9700; market steady. Yearlings, \$7.00 to \$8.50; wethers, \$6.50 to \$8.00; lambs, \$10.15 to \$11.25.

COMPLETE PLANS FOR OPENING BOXING CARD CLUB

Matchmaker Eddie Dallas of the Elite Athletic club has completed arrangements for the opening of the club boxing cards for the winter season next Wednesday evening and the main event of the first card will be a ten-round bout between Pat Gilbert and Lee Morrissey. Gilbert is a Salt Lake boxer and has a good claim on the championship of the intermountain states. He has also fought some of the best lightweights in the country and gained national recognition when he boxed a ten-round draw last Labor day with Ad Wolgast. Gilbert is now one of Hardy Downing's Salt Lake drawing cards.

Morrissey hails from Idaho Falls, Idaho, and claims the championship of the northwest in his class. He is considered a good match for Gilbert and the local fans can anticipate an interesting bout when the two men meet. Billy Johnson and Kid Davis, two of Ogden's classiest battlers, will go on for four rounds as a preliminary and Jack Ryan and Willy Hagan will put on a four-round curtain raiser. The bouts will be staged at the national guard armory on Twenty-fourth street.
