PROBLEMS OF DAY ARE DISCUSSED IN CARDINAL'S MISSIVE

Letter to Clergy and Laity to be Read in All Catholic Churches Tomorrow

MARRIAGE-DIVORCE VIEWS DISCLOSED

Flea for Decency and Good Sense in Wider Social Relations of Present

WASHINGTON, Feb. 21.—The abstract of the pastoral letter of the archbishop and bishops of the United States, to be read in all Catholic churches of the country tomorrow, was made public here today. The letter is signed by Cardinal Gibbons. It says in part:

The archbishops and bishops of the United States, in conference assembled, to their clergy and faithful people—Grace unto you and peace from God our Father, and from the Lord Jesus Christ.

Venerable brethren of the clergy, beloved children of the laity: Thirty-five years have elapsed since the Fathers of the Third Plenary Council of Baltimore addressed their Pastoral Letter to the faithful of their charge. The interval has been marked by events of far-reaching import for the welfare of mankind. The greatest of these, the world war, is finally ended. And now that God, in His mercy, has restored the nations to peace, it is fitting that we offer up praise and thanksgiving to Him for the blessings which He has bestowed on the church at large and especially on the church in our country.

Catholic Education. We refer with pride and gratitude to the growth of our Catholic schools. It is an evidence of the interest which you take in the Christian education of your children. You are convinced, as we are, that religious instruction is not only a part of education but the most important part.

Negroes and Indians. It is mainly through education that we shall improve the condition of the negro and Indian races and enable them to enjoy more fully the blessings of religion. Both justice and charity require that they be given the fair opportunity of which they have so long been deprived. In the eyes of the church, as in the sight of God, all men are redeemed at the same great price; and all have need of the same spiritual guidance and the same good will on the part of their fellowmen. We therefore invoke the Divine benediction on those who are laboring in the interest of the negro and Indian; and we deprecate most earnestly all attempts at stirring up racial hatred, which so often expresses itself in deeds of violence unworthy of a civilized nation.

The Wider Social Relations. Social intercourse, in the usual sense, responds to a demand of our human nature. It is an effectual means of drawing more closely the bonds of charity. And it often furnishes occasion for joint endeavor in furtherance of the common good.

To attain these worthy ends, social enjoyment must remain within reasonable limits. When it interferes with the duties of home, it defeats its own purpose. When it becomes extravagant and develops a craze for pleasure, it is likely to pervert the whole meaning of life. A people that lives on excitement and sensation will soon lose its moral fiber. The power of endurance is directly proportioned to the power of self-restraint. And this we sorely need at the present time when America is passing through the gravest crisis in its history.

In this matter we appeal with all possible earnestness to Catholic women. We urge them especially to counteract those tendencies to excess whereby the prescriptions of plain decency and even the slightest restraints of convention too often are disregarded.

As life and its relations have their origin in the home, whatever strengthens the family tie will redound to the good of society. On the contrary, all those influences and tendencies which weaken the bond matter. Ignorance is an evil; as such it must be removed. But it is not the only evil. What we have chiefly to fear is educated intelligence devoid of moral principle—the man who uses his knowledge to abuse his freedom. This is the dangerous type. To continue its production or allow it to multiply would not be the part of wisdom.

It is an error to assume that the is-

THANKS OF FRANCE REACH NEXT OF KIN IN CERTIFICATES

INDIANAPOLIS, Ind., Feb. 21.—A total of 118,409 French certificates will be bestowed tomorrow upon the next of kin of the Americans who died in the world war, it was announced today at the national headquarters of the American Legion, which will have supervision of the ceremonies to be held in all parts of the country. The nation's honor roll is comprised of 107,952 soldiers, 6500 sailors and 3657 marines.

In the bestowal of these French memorial certificates of honor and esteem, France pays homage to America's dead in the late war on the birthday of George Washington, which also will be observed in many churches of the country as "American Legion Sunday" when the work of the American Legion will be explained from the pulpits.

The marine corps received its allotment of testimonials at too late a date to address and send to the local posts of the American Legion for presentation tomorrow, and these will be mailed direct to the next of kin.

