2345 Washington Ave.

**YESTERDAY WARMEST DAY HERE SINCE NOVEMBER 22**

Colder tomorrow. How much colder, the weather man doesn't say. However, he declares it will be a nominal change and no cold wave. But as the skies are to remain, for the most part, clear, a few degrees lowering of the temperature will cause no inconvenience, it is thought.

The forecast reads: "Fair north. Unsettled south portion tonight and Wednesday. Colder Wednesday and west portion tonight."

The maximum temperature for yesterday was 52 degrees and the minimum was 23 degrees. Yesterday was the warmest day in Ogden since November 22, when the thermometer showed 54 degrees. However, on that day it was not so cold, as the minimum was but 33 degrees. Computing the actual number of days from November 22 to the present, the thermometer did not register over 52 degrees for 59 days, almost a record for the city, according to officers of the department.

**E. C. Manson is Named Idaho Division Head**

E. C. Manson, former Ogden railroad official has been appointed superintendent of the Idaho division of the Oregon Short Line, succeeding A. B. Stevenson, according to announcements from the O. S. L. offices. J. E. Davis has been appointed assistant superintendent of the Fifth and Sixth districts of the Utah division, with headquarters at Salt Lake. He was formerly superintendent at Montpelier, Idaho.

**OGDEN CENSUS FIGURES LIKELY TO BE WOEFULLY SHORT UNLESS ACTION IS TAKEN IMMEDIATELY, EXPERT ASSERTS**

"Ogden will fall several thousand short of the estimated population unless concerted action of the organizations of the city and the local authorities is taken."

This statement was made by an official who is closely in touch with the census situation of Ogden.

There is a floating population of several thousand in Ogden, it was stated, and Ogden may get credit for these people if means for effecting enumeration can be found.

Claims were also made that in addition to the floating population which has not been enumerated, hundreds of Ogdenites are being listed as residents of Los Angeles and other California cities. Arrangements securing the enumeration of these people are also necessary, it is stated.

Attention has been called to the manner in which Kansas City provided for the enumeration of her residents who were away from the city. The Chamber of Commerce had pamphlets printed which were provided for the answering of questions in accordance to the queries on the census blanks. Across the top of the pamphlet were the words:

"If you are proud of your city, assist in swelling the population."

These pamphlets were scattered broadcast especially in places where people from Kansas City were sojourning for the winter.

Reports say that many Utahans have already been listed as residents of California. They are there for the winter, and as their names are collected by California enumerators, they are listed as residents. This is swelling the population of California cities, while Utah cities are not getting credit due them.

Regarding the floating population in Ogden, it is stated that census enumerators are too busy with allotted districts to handle the situation. This matter, if carried out successfully, will have to be accomplished by organizations of the city. The arranging of committees to canvass certain districts of the city where floating population is to be found has been suggested as a means of securing the "floaters." The idea being that a huge committee such as has successfully functioned in Ogden during Liberty bond and Red Cross drives, be organized to scour the town in search of persons who have not yet been enumerated.

**PROGRAM OF HIGHWAY CONSTRUCTION IS ANNOUNCED**

Commercial importance will be considered in forest roads which will be constructed in Utah during the coming season, according to information from State Road Engineer Ira T. Browning. District Engineer J. P. Martin has corroborated the statement of Engineer Browning to the effect that utility rather than scenic beauty would be the prime requisites of Utah highways to be constructed this season.

Engineer Browning has announced that there are five forest service projects now under contract and work on these projects will commence with the opening of spring.

One of the projects under contract, from St. George to Modena, will shorten the distance between St. George and the railroad by thirty miles. This road is especially important, inasmuch as it will eliminate excessively long hauls to the railroad.

The Cedar-Lone Valley road is another project of almost importance. This road will open up a timber country that will furnish lumber that is needed by the people of Iron and Washington counties.

The Ephraim-Orangeville road will open up splendid territory and will give Sanpete and Emery counties access to both coal and lumber.

The Heber-Fruitland road project will provide a direct route from Salt Lake to Utah basin and will shorten the road between Salt Lake and Vernal by twelve miles. From Logan to Garden City, the road will place rich country in a position that will divert trade to Utah instead of Wyoming.

