

## Musical Comedy To Be Given By American Legion

"Piff, Paff, Puff," a high class musical comedy, with a cast of 65 persons, has been selected by Bob Major and Lester Hinchcliffe, for the big attraction to be produced by the Ogdens post of the American Legion this winter.

"Piff, Paff, Puff" created a sensation during its New York run. It carries a dazzling chorus of 40 girls, 10 chorus boys and 15 principals, consisting of singers and comedians.

The production is considered a tremendous undertaking for these two talented young Ogdens men. However, their experience and the flattering success obtained along such lines in the past, assures Ogdens theatre-goers of a genuine treat this winter.

Directors Hinchcliffe and Major estimate the completion of the attraction in about seven or eight weeks.

Some of the musical scores and lyrics have already arrived and the carefully selected principals are more than two-thirds completed. The leading characters are being drawn from the best talent in Ogdens and the ability and voice of every person is being tested before final acceptance.

Discerning caution is being used in the selection of the dancing chorus. There will be the "Buster Brown Girls," "Bathing Girls," "Easter Girls" and a brilliant bevy of pony ballet girls. Most of the costumes are being made to order by the Tams Music Library of New York, the owners of the opera.

Some of the scenes which linger long in the memory of those who saw the original production are the "pajama scene," danced by the pony ballet girls, and the beautiful finale of Act I.

Messrs Major and Hinchcliffe are re-arranging the action and music of the last finale into what promises to be one of the most sumptuous spectacles ever seen outside of the musical reviews and follies. When finished, it will be known as the "March of the Warring Nations." Music will be changed and rearranged by Mr. Hinchcliffe and the drums and verses by Mr. Major.

Local Members.

The American Legion is elated over Armistice day success and is eagerly looking forward to this dramatic attraction as the climax to many accomplishments.

Bob Major, chairman of the entertainment committee of the local American Legion, will direct the intensely complex action, drama and dramatic end of the production. He is a talented actor of promising merit. Ogdens people will remember him in the moving picture, "The Boat," made by the Ogdens Feature Film corporation. He played juvenile lead opposite Miss Florence Riser. He also took part in the "Lust of the Ages," Lillian Walker's big success. He showed decided ability in photoplays and predictions of a brilliant future for him in the movie world were heard everywhere, but before his second picture was ready for the screen the U. S. had entered the great war and he answered the call to the colors and was soon on his way to the battlefield of France.

Lester Hinchcliffe, chairman of the musical committee of the local post is not only an accomplished pianist but possesses a tenor voice of rare quality and is a director of unusual ability. At present he is instructor in vocal and instrumental music at the Ogdens High school.

### TRAIN YOUR HAIR AS AN ACTRESS DOES

No class of people devotes as much time to beauty as do actresses, and no class must be more careful to retain and develop their charms. Inquiry develops the information that in hair care they find it dangerous to shampoo with any make-shift hair cleanser. The majority say that to have the best hair wash and scalp stimulator at a cost of about three cents, one need only get a package of cantrox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. This makes enough shampoo liquid to apply it to all the hair instead of just the top of the head. After its use the hair cries rapidly, with uniform color. Dandruff, excess oil and dirt are quickly dissolved and entirely disappear when your rinse the hair. After this your hair will be so fluffy it will look much heavier than it is. Its lustre and softness will delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.

## Roosevelt Family To Conduct a "Coffee House"

NEW YORK, Nov. 25.—Purely as a business enterprise and not as a political venture, members of the Roosevelt family have associated themselves to conduct in New York a "coffee house," a name reminiscent of the coterie of political and literary discussion in earlier days in English history.

The purpose of the company in which Theodore, Archibald and Kermit Roosevelt, Dr. Richard Derby and Philip J. Roosevelt are directors, is to take over an existing coffee house on the edge of the White Light district.

"We saw a chance to make some money," said one of the directors, "that's the whole explanation."

## American Slays A Family and Shoots Himself

ABERNATHY, Sask., Nov. 25.—Mr. and Mrs. Fred Hansen, farmers of near here, were slain this morning by J. R. Sullivan, an American who was visiting the family.

Sullivan then shot and seriously wounded the eldest Hansen boy and lined up the other three children of the family, apparently with the intention of killing them, but changed his mind and blew off his own brains.

## Radicals Strike At Ellis Island Over Deportations

NEW YORK, Nov. 25.—More than three score radicals awaiting deportation hearings at Ellis Island, now being investigated by the house immigration committee, have instituted two strikes within 24 hours.

After having issued an ultimatum to the effect that they would not attend the hearings unless the wire screen which separated them from visitors was removed, they declined an invitation to march into the dining hall for breakfast this morning. The menu, which the hunger strikers turned down consisted of prunes, oatmeal, bread with a substitute for butter, and coffee.

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Adv.

## BIG EATERS GET KIDNEY TROUBLE

Take Salts at first sign of Bladder irritation or Back-ache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a real kidney flushing any time.—Adv.

## WAS A SURPRISE TO HER FRIENDS

Mrs. Espy Gains Twenty-Eight Pounds After Taking Tanlac.

"I have gained twenty-eight pounds since I commenced taking Tanlac and feel better in every way than I have for many years," said Mrs. C. L. Espy, who lives at 1654 Hassale St., Portland, Ore., the other day.

"I had suffered from stomach trouble and indigestion so much, and for such a long time," she continued, "that my condition really became alarming. When I commenced taking Tanlac I had gone down to where I only weighed one hundred and five pounds, and my average weight was about one hundred and forty. Every time I ate anything I would be badly bloated from gas, and very often this gas would get up into my chest and cause my heart to palpitate something awful. I also suffered from constipation, and would have raging headaches every day or so. Finally my entire nervous system got in such bad condition, that it was impossible for me to get a good night's sleep. I was so weak and run down that I couldn't do my housework, and in fact, if I exerted myself the least bit I would be completely exhausted and feel like I was going to faint. It just seemed that during all those years of suffering that I did all in my power to get relief, but none of the medicines and treatments I took did me any good at all.

"One day a friend of mine who knew about my condition, came to see me and told me about Tanlac and advised me to give it a trial, and I took her advice, and it's the honest truth, I began to pick up just in a few days after I started taking this medicine, and from that time on I continued to improve until I am now a well, nappy woman again. I have a fine appetite and eat three hearty meals every day, and I never suffer a particle afterwards. In fact, I never have a sign of stomach trouble or indigestion, and my nerves are in such good condition that I sleep like a child every night. I have gotten back my strength, and have almost regained every pound I lost, and am so well and strong in every way that I can easily do all my housework now. All my friends are talking about my wonderful recovery, and I always impress one fact upon their minds, and that is that Tanlac is responsible for it."

FIZZLED OUT.  
Do not recall the wild commotion of a little while ago, when we had a sort of notion that the profiteers would go? We resolved to prosecute them and to poison them and shoot them; and to treat 'em rough and hoot them; where's that movement, do you know? Where are now the learned attorneys whom we often used to meet, as they made their frantic journeys to the courthouse and repeat? How they used to roar and thunder, how they'd stamp the price tags under, and deprive them of their plunder, in the name of Mike and Pete? Are the profiteers in prison, where we said we'd put them all? Is the hoarder getting his'n, dragging round a chain and ball? Is the market's greedy ruler resting in the moldy cooler, or is