FRENCH SCRAMBLE TO PURCHASE NEW BONDS

PARIS, Friday, Dec. 20.—(Havas).—A great rush of selling orders from clients anxious to have money available for subscription to the new loan is reported by brokers here. From the moment the banks opened their doors Thursday morning, they were filled with eager subscribers to the loan and a great rush of business has continued. One marked effect of the new loan was a sharp rise in the exchange rate for the franc in London.

CANADA READY TO NATIONALIZE ROADS

MONTREAL, Feb. 21.—The Canadian National railways will be probably the most extensive system in the world with a total mileage of 21,213 as the result of the acceptance by stockholders of the Canadian government's offer to nationalize the Grand Trunk and the Grand Trunk Pacific. The national system now consists of the later-Colonial and the Canadian Northern, totalling 13,649 miles. The Grand Trunk has a mileage of 4785 and the Grand Trunk Pacific 2788.

BANDITS WHO HOLD AMERICAN LOCATED

WASHINGTON, Feb. 21.—Mexican federal authorities have located the bandits who kidnaped Joseph E. Askew, an American citizen, near Lerdo, state of Durango, on February 2, and troops are in pursuit in the hope of effecting Askew's release. The American embassy at Mexico City has been informed by the Mexican foreign office. No further details were given in the embassy's report received today at the state department.

IMPORTANT CHANGE MADE IN CABINET OF PRES. CARRANZA

MEXICO CITY, Feb. 21.—Important changes in President Carranza's cabinet have taken place during the past week. Leon Salinas, under secretary of the department of industry, commerce and labor, who has been in charge of matters relating to petroleum, was on Wednesday named secretary of that department. He succeeds General Plutarco Elias Calles, former governor of Sonora who resigned to enter the political campaign as a supporter of General Obregon for the presidency. General Francisco Uruiza became under secretary of war and marine, succeeding General Jesus Augustin Castro.

Persistent reports that diplomatic relations between Mexico and Great Britain were about to be resumed were partially confirmed yesterday when it was learned from semi-official sources that Robert Leech, British minister to Cuba, is to be sent to this city. General Canido Aguilar, it is said, will go to England as soon as formalities are completed. General Aguilar was granted unlim-

U. S. AMBASSADOR TO GREAT BRITAIN GIVEN INSTRUCTIONS

Paris Political Writer Gives Review of Adriatic Case Situation

ALLIES WORKING TOO FAST FOR PRESIDENT

Note From Earl Curzon Declared Cause of First Note From Wilson

PARIS, Feb. 21.—John W. Davis, American ambassador to Great Britain spoke in London last night of "certain instructions" he had received from President Wilson although the president's note to the supreme allied council has not as yet arrived at the British capital, says "Portinax," political editor of the Echo de Paris.

In order to properly follow the course of events, he writes, "he should be said that the note received by the council from President Wilson on February 13 was in answer to a statement sent to the state department in Washington on January 24, by Earl Curzon, British secretary of state for foreign affairs. Hugh C. Wallace, American ambassador to France, attended meetings of the supreme council in this city last month and in the course of his government expressed formal reservations in regard to the demand sent to Belgrade on January 26. On that occasion, speaking as much in regard to Turkey as the Adriatic, he said:

"You are going much too far and much too fast. President Wilson cannot follow you."

"Earl Curzon then drafted his note which was intended to calm Mr. Wilson's anxiety, assure him that greatest deference would be shown his views and that Ambassador Wallace would be kept fully informed. Apparently after three weeks of patient waiting, President Wilson felt these soft words would not be enough. It can thus be seen the note of February 13 was not a 'bolt from the blue'."

"Knowledge of certain facts may also throw light on Mr. Wilson's probable policy relative to Turkish affairs. In October the American president formally asked the peace conference to postpone drafting the Turkish treaty until spring. . . . In one of the last meetings of the supreme council it was decided before the treaty was communicated to the Turks it would be submitted for approval to our great associate."

"What will he do? In whatever way one looks at it the work done in Downing streets seems more or less threatened as a word from across the Atlantic may reduce to nothing the important conversations that have been going on."

