Kern won the High school's three-mile cross country run staged yesterday afternoon, making the course in 17:48. The time was thought to be remarkable, considering the heavy condition of the roads. Bob Griffin took second place, time 18:02, and Lovdahl third, time 18:25. Conn took fourth place, time 18:27.

Coch Douglas has announced that Kern and Griffin will represent the local school at the Salt Lake East to West four-mile race, to be staged Friday. High school runners from all parts of the state will take part in this meet.

There are reports that medals will be given to winners of yesterday's race.

I'll show the documents, both in my favor and against me, and let the public judge whether I have been fairly treated. I'll add to this: I'm going to burn my bridges and then jump off the ruins. Alcorn, Magee's attorney, said John Heydler, president of the National league, had been asked to investigate charges reflecting on Magee made by a National league magnate, and added: "If Mr. Heydler persists in ignoring Magee's charges against the magnates and refuses to hear them the same will be made public by Magee." ### GOVERNMENT TROOPS HOLD TOWN OF WESEL

Ebert Forces Nearly Surrounded by Lines of Workmen Carrying on Guerilla Warfare

BUDERICH, Rhenish Prussia, March 24.—(Across the Rhine from Wesel.)—March 24, 8:30 a. m.—The government troops from the southern part of the Ruhr district, all of whom have been besieged in Wesel since Monday night, were still holding the town safely late last night.

The government forces are keeping open the northern side of the town to admit reinforcements, or to provide for a possible forced retreat. Heavy firing was heard from the direction of Wesel during the night. All the indications are that the Ebert troops are safe, but very nearly surrounded by lines of workmen whose guerilla warfare has driven the government troops steadily out of the industrial district in five days' time, in a combined retreat and concentration movement, to the strong fortress at Wesel, on the Rhine.

About 100 interned prisoners, who fled across the bridge from Wesel last night, are held here by the Belgians. A dozen German wounded also were brought over during the night and treated at the hospital here. A small detachment of Belgian troops, with artillery, arrived here last night and promptly took up a position near the bridge. The Belgians stopped all traffic in the direction of Wesel and interned all who came from that city. The eastern end of the bridge runs into the city of Wesel and provides an exit from the sorely pressed towns safely open to the troops.

### I. W. W. TRYING TO GET EX-SERVICE MEN

Organized Propaganda to Discredit Government Aid and Undermine Legion

WASHINGTON, March 24.—Failure of the government to aid former service men has resulted in the I. W. W. making a drive to get such men into that organization, the house ways and means committee was told today by J. E. Holden, state adjutant of American legion in Utah.

Organized propaganda by the I. W. W. to discredit government aid and undermine the American legion is spreading throughout the country, he said, and many "unintelligent" former service men are being gathered in the organization as the result of propaganda stating that the government has done nothing for former soldiers.

"It is hard to come back," Holden said, "and see the I. W. W. undermining the principles and ideas of former service men and plotting the overthrow of the government."

J. G. Strugham, a member of the legion's executive committee, told the committee there was much discontent among both former service men and women and that immediate relief was necessary.

"They feel they haven't gotten a square deal and are clamoring with unrest," Strugham said in urging passage of a composite bill framed by the legion and providing privileged land settlements as suggested in the Lane-Mondell bill; home building aid; vocational training and payment of adjusted compensation at the rate of \$150 for every day of service.

Representative Garner, Democrat, Texas, wanted to know how the funds to carry out the legion's plans were to be raised.

He placed the total cost at \$2,160,000,000.

A man may be self-made, but his design is furnished him.

Every dollar is used to bring us nearer the oil. We have no indebtedness. We pay absolutely no salaries to officials of the company. Our monthly office expense is seldom over \$25. ### Rippling Rhymes

By WALT MASON.

