

MEDICAL MEN AT ANNUAL MEETING

The program for the two days' session of the Utah State Medical Association which began today, follows:

Address of welcome.
Reports of standing committees.
Committee on arrangement.
Committee on scientific work.
Committee on public policy and legislation.
Report of council.
Reading of minutes of last meeting.
Special business requiring early attention.

Annual address of the president—Ezra C. Rich, Ogden.

The reading of scientific papers will be in the order named as far as possible.

Tuesday, Sept. 21, 2:00 p. m.
Address on Surgery—E. F. Root, Salt Lake.

"Pathology of the Gall Bladder and Its Relation to the Stomach and Duodenum"—W. C. MacCarty, Rochester, Minn.

Synopsis: A report of 350 cases. "The Differential Diagnosis of Intestinal Obstructions"—H. P. Kirtley, Salt Lake City.

Synopsis: Classes of ileus. Diagnosis from the point of view of etiology. Differences among the principal phases. Differential diagnosis.

"Some Mistakes in Tabes Dorsalis"—W. Brown Ewing, Salt Lake City.

Synopsis: Care in examination. An attempt to avoid errors in diagnosis by recalling some mistakes. Danger of confounding the early manifestations with local diseases. Danger of too long continued mercurial medication.

"New Observations on Spinal Anesthesia (Chloroform)"—A. W. Morton, San Francisco.

Wednesday, Sept. 22, 10:00 a. m.
Address on Medicine—E. V. Silver, Salt Lake City.

"The Value of Early Diagnosis in the Treatment of Epidemic Cerebro Spinal Meningitis"—R. C. Smedley, Salt Lake City.

Synopsis: The necessity of early lumbar puncture for diagnosis purposes and for treatment. Amount of fluid to be withdrawn. Chronic cases. The value of flexner serum. Reduction of mortality.

"Degenerative Changes in the Spinal Cord in Pernicious Anemia"—J. R. Morrill, Ogden.

Synopsis: Review. Narrative of clinical symptoms. Description of

pathological changes in cord. Presentation of cases with slides.

"Paratyphoid Fever"—Edward I. Rich, Ogden.

Synopsis: Source of infection. Morbid anatomy. Symptomatology. Diagnosis. Prophylaxis. Treatment.

"Same Nose and Throat Conditions of Interest to the General Practitioner"—R. R. Hampton, Salt Lake City.

Synopsis: Anatomy. Physiology and lymphatics of the tonsils. Effects of obstruction on school children and upon voices. Some etiological factors of middle ear diseases. General diagnosis and treatment.

Wednesday, Sept. 22, 2:00 p. m.
"The Necessity of Early Treatment in Strabismus"—Fred Stauffer, Salt Lake City.

Synopsis: Causes of squint. Treatment by correcting lenses and other means. Operative treatment and the results to be expected therefrom.

"The Diagnostic and Therapeutic Value of the Roentgen Ray"—C. F. Osgood, Ogden.

Synopsis: The diagnosis of obscure fractures and dislocations (with illustrative plates). The location of foreign bodies (with illustrative plates). The confirmation of diagnosis of renal calculus. The evidence obtained by the fluoroscope. The ray in the treatment of certain diseases.

"A Consideration of the Etiology of Phlegmasia Alba Dolens"—Eugene H. Smith, Ogden.

Synopsis: Occurrence. Classification and pathology. Predisposing causes. Direct causes.

Among the Speakers.
Dr. F. K. Almsworth, chief Surgeon of the S. F. railroad, San Francisco.

Dr. W. C. McCarthy, surgical pathologist to St. Mary's hospital, Rochester, Minn., and Dr. A. W. Morton, San Francisco, will be present and take part in the proceedings either by papers or in discussions.

The Ogden Medical society will entertain the members of the association at a banquet this evening, and visiting ladies will be entertained by Mrs. Rich this afternoon.

Officers.
The general officers are:

President, Ezra C. Rich, Ogden.
First vice-president, L. W. Suow, Salt Lake.