There are three other forest service projects that are ready to advertise, it is stated, and will probably be contracted for in the near future. One of these is the Sevier-Cove Fort project which will open a route between Nephi and Arizona. The Saline-Emery project will provide the only road which can be used the year around across the main range of the Wasatch mountains.

After these roads, which are of utmost importance, have been constructed, attention will be given to scenic projects, it is stated.

**TWO MORE ROBBERIES TAKE PLACE HERE; GUNS STOLEN**

It was reported to the police this morning that the store of Mrs. Phillips, 336 Twenty-third street, was entered during the night and some oranges taken. Entrance was gained by breaking the front window. It is the opinion of the police that the work is that of some boys, because of the nature of the goods taken. Mrs. Joseph Clark, 2752 Washington avenue, has reported to the police the theft of a number of firearms from her home during the absence of the family. It is believed the robbery happened several days ago. The articles stolen were: One rifle, two shotguns, a Colt's revolver and one automatic rifle. A light gray suit of clothes was also taken.

Melvin Bartlett reported to the police that his wheel was stolen from in front of the Examiner office early this morning.

**CRUEL TREATMENT OF HORSES CHARGED IN COMPLAINT**

A warrant was issued this morning for the arrest of W. F. Brown, a driver for the Lion Coal company, charging him with cruelty to animals.

Humane officers swore to the complaint.

The complaint alleges that Brown cruelly whipped his team while the team was trying to haul a heavily loaded coal wagon up Twenty-fifth street hill, in front of the Reed hotel. The coal company is also mentioned in the complaint as one of the defendants.

Spectators declare the hill was slippery because of the melting ice and that the horses were unable to get a sufficiently firm grip with their shoes to permit their hauling the load up the incline.

**Girls Pay Visit to Holley Milling Plant**

After having read all about flour and after having learned how to make bread, cakes, muffins, etc., other good things from flour, sophomore girls of Weber normal college, under the direction of Mrs. Lydia H. Tanner, domestic science instructor, made a trip to the Holley mills yesterday. The girls saw the several processes through which grain goes before it leaves the mill in sacks.

**Live Prayer Meeting First Baptist Church**

There will be a live prayer meeting at 7:30 p. m. Wednesday at the First Baptist church. Three minute talks on prayer will be given and among those giving these talks will be: Prof. J. A. Smith on "Prayer for Others," W. R. Looney, "Bible Examples of Prayer," Wm. Williams, "Prayer and Song," Mrs. Ray Palmer, "Prayer in Personal Life."

Rev. Palmer will give a brief address on the topic of the evening.

A cordial invitation to all is extended.

**JONES' SHOES**

2461 Washington Avenue

SEVERAL hundred pair of our regular high grade shoes, contracted for eight months ago, have just arrived. These shoes were contracted for at the market price then prevailing—which was way below today's market price. This enables us to sell these shoes at retail at the present wholesale price. While these shoes were contracted for months ago they were only recently manufactured. Therefore, in style, design, shade of color, they are the very latest creations. They are guaranteed styles for fall of 1920.

WE ARE GOING TO GIVE our customers the advantage of our early purchase. Shoes of this quality, this coming season will have to retail at \$18.00 to \$22.50. We are offering these many styles of new complete lines of shoes as described below—in all size—2 to 9—all widths—AAA to D—for

**\$15**

**Here Are the Styles**

Beaver brown kid lace	Tan kid vamp brown suede quarter

Growing girl's shoes, patent lace and black calf, low heel <b>\$4.95</b>	<b>SPECIAL</b> Ladies' black, tan and grey kid lace shoes, French heels <b>\$9.95</b>

**NEW FRENCH PREMIER MEETS WITH COUNCIL**

Lloyd George, Millerand and Signor Nitti to Settle Future of Supreme Bureau

PARIS, Jan. 20.—Alexandre Millerand, the new premier, attended the meeting of the supreme council this morning. He was introduced to all the members at this morning's session and will preside at a second meeting this afternoon.

In the meantime, at a meeting of Premier Lloyd George of Great Britain, M. Millerand and Premier Nitti of Italy, the future organization probably will be settled. Signor Nitti announced he was obliged to leave for Rome tonight while the British premier is unable to remain more than a day or two.

The council heard Caida Voivode, the Rumanian premier, regarding the desire of Romania to annex Bessarabia. The council informed V. Voivode that it would make a decision regarding Bessarabia after the Rumanians had entirely complied with the council's instructions regarding the evacuation of Hungary.