25,000 SUFFRAGISTS MEETING IN TOKIO

TOKIO, Wednesday, Feb. 18.—The universal suffrage association which had long been planned for today in the hope of influencing pending legislation, proved something of a disappointment. It had been announced that 100,000 persons would engage in it but those actually participating were less than one-quarter of this number. The city was strongly guarded and the utmost good nature prevailed during the day.

Pamphlets visited the diet building, the suffrage party headquarters, and the palace. After cheering for the emperor, the crowd dispersed.

MILLIONS IN GOLD GOING TO ARGENTINA

NEW YORK, Feb. 21.—Gold valued at \$14,300,000 has been withdrawn from the sub-treasury here this week for shipment to Argentina, it was announced today.

Reports emanating from the United States regarding the alleged anti-government attitude of General Francisco Murguía, military commander in the states of Coahuila, Nuevo Leon and San Luis Potosí, were shown to be without foundation when General Murguía arrived here this week for a conference with President Carranza. There are reports current that he may become secretary of war.

RENT PROFITEERS MAY CAUSE HUGE NEW YORK STRIKE

NEW YORK, Feb. 21.—If the "rent profiteering" bill is not passed by the legislature within six months a general strike of all workmen will have to be called here in violation of all agreements, Edward I. Hannah, president of the Central Federated Union, predicted today.

The bill urged by Mr. Hannah is designed to amend the code of civil procedure so that no exaction may be brought against a tenant unless the rent sued for is "reasonable."

The burden of the proof would rest upon the landlord.

"We are willing," Mr. Hannah said, "that a landlord should receive a reasonable return upon his investment. This bill is aimed against landlords who have equities of only a few thousand dollars in the property they own and are attempting to make profits of 80 to 100 per cent."

CAILLAUX TALE OLD MINOTTO DECLARES

CHICAGO, Feb. 21.—James Minotto, son-in-law of Louis F. Swift, today declined to discuss statements of ex-Premier Joseph Caillaux on trial in Paris, that Minotto was a German spy who did him wrong when Caillaux visited South America in 1914-1915.

"That is an old story. There is nothing to it," Minotto said. "I am interested in it—as you would be interested in the picture of your grandmother—but it is all dead to me," he added.

Since his release from Fort Ogden, where he was interned as an alien enemy during the war after deportation proceedings had failed, Minotto has dropped his title of count.

"That is an old story. There is nothing to it," Minotto said. "I am interested in it—as you would be interested in the picture of your grandmother—but it is all dead to me," he added.

Director General Hines announced that while the divisions of operations and labor as such would be discontinued March 1, representatives of the railroad administration would carry to a conclusion consideration of all grievances. He named C. S. Lake and J. A. Franklin as his assistants to supervise and recommend final disposition of these questions.

Many of these labor demands provide for retroactive pay. In view of this, Mr. Hines has authorized railroad boards of adjustment to continue to receive and hear questions which ordinarily would come to them for settlement under existing wage agreements.

Mr. Hines announced that W. S. Carter, director of the division of labor, had arranged to resume his duties as president of the Brotherhood of Locomotive Firemen and Enginemen March 1. Mr. Hines, director of the division of operations, will become vice president of the Northern Pacific Railroad company when he leaves the railroad administration.

ONE CENT POSTAGE CLAUSE APPROVED

WASHINGTON, Feb. 21.—One cent postage for local or drop letters was approved today by the senate postoffice committee, which incorporated the reduced postage amendment of Senators Dial, South Carolina, and McKeever, Tennessee, Democrats, in the postoffice appropriation bill.

Appropriation of \$1,400,000 for a trans-continental airplane mail route from New York to San Francisco, also was written into the bill.

GEDDES AVERS HE IS STILL IN DARK

LONDON, Feb. 21.—Sir Auckland Geddes, minister of national service and reconstruction, who is reported to have been offered the ambassadorship to the United States in succession to Viscount Grey, informed the Associated Press today that he was not aware of any decision regarding the naming of an ambassador to Washington.

REGENT OF HUNGARY

BASLE, Feb. 21.—Admiral Nicholas Horthy, commander-in-chief of the Hungarian army, is reported to have been named regent of Hungary by the national assembly.