Second vice-president, W. W. Woodring, Mt. Pleasant, (deceased).
Third vice-president, G. W. Stiles, Franklin, Idaho.

Treasurer, J. N. Harrison, Salt Lake.
Counsellors, Philo E. Jones, Salt Lake; F. Clift, Provo; R. S. Joyce, Ogden.

The committees are:
Committee on scientific work—A. C. Behle, Salt Lake; C. F. Osgood, Ogden; W. Brown Ewing, secretary, Salt Lake.

Committee on public policy and legislation—Fred Stauffer, Salt Lake; J. W. Ald, Provo; D. C. Judge, Logan; Ezra C. Rich, president, Ogden; W. Brown Ewing, secretary, Salt Lake.

Committee on arrangements—Edward I. Rich, Ogden; H. B. Forbes, Ogden; E. H. Smith, Ogden.

Meetings and sessions—First day, Tuesday, September 21, 10 to 12 a. m. and 2 to 5 p. m. Second day, Wednesday, Sept. 22, 10 a. m. and 2 to 5 p. m. Meetings will be held in the council chamber, City Hall.

The House of Delegates will convene at 12 o'clock, Tuesday, September 21. Further meetings as necessary.

At the Hermitage.
Tonight the doctors will spend "An evening with a bunch of good fellows, at the Hermitage."

Dr. A. S. Condon will be chief, and the guests will hear the following: President's address, Dr. Ezra C. Rich "Who is a Specialist," Dr. George V. Schramm.

"Ethics and Critics," Dr. G. E. Robinson.
"The Edinburg Spirit," Dr. Ralph Richards.

"For Instance!" Dr. R. S. Joyce.
"Lest We Forget!" Dr. Joseph R. Morrill.

"Bugs" Dr. H. A. Adamson.
"The Occasion," Dr. S. Ewing.

"The Early Reminiscences of a Doctor," Dr. J. X. Allen.
The Menu is calculated to satisfy the most voracious appetite:

Gibson cocktail.
Licoparsicum Esculentum.
Cucumis Sativus as a s. ad.

M. Fish Emulsion.
Sig. Haustus ad lib.
Mountain Trout.
Cordova claret.
Spring chicken.

Solanum tuberosum et Pisum legum. osae. French.
Hot rolls.
Sliced pineapples.
Edam cheese, Bent's Crackers.
Coffee. Cigars.

CHRISTIAN SCIENCE LECTURER ADDRESSES LARGE AUDIENCE

(Continued From Page Seven.)

her in their thought. The whole teaching of Christian Science leads us to put self under foot; to have no way and no will save God's way and God's will; and Mrs. Eddy asks the world, each one of us, to follow her only so far as she follows Christ. In her following of Christ she has been the instrument whereby the feet of hundreds of thousands have been planted upon the rock of the proved truth of God's promises, and against that rock, in the words of the Master, "the gates of hell shall not prevail."

We do love our leader, and we give her the allegiance and devotion to which her tireless labor in mankind's behalf is entitled.

ASSESSMENT NOTICE.
Stockholders of the Overland Mining and Milling Company, attention!

At a meeting of the board of directors held in Ogden City, Utah, September 13, 1909, an assessment of one mill per share was levied against the capital stock of the corporation, the same payable immediately to C. W. Hostmark, secretary, at 674 23rd street, Ogden City, Utah. If not paid on or before October 13, 1909, the stock will be advertised for sale and if not paid with costs of advertising on or before October 29th, 1909, sufficient shares thereof will be sold at public auction, 674 23rd street, at 3 o'clock p. m. of that day, to pay delinquency, cost of advertising and expense of sale.

ALBERT SCOWCROFT,
President of the Company.

EXCURSION TO GOLDFIELD,
Nev., via Southern Pacific, daily, September 20th to 25th, \$40.00 round trip. Tickets good to return until Oct. 15th. The above account American Mining Congress.