Marshal Foch informed the council that the British had notified him of their inability to send 172 quora of troops, numbering 25,000, to the plebiscite areas. The marshal recommended that the British troops be replaced by French and Italian forces if necessary. The council will come to a decision on this matter this afternoon.

Gustave Ador, former president of Switzerland, was received by the council this morning. He explained the Swiss attitude on entry into the league of nations, and said that Switzerland wanted its neutrality maintained as a condition of participation in the league. It was agreed to refer the question to the league of nations council for decision.

When Jenkins gets home, we'll wager that Old Carranza will know how it feels to have a little of that w. k. pitiless publicity.

And one more, before we leave this dead subject—Trouble is the most successful home brew.

**MISSES FEW GAMES**

JUDGE K.M. LANDIS

Baseball's most distinguished fan, that's Judge Kenesaw Mountain Landis of the federal court in Chicago. He is a box holder at both the Chicago ball parks—the Cubs and White Sox. Only very important court business will keep him away from a game.

**Gen. Liggett Answers Armistice Day Fight**

WASHINGTON, Jan. 20.—Answering charges that attacks by American troops on the morning of armistice day resulted in needless loss of life, Lieutenant General Hunter Liggett, commander of the First American army, told a house war investigating committee today that the advance in the Meuse-Argonne sector could not have been stopped because two divisions were astride the Meuse river.

Cessation of hostilities in the face of enemy action with these divisions in that position would have been dangerous, he said.

Boya of orders stopping the fighting at 11 o'clock on armistice day was a remarkable piece of staff work, General Liggett testified.

"The American forces," he said, "stretched over a 400-mile front and many units were in detached positions. The staff work in reaching the great number of units before 11 a. m. was remarkable."

Changes in the orders to stop fighting before 11 o'clock, General Liggett said, could have been made only at Marshal Foch's headquarters.

"We would never have accomplished anything," he added, "if subordinates had issued different orders or modified those from the French high command."

**Standard Flour Drops Fifty Cents a Barrel**

MINNEAPOLIS, Minn., Jan. 20.—Flour dropped 50 cents a barrel on the local market today. Standard flour in 98-pound cotton sacks sold at \$14.25 a barrel. The general market decline in wheat was given as the reason for the drop.

Shorter skirts next year is the latest fashion prediction. It's all wrong. If the skirts get any shorter, they will be shirt tails.

If it is true that cotton is worth more than wool, we'll soon be able to buy all the wool we want.

**SEEKS SECOND SON**

MRS. EMMA C. BERGDOLL

PHILADELPHIA—Mrs. Emma C. Bergdoll, on the advice of her son, Grover C. Bergdoll, who has been arrested as a draft dodger will advertise, she says, for her second son, Edwin, also wanted as a dodger, to give himself up. Mrs. Bergdoll is under \$10,000 bond on charges of assault and battery and conspiracy to prevent the arrest of Grover.

The moon sheds light on us, it's true, but that's no reason why that Harvard professor should claim that the inhabitants of the moon are brighter than us.

It is one thing to hear a man talk loudly and another to hear what he is talking about.

**PAN-AMERICANS GET DOWN TO BUSINESS**

Three Hundred Most Successful Financiers and Business Men of U. S. Aiding

WASHINGTON, Jan. 20.—Organization completed and the formalities of welcome over, the delegates to the second Pan-American financial congress buckled down to business today with the aid of 200 of the most successful financiers and business men of the United States.

Group committees, representing the twenty Latin-American republics, divided into sub-committees this morning for the purpose of studying transportation, banking and credit and the miscellaneous problems from the standpoint of the needs of their respective countries. They will report to the full committee at the afternoon sessions. The transportation committee, headed by Secretary Alexander, will hold its first meeting today. Wallace D. Simmons, of St. Louis, American chairman of the group, gave assurances on behalf of the people of the United States of a desire to settle all differences with Colombia and renew close co-operation for the development of Colombia's resources to the mutual benefit of both countries.

Dr. Pomponio Guzman, Columbian minister of finance, expressing keen appreciation of the assurances, said the people of Colombia reciprocated the feeling.

Emma Goldman demands justice in the United States because she knows she won't get any in Russia.
