A Really Absorbing Display of  
**SPRING SUITS,  
GOWNS AND  
FROCKS**  
for Ladies and Misses

There are so many points of attraction in this Spring showing, that we hardly know which to emphasize with most prominence.

The models are very distinctive in the elaborate conceptions as well as the more severe tailored designs. The cloths are of the very richest and most fashionable weaves and the colors are of very rich tones with artistic trimming treatments.

And then there is another very vital attraction—a price moderation very unusual when associated with such elegant styles and qualities.

## SOUTHERN COUNTIES WELL PLEASED WITH DIXON LECTURES

This morning President Henry A. Dixon returned from an extended lecturing tour in the interest of the Utah Educational campaign. During his nine days of absence he lectured in Heiner and Price, Carbon county, and in Cleveland, Huntington, Lawrence, Castle Dale, Ferron, Moin, Elmo and Mohrland—towns of Carbon county. In all he gave 15 lectures. Considerable enthusiasm was expressed by the citizens of these southern counties, for the lecture halls were crowded to overflowing. It appeared, says President Dixon, that the people of these counties feel that no sacrifice is too great for the education of their children. Excellent school buildings are seen everywhere and the citizens possess an open mind for educational progress. Since the citizens of Carbon county are largely of foreign extraction, Pres-

ident Dixon while in this county lectured on Americanism. The citizens of Emery county willingly put over a \$250,000 bond issue for school purposes.

## German Regulars in Ruhr Without Permit

PARIS, March 28.—Absolute confirmation of the entrance of regular German army troops into the Ruhr district, on the edge of the allied zone of occupation, without any permission from the allies, has been received by the French foreign office, it was declared today. The subject, it was stated, will probably come up before the supreme council in London. The French say they can find no excuse whatever for the sending of troops into this section.

Neal Hart in "The Elements of Might;" Antonio Moreno in the first episode of "The Invisible Hand;" the last episode of "Smashing Barriers;" a 2 reel comedy, and the latest News Events at the Cozy today and tomorrow.

## DEPUTY GOVERNOR OF FEDERAL RESERVE BANK HERE

At the invitation of W. L. Watts, president of the Utah National bank, a dinner was given today at the Weber club in honor of W. A. Day, deputy governor of the Federal Reserve bank of San Francisco, who is in Ogden bound to the coast city after paying a business visit to Boston, Mass. Representatives of the several banks in Ogden were present as follows: A. P. Bigelow, Ogden State bank; Charles H. Barton, Ogden Savings bank; Jas. Burton, First National bank; James Pingree, Pingree National; and Frank J. Stevens, Security State. Other guests at the dinner were R. B. Motherwell, manager of the Salt Lake branch of the Federal Reserve bank, and Charles H. Stewart, who preceded Mr. Motherwell in that position and who now goes to San Francisco as assistant deputy governor.

## RALPH E. BRISTOL IS ELECTED DISTRICT GOVERNOR

Ogden delegates to the Twentieth district Rotary conference held in Boise, Ida., have returned and pronounce the meeting a great success. Ralph E. Bristol of Ogden was elected district governor for the ensuing year. Features of the meetings were the pronounced interest of Rotary in questions that affect the youth of the country, the welfare of feeble minded children, and the relations of capital and labor. Resolutions were adopted placing the convention on record as endorsing every existing and proposed movement for betterment of recreation and welfare work for children; urging more adequate compensation for teachers in all schools, and calling for a definite plan to establish a mutual understanding between capital and labor. The national conference is urged to also take up this problem. Judge C. C. McCarthy of Boise, E. A. Walters of Twin Falls, Clancy St. Clair of Idaho Falls, E. S. Hinkley of Ogden, F. C. Schramm of Salt Lake, Preston O. Peterson of Provo, Thomas J. Davis of Butte, James Ward of Great Falls and H. R. Cunningham of Helena were appointed a committee

to consider the advisability of establishing an interstate colony for feeble-minded children of the intermountain country. A westerly breeze swept over the delegation on Saturday when H. V. Platt, vice president and general manager of the Oregon Short Line railroad spoke on "Relations of Employer and Employee." Mr. Platt reviewed labor troubles of recent times but he declined to take up the question as formulated by the International Rotary convention and closed his speech by saying "either the international officers should instruct us as to the purpose of adopting this resolution to guide us in framing it, or we should let it alone. Perhaps, after all, it is beyond Rotary's jurisdiction." Mr. Platt's speech brought a warm rejoinder from Will G. Farrell, president of the Salt Lake Rotary club, who said: "The time is before us to give our best thought, our honor, and all that God has given us, into this work. I want to tell you the struggle is here. All life is a fight. Why were celibacy, poverty and misery imposed upon so large a majority in the seventeenth century? Because the few wanted to live on the fat of the land. We must enter this fight and see it through." The meeting did not go on record as to what should be done to solve the troubles existing between capital and labor. The glee club of the Utah Agricultural college was present. The glee club will be sent to the forthcoming International Rotary convention at Atlantic City. A sum of \$623.50 was voluntarily subscribed on the floor of the meeting to defray expenses of the trip. The Ogden delegation was attended

on its journey by Olie Reeves and his banjo, and a saxophone quartet. Ogden delegates said that in every way the meetings were a great inspiration. One could hardly imagine that the signals from the universe were comments on the peace treaty. If a man would come into a crowd with garlic on his breath instead of "flu," there would be an immediate dispersion. We understand that Holland now has the mandate of Armenia. See what they got for hold the ex-kaiser!

The American Legion will meet at the University Club Rooms, at 8 o'clock this evening. Business of special importance to every service man will be transacted at this meeting.
