

LABOR NEWS OF ALL COUNTRIES

The Waitresses' union of San Francisco has approved the action of the Rev. Father Lathrop in establishing a home where working girls between the ages of 16 and 26 may get good board and lodgings at the nominal price of \$3.50 per week.

Printers in the Philippine service are paid a salary of \$2,000 a year, or \$38.46 a week. At the end of six months this salary is automatically increased to \$2,250 a year, with the prospect of further promotion to \$2,500 a year.

San Francisco, Cal., unions of the culinary crafts, together with the bakers, butchers, grocery clerks and cigar makers, have joined forces and organized a departmental council known as the San Francisco Provision Trades council.

As an indication of the financial condition of the International Typographical union, it might be said that the organization is now negotiating for the purchase of \$500,000 worth of bonds as an investment. There is about \$800,000 in the treasury, and the money is constantly increasing.

The \$34,000,000 mark was passed last month by the disbursements of the relief funds of the Pennsylvania Railroad system. Exactly \$34,119,716.77 has been paid in benefits to employees and their families in twenty-six years and eight months.

As a result of the general forty-

eight hour protest strike of the Italian seamen and dock workers, the government has promised to institute a system of compensation for sick and aged marine workers.

Cleveland tailors are considering a plan of reorganizing their local union by establishing several branches for the convenience of foreign-speaking members. An Italian branch will be formed in a few days, and later perhaps Hungarian, Bohemian and other branches will be established.

BULGARIANS ARE RUSHING FIGHT

Vienna, Nov. 15.—Lieutenant Wagner reports to the Reichspost under date of November 14:

"After four days' murderous fighting the Bulgarian army has succeeded in breaking through the Turkish position at Tchatalja and is completely rolling up the Turkish defense.

"The Bulgarian advance is being pushed forward with the greatest energy with the object of forcing the Turkish troops from Constantinople.

"Lieutenant Wagner says no definite answer has been returned to the Turkish request for an armistice, which was forwarded to the royal headquarters. The Bulgarian royal headquarters recently were separated from staff headquarters. The correspondent continues:

"I learn from a well informed personage that Bulgaria will examine the Turkish proposals, but will not allow them to prevent a continuation of military operations. The army insists upon crowning its labors and the entry into Constantinople will be carried on the same lines the Germans followed at Paris in 1871.

"The Bulgarian supreme commander is anxious before granting an armistice to create a situation bringing the operations on this front to a complete conclusion and leaving the Turks no further chance for a military standpoint and so liberate the troops for employment in another direction."

NO POLITICIANS GO WITH WILSON

Princeton, N. J., Nov. 15.—President elect Woodrow Wilson planned to leave this afternoon for New York where he will attend a dinner given in his honor at the University club by the class of 1879 of Princeton university, of which he is a member.

Tomorrow the governor will sail on his steamship trip. No politicians are booked on the same vessel, so far as is known, and in the retreat to which the president-elect is going no one is expected to call. The governor expects to spend the vacation apart from politics unless there are developments requiring comment from him.

Mrs. Wilson, Miss Jennie and Miss Eleanor Wilson will accompany the president-elect. The trip will last a month. A single stenographer and 10 correspondents will compose the rest of the party.

BLIND BANKER AN EMBEZZLER

Paris, Nov. 15.—Augustin Max, known throughout France as the blind banker of Paris, has created a mild sensation in financial circles here by surrendering to the police and confessing that he misappropriated \$2,000,000 of his clients' money.

Max declared that he had invested the depositors' funds in copper and nickel mines in New Caledonia. The enterprises were complete failures.

MAKE NEW NOSE OUT OF FINGER

New York, Nov. 15.—A nose made out of a finger was one of the startling surgical exhibitions that the members of the clinical congress saw yesterday on their clinic visiting tour. Yesterday afternoon at 2 o'clock Dr. Clarence A. McWilliams added some last touches to this surgical feat.

A man who had lost his nose and could not get work on that account applied to him. Dr. Williams had the patient put the ring finger of his left hand up to where his nose had been, with the tip of the finger pointing toward the forehead. Then he grafted the living finger, making a new nose. After he had kept the man's arm in plaster for the hours that had been a finger, but which was slowly becoming a nose. By bending the upper joint Dr. McWilliams made the bridge of the nose, and it is said that when the man grows a mustache no one could tell but what it was his original nose.

At the Presbyterian hospital an unusual process of bone grafting was shown. A patient with a diseased bone in his left leg was placed under an anesthetic and the small bone in his right leg was removed and transplanted to the left. It is one of the few operations of the kind in this country.

Dr. Willie Myer, at the Post Graduate hospital removed a stomach and again demonstrated the sewing machine for stitching the stomach back in place.

Three dogs were the subjects of interesting demonstrations at the Fribham hospital. A. L. Sorel showed how new methods made it possible to bring wing persons back to life. The dogs were placed under the influence of ether and as their hearts were giving the last beats they were aroused and made normal in a remarkable space of time.

TYPHOID FEVER IN THE REFUGEE CAMP

El Paso, Tex., Nov. 15.—Typhoid fever has broken out at the homes of the additional cases are reported. The patients are those who were living in the refugee camps here prior to the rental of houses for them. Because of the lack of sanitation and the lack of bathing facilities it is believed that the cases were developed after the exodus from Mexico.

Brigham Pierce has been very ill with the fever, but is now out of danger. The small son of L. L. Wil-

are endeavoring to have the facts known. Our president-elect owes absolutely nothing to the Mormon vote, and can, if he will, do more for the overthrow of the political power of this organization than any other man could have done. If the senate is to be Democratic, perhaps the power of Reed Smoot, with his arbitrary methods as head of the publicity bureau, will be destroyed and overthrown."