BEET GROWERS OF IDAHO DECIDE ON SCALE OF PRICES

Sliding System Whereby Farmer and Manufacturer Share in Increase is Favored

POCATELLO, Idaho, Feb. 21.—The Utah contract has been approved by beet growers from nine beet growing counties of Idaho but the clause of 10 cents for shoveling was changed to 25 cents.

The growers also approved the Denver scale of prices. This scale calls for the payment of \$12 a ton for beets when sugar sells at 9 cents a pound. For every cent increase in the sugar board price of the growers want an additional \$1.50 a ton for the beets. Under this arrangement the increase in sugar prices is split fifty-fifty between grower and manufacturer.

One vote was permitted from each beet growing county. The first vote was five to four in favor of the Denver scale, but the Bannock county delegation switched on the final vote, making it six to three.

On a vote of all present forty favor of the Denver scale and fourteen opposed it, holding out for the Utah scale. Bannock, Bingham, Minidoka, Jefferson, Fremont and Cassia voted for the Denver scale and Madison, Bonneville and Franklin counties for the Utah scale. All afternoon the special committee fought over the two scales. The debates were sometimes bitter and the refiners were praised and maligned in turn.

There seemed to be a great division between Bingham county, which came with thirty-five delegates to the convention, and Madison county, which appeared to a fight between the farm bureau of Madison county and the beet growers' organization of the upper Snake river valley. It was shown that Idaho produced beets with a higher percentage of sugar than any other state in the Union—as high as 15 per cent sugar in beets at Downey and Medan—and therefore Idaho should have more than Utah and should approach the highest price set by the national beet growers at Denver.

Eighty-five cents per ton for pulp was the price set by the growers. There were at the beginning of the all-day and part of the night convention more than 150 delegates, Oneida, Bear Lake and Twin Falls counties not being represented.

J. Ross of Caldwell, president of the state farm bureau, presided.

WOMEN VOTERS TO OPEN HEADQUARTERS

CHICAGO, Feb. 21.—Congressional and legislative headquarters of the League of Women Voters will be established in Washington immediately under direction of Miss Maude Wood Park, of Boston, it was announced today.

CRITICISM AID TO EFFICIENCY AVERS SIMS TO STUDENTS

Dangerous Attitude Has Cost U. S. Thousands of Lives and Dollars, He Says

PHILADELPHIA, Feb. 21.—Admiral William S. Sims, orator at the university day exercises at the University of Pennsylvania today to celebrate the birthday of George Washington, drew lessons from the career of the first president and criticized the tendency of Americans to resent adverse comment upon military unpreparedness of the United States.

"The missing element in Americanism," said the admiral, "is that it does not include adequate solicitude for our safety. The government, and to a certain extent our people, resent criticism of anything American. This is a dangerous attitude that has cost us many thousands of lives and many millions in treasure."

In European countries, Admiral Sims said, national defense is a live issue.

"The actual condition of their armed forces is so vitally important," he said, "that anyone who can point out a defect or suggest an improvement will earn the gratitude of his government. Criticism is recognized as so vital to efficiency that it is not only welcome but is invited, and is rewarded when it proves beneficial."

"In the United States," Admiral Sims said, "we not only neglect to provide for public criticism of our officers, but actually forbid it."

"The consequence is that the American people know less about the elements of warfare and less about the actual condition of their military forces than the people of any of the other great powers. Though this has militated against our preparedness for war in the past, and although we have nevertheless always attained our object in war without very serious loss still it must be evident that a similar attitude cannot be maintained in future without serious risks."

The honorary degree of doctor of laws was conferred upon Admiral Sims.

SPANISH CABINET AT MADRID RESIGNS

MADRID, Feb. 21.—The Spanish ministry resigned today. The resignation was due to the inability of the cabinet to obtain sufficient support in parliament to pass the appropriations and increase the railroad rates.

King Alfonso has called the parliamentary leaders into consultation.

LONDON, Feb. 21.—A news agency dispatch from Madrid reports that King Alfonso has accepted the cabinet's resignation. It adds, however, that general opinion favors the maintenance in power of the retiring cabinet.
