FRANK Mc INTYRE in "THE TRAVELING SALESMAN" FAMOUS PLAYERS-PARAMOUNT

Nobody loves a fat man—but everybody loves this—the "fattest and jolliest" fat man on the screen

"The Traveling Salesman"

A MOST HIGHLY AMUSING COMEDY DRAMA A VERY FUNNY COMEDY AND FOX WEEKLY

Cleopatra didn't dolly up just for fun. She had a reason. It's your reason—it's every woman's reason—and you can see it in

Silk Husbands and Calico Wives

Starring House Peters, the man of a thousand emotions in a drama that will make you think. Coming Sunday for three days.

CALICO WIVES AND SILK HUSBANDS

"Silk Husbands and Calico Wives," Equity Pictures' Special production starring House Peters, which is to be shown at the Utah theatre Sunday and 2 days will be highly interesting to local moving picture devotees for a number of reasons. The picture is based on Monte M. Katterjohn's popular novel of "American life, a thoroughly and intensely modern story dealing with both country and city. No finer or truer to life picture has ever appeared on the screen—it is intensely absorbing and timely with a beautiful love story running through it. The story depicts vividly the struggles of two young people making their start in life fresh from the country. They are full of the enthusiasm of youth and are thrilled in their call of the great city, when the offer comes to go to New York. What the tumult of the metropolis makes of them, this strong man and woman who, in the midst of all their struggles to establish themselves have found romance and a great love is the big, human theme of "Silk Husbands and Calico Wives." It is a story that reaches down deep in the heart of every human being, and starts folks to talking and thinking. Vincent Serrano, who played the role of the Yogi in "Eyes of Youth," will be seen in a prominent part, Sam Sothran, also seen in the "Eyes of Youth" will be seen in a prominent character. In addition Eva Novak, Mildred Reardon, Edward M. Kimball

and Ruth Sinclair round out the cast. "Silk Husbands and Calico Wives" was completed nearly a month ago and is now being shown in the leading cities of the United States. The production is one of the most absorbing of screen stories.

Young Americans Held by Mexican Authorities

AGUA PRIETA, Sonora, Mexico, March 12.—Edward Filmore and Herman Sideway, giving their address as New York City, are being held by the Mexican authorities at Hermosillo, according to a statement made this morning by Robert Carrillo, chief of the northern zone of the Carranza secret service.

According to Carrillo, the men were approached by the military last week in southern Sonora near the Chihuahua state line with two automobile loads of ammunition which they confessed had been turned over to them on the west coast for delivery at a certain designated spot on the state line, there to be turned over to agents of an outlaw gang, said to be prime movers in the new revolt announced for May by the army of the re-organized government of Mexican Freemen.

Carrillo said Filmore and Sideway were alleged draft evaders from the United States.

Nobody is happier that Cuba is free than the nation who freed her and is now visiting her to drink to her long levity and health.

When Uncle Sam loses his temper, nobody'll find it without regret.

MORE THAN \$100,000 CHOPPED FROM ESTIMATED EXPENDITURES —NO NEED TO INCREASE TAX LEVY

After considerable discussion the city commissioners have now completed the consideration of the city budget for 1920. The final statement will be made at the regular meeting next Monday evening.

Following is the recapitulation of the amounts requested by the several departments of the city government, together with the amounts allowed, showing in all a total saving of \$108,897.84.

The auditor's office requested \$6554.25, and was allowed \$6334.25.

In the department of public affairs and finance the several divisional requests and allowances are:

Mayor's office, \$1865; allowed 1865

Recorder's office, \$5217.24; allowed \$4357.24

City court, \$4275; allowed \$4137

Treasurer's office, \$7349.53; allowed \$7249.53

City Hall, \$4864; allowed \$5064

Stationery and general, \$112,829.78; allowed \$76,239.78

For the department of public safety the commissioner's office requested \$5400 and was allowed \$5421.30.

Extra pound asked \$276 and was allowed the same amount.

Humane officer requested \$60 and was allowed \$60.

Health department requested \$31,750

and was granted \$18,565.

Police department requested \$62,420; allowed \$52,104.

Fire department No. 1 requested \$61,737; allowed \$43,041.

Fire department No. 2 asked \$9320 and was granted no allowance for the year.

Fire department No. 3 requested \$7757; allowed \$6113.

The department of public property and parks made the following requests

Comfort station at Twenty-fourth and Washington avenue, requested \$3053; granted.

Parks, request \$19,865; allowed \$14,000

Cemetery, request \$24,750; allowed \$20,850

Streets, request \$73,495; allowed \$72,630.

Engineering, \$63,695; allowed \$58,056.66

Grand total allowed, \$404,551.78

The waterworks department was allowed \$78,132 after having requested \$80,432

This is the first occasion on which the city commissioners have published such a statement for the information of the general public and, according to Mayor Francis, this is the first in many years in which the tax levy will not be increased. For 1919 the levy was 8.05 mills and that is the figure for 1920.

