White Sox players, headed by Kid Gleason, have made a point of trying to bulldoze the umpire. Perrine especially fell for their bluffs. Few of the present White Sox were ever on a fast team before and they are working with great enthusiasm and while things are breaking their way they are bound to get a good lively clip. But after the other clubs start to fight back the Chicago boys will come back to the bench all right.

CURLEY DOES NOT FEAR OPPOSITION

East Las Vegas, N. M., May 23.—Opposition to the 45-round contest between Jim Flynn and Jack Johnson in East Las Vegas on the Fourth of July can be stuffed into a mouse's left ear. Public opinion favoring the attraction could not be stronger and already pictures of the two principals are on display in a majority of the store windows, while souvenir postal cards bearing their likeness and views of Flynn's camp at Montezuma Hot Springs are selling like hot cakes.

Jack Curley escorted a party of northern friends out to Flynn's camp at Montezuma Springs the other day in his automobile. Flynn weighed in the public, and though attired in scant gymnasium, did not make the scales wobble until they were placed at the 215 notch. That is five pounds more than he weighed when he reached Las Vegas, and now Jim is out to scale 200 by the time Tommy Ryan, his chief trainer, comes to town.

KNEE BALL BEATS THROWING AT HEAD

Boston, May 23.—The bean ball has put many players on the shelf, Fred Clarke and Frank Chase being the latest important instances, but if Bob Wallace was pitching and he wanted to maim a foe he wouldn't use the bean ball. Not for Bob. His invention to cripple a famous warrior is the knee ball.

PACKEY CLEVEREST FIGHTER OF TODAY

(By Abe Pollock.) McFarland is, in my opinion, the most scientific boxer the ring game has produced since the days of the wonder, Australian, Young Griffo. When I say this I do not take exception to such ring generals as Kid McCoy, Tommy Ryan, Abe Attell or even the clever Jim Corbett. At the

weight which Packey fought Wells, 135 pounds at 3 o'clock, I don't think there is a man in the world who can beat him. To prove this assertion one has only to look over the record of this wonderful fighting machine from Chicago. In his eight years' experience he has not lost a single battle. He has every trick of the Queensberry art at his command, and if he cannot win, he always manages to save himself from defeat through his wonderful cleverness and defensive work. The fact is to be dejected at Packey, weighing 135 pounds, is a trifle too heavy for the lightweight class, and too light for the welter. He has won the right to be called the world's champion boxer at 135 pounds, and my prediction, made on April 18, is fulfilled in every particular.

O'BRIEN SHADES BROWN

Philadelphia, May 23.—Young Jack O'Brien of this city had a shade the better here last night of a six-round bout with Knockout Brown of New York. O'Brien landed three blows to Brown's one, but they lacked force.

CARPENTIER BEATS LEWIS IN A BOUT

Paris, May 23.—George Carpentier, the middleweight champion of England and France, last night defeated Willie Lewis, the American middleweight pugilist on points. The fight went 20 rounds.

YOUNG AND KILBANE BOX