### SCARED.

My neighbor, J. Whangdoodle Brown, came up to me and cried, "The Spanish flu has struck the town, and two or three have died! I know I'll have the blamed disease, such ills don't pass me by; I feel the symptoms in my knees, and also in my eye." He sweat was streaming from his brow, his face was drawn and pale; "Why worry," said I, "you are now exceedingly strong and hale. Just think of pleasant, cheerful things, forget the microbes gang; just talk of cabbages and kings and let the flu go hang. Don't cross your bridges, friend of mine, until they're at your feet; and so for you the sun will shine, and life be fair and sweet." He did not take my sage advice, designed to keep him well, and now they've placed him on the ice, and rung the passing bell. Sage counsel seems a whiskered wheeze, the gift of dreary bore, to those who go to meet disease, and lead it to their doors. And worry over passing ill invites the doc and nurse, invites the druggist with his pills, the sexton and the hearse.

**AWAY FROM THE WORLD.**  
It's good for a fellow to walk away From the busy world and the busy day; It's good for him now and then to turn From the crowded streets, where there's gold to earn. And spend some time in a quiet zone And be for a little while alone. It's good for a man to take his ease

In the shade of the wise and ancient trees;  
To lie by a stream that has danced along  
Since the world began with its right and wrong.  
And spend some time with the constant things  
That have outlived empires and crowns and kings.

It is good for a man when the spring comes back,  
To get away from the beaten track,  
To quit the hurry and fret and grind Of the daily tasks, and rest his mind In the fields and woods, where the air is clean,  
And ponder awhile on what has been.

### TRY THIS FOR ECONOMY

"Conserving," "Economy" and "Thrift" are the present day watchwords and well they may be! Are you conserving your health? Are you economical in buying treatment for disease? You should be! If your stomach, liver, kidneys, bowels and blood are not right in every sense, you should at once begin a treatment to restore good, healthy conditions. Sulphur, cream of tartar and herb extracts in a sugar-coated form, called Sulphur Tablets is the surest relief that is economical. Get them in sealed tubes from druggists. Sulphur is the name—not "sulphur." Mrs. J. J. Devlin, 518 W. 162nd St., New York City, writes: "I would also like to say I find your Sulphur Tablets O. K. and am very much pleased to recommend to all my friends, etc."—Advertisement.

So when spring returns and the trees awake  
And the streams the shackles of winter break.  
It is good for a man to leave the crowd  
And turn from the eager and rich and proud,  
To walk alone where the skies are fair—  
For he shall strengthen his faith out there.

### LITTLE BENNY'S Note Book

By LEE PAPE

I started to take my bath Saturday night, and I turned the wattle on in the bath tub and went up in my room and got undressed and put on my pajamas and my Indian bats robe, thinking, Gosh, I'm sleepy, I wish I was going to bed now instead of taking my bath first, I wonder if a person didn't take a bath for 2 years weather they would feel any worse. And I sat down on the edge of my bed, thinking, I wonder how high the wattle is by this time, I wonder if I would have time to take a wink, like people do in books, before the tub gets full? With I laid down and started to try, shutting my eyes and starting to count 40, and by the time I counted 15 I was 58 asleep and by the time I counted 19 I was too asleep to even count 20, and all of a sudden I woke up with a jerk on account of pops voice talking loud down stairs. Gosh G. holey smoke, the wattle, I thawt. Who the confounded doose turned this wattle on, yee gods, wat a mess,

all over the floor, sed pop loud as anything.  
Heck, G. jimminy crickets, I thawt. And I quick ran out in the hall and called down stairs, Hay, pop, will you please do me a favor, will you please turn the wattle off in the bath tub? Will you please do me a favor, will you please condescend to honor me with your presents for a few moments, sed pop.

Meaning for me to come down. Wich I did, and pop had one slipper off waiting for me, and I quick put my hands in back of me and got 3 fearsa cracks on them and quick took them away and got 4 fearsa cracks were they wasent, and then I had to wipe up the bath room floor, wich I serteney need ed it, and then I took my bath.

The man who is too set in his ways will never hatch anything.