DISABLED VETERANS OF WAR TO GIVE BIG MINSTREL SHOW

Officials of the Elks, Rotary and Ogden Chamber of Commerce have received the following letter from Harry A. Warden, publicity manager of the Carry On club, of Logan, Utah:

"On Tuesday evening, March 23 the Carry On Minstrel will play in Ogden. This troupe is composed entirely of men who were disabled in the recent world war and who are now receiving vocational training at the Utah Agricultural college. The net proceeds derived from this trip will be the foundation of a revolving fund for the benefit of the Federated Vocational students at the U. S. C. We are writing to the American Legion, the Elks, and Rotary, and your club asking for cooperation in making this affair a big success. May we have yours?"

The officers of the Weber club and the Ogden Chamber of Commerce have acted on this letter and will give every possible assistance for the proposed concert, said President W. L. Watts.

BODIES OF 50,000 MEN TO BE RETURNED

WASHINGTON, March 12.—The bodies of about 50,000 of the American dead in France will be returned to the United States while between 20,000 and 25,000 will remain permanently in foreign overseas, Secretary Baker informed Chairman Wadsworth of senate military committee.

The secretary, who wrote in response to a senate resolution, estimated the cost of returning the dead and concentrating the bodies remaining in cemeteries overseas at \$50,000,000.

Congestion of the French transportation systems and shortage of materials used in the manufacture of coffins is handicapping the work, Mr. Baker said.

While 111 bodies of American dead have been returned from Archangel, Secretary Baker said the same number will remain in northern Russia and that it was improbable that anything could be done toward their removal for a year.

Evacuation of bodies in England is progressing, he added, while in Italy all bodies have been concentrated ready for return to this country.

Cedar Lumber Co. Inspecting States

The manager and one of the board of directors of the Cedar Lumber and Commission company, which recently applied for a sale of fifteen million feet of timber in the Dixie forest, are making an inspection of northwestern states to become acquainted with sawmill operations, according to the forest service news bulletin.

With the opening of the Cedar-Long Valley road, large shipments of timber from Cedar mountain are anticipated.

What we'd like to know is the sailing date of the American ark from Mexico.

DANES STRIVING TO GAIN SUGAR BEET SEED BUSINESS

With a view to getting sugar beet seed business which formerly went to Germany, Selmar Loit, who represents one of the largest seed companies in Denmark, was in Ogden today. He was the guest at noon of E. Sebelov, field agent of the Amalgamated Sugar company, at the Weber club.

Mr. Loit was in conference with Dr. Townsend of the sugar beet department of agriculture demonstrating the excellence of Danish seed and its homogenous adaptability to the climate of the beet growing sections of the United States.

Mr. Loit states that everywhere he has gone throughout the country he has met with an encouraging reception. "Before the great war you received most of your sugar beet seed from Germany," he said. "The war put an end to that and now Denmark which has long produced sugar beets of high sugar content is endeavoring to get a larger share of the trade of this country. Your difficulty over here is that you are not able to grow a sugar beet that you can leave in the ground over winter, necessitating great expense in the labor of pulling out the beets in the late fall and re-setting in the spring. In Denmark we have produced a mother-sugar-beet that we can, with safety, allow to remain in the ground all winter and, curiously, it is the best of the highest sugar content that can withstand the cold of winter so that our experiments with the species has not only reduced the cost of labor but increased the actual production of sugar beets.

"All the sugar beet seed which is exported from our country to yours is guaranteed by the government which carries out a most careful inspection of all seeds grown for the market, and is certified to be genuine, true to type, pure and of sound germination."

Mr. Loit leaves tonight for Minneapolis, Minn. and after visiting at the state agricultural colleges of Michigan, Iowa, and Wisconsin, will leave by an early boat from New York for Copenhagen.

SHORT LINE TO BUILD SPUR TO CARIBOU PHOSPHATE LANDS

That a spur track of the Oregon Short Line railroad will be constructed to phosphate lands within the Caribou national forests, the headquarters of which are at Montpelier, Idaho, is the information received from Forest Supervisor T. V. Pierson. Inquiry regarding a railroad right-of-way has been made at the Caribou forest.

Valuable deposits of phosphate, available for fertilizing purposes together with uses of commercial purposes, are reported to be available within the Caribou forest. Should the plans regarding the spur track be carried out, these phosphate deposits will be opened to commerce.

Boilermaker Held to Face Federal Officer

Arrested on instructions from the department of justice by Captain Robert Burk of the city detective department, David Stoffer, boilermaker, 39 years of age, is held in the city jail pending the arrival of a federal officer from Salt Lake.

He will probably be charged under the Mann act for white slavery.

Persian Karakul Sheep to be Brought to Canada. VANCOUVER, B. C., March 12.—Persian Karakul sheep, the animals from which Persian wool, used extensively in rug making, is obtained, may become an important product of Canada and especially of the inland British Columbia regions, according to F. E. Dawley, United States inspector of animal husbandry for the state of New York, who was in Vancouver recently. Mr. Dawley has just inspected a band of the sheep placed by a company of New York in Alberta. The hides of the lambs are used in the manufacture of Persian lamb fur, Mr. Dawley said. From the hair of the adults the most valuable of the Persian rugs are made. According to M. Dawley, the true types of the animals are found in the province of Aghar, between Turkestan and the Caspian, 600 miles east of the Caspian sea. It is a country where winters are the summer with severe and considerable snow. Russian, Persian and Turkish governments for years prevented exportation of the animals. The herd in Alberta, Mr. Dawley said, was doing well, but he expected even better results from herds to be placed in British Columbia.