PRESIDENT TO BE CLOSELY GUARDED

There probably will be some slight changes in the route to be taken by President W. H. Taft and his escort when the party comes to Ogden Sunday and is driven to Ogden canyon. It was first planned that the return from the canyon the president would be driven through the grounds of the State school for the Deaf and Blind. Members of the general committee, discussing the arrangements informally last night, expressed themselves as opposed to this. It is argued that as the president's time in Ogden is limited the stop at the institution would require many persons of the opportunity to see the president and to hear his address. Further, that unless the president could be shown all of the institutions of the city it would hardly be worth while to stop at the deaf and blind school and then hurry to catch his train.

To Meet the People.
By changing the program in this respect the president would have more time to meet the public and to speak at the park. This matter, while discussed informally, probably will be decided upon definitely within a day or two.

Sheriff B. B. Wilson and his deputies will be detailed at Ogden canyon, and until after the president and his party have returned to the city. A deputy will be stationed at the Oaks resort before the president's train arrives in Ogden, to prevent any traffic through the mountain thoroughfare until after the president's party has reached the Oaks. The people from Huntville and Eden valleys have been invited to meet the president at this point.

Secret Service Escort.
The secret service escort of the president will be in charge of L. C. Wheeler, an attaché of the secret service bureau at Washington, D. C. An automobile containing these officers, with one local officer, will be immediately in front of the president's automobile or behind it during the ride about the city. The order of the vehicles will be controlled entirely by the secret service contingent.

Arrangements have been made by the Salt Lake committee for lunch to be served to President Taft and his party before he leaves that city, and this detail will not concern the local committees.

COUNCIL EVADES LIQUOR QUESTION

Contrary to the general expectation there was no report from the license committee to the city council last night relative to the liquor ordinance which was introduced Monday.

The ordinance provides for an increase of all wholesale and retail liquor licenses and a more strict regulation of the liquor traffic in Ogden. It is understood that considerable objection has been raised to that section of the ordinance which fixes the license of saloons where beer only is sold, at \$200, while the regular saloon license is raised to \$300. The objection lies in the belief that this section is made a part of the ordinance to favor wholesale beer dealers in the state. There are said to be many other objections which will be raised to other portions of the ordinance before it comes up for a final vote.

By the letting of contracts for sidewalk improvements in districts 100 and 102 last night the city council is following the policy of street improvements which was begun shortly after the new administration took charge. In sidewalk district No. 102, Wheelwright Construction company was the successful bidder. The bids submitted were: Packard & Childs, \$19,876.32; W. J. Moran, \$11,330.26; and the Wheelwright Construction company, \$9,545.53. This district comprises Twenty-first from Monument street to Harrison avenues; Twenty-third street from Madison to Harrison avenues; Harrison avenue from Twenty-first to Twenty-fifth streets; Van Buren avenue from Twenty-first to Twenty-fourth streets, and Jackson avenue from Twenty-first to Twenty-fifth streets.

Bids Are Submitted.
Three bids were submitted for the work in sidewalk district No. 100, as follows: W. J. Moran, \$1,775.46; William Doyle, \$1,970, and the Wheelwright Construction company, \$1,960. The bid of Contractor Moran being the lowest, the contract was awarded to him. This district takes in Thirty-first street from Washington to Jefferson avenues; Porter avenue from Thirty-second street north of Thirty-first street; Grant avenue from Thirty-first to Thirty-third streets; Jefferson avenue from Twenty-seventh to Twenty-eighth streets; thirty-third street from Washington to Lincoln avenues; and Washington avenue from Thirty-third to Thirty-fourth streets. The work on both improvement districts will begin at once and will be rushed to completion.

Under the recommendation of the city attorney the claim of George T. Terry for damages to his property on Twenty-second street between Van Buren and Harrison avenues was denied by the council. Mr. Terry says that his property has been damaged by the city changing the grade of the street.

The plats of Depot alley, running between Twenty-fourth and Twenty-fifth streets, and Grant and Lincoln avenues, submitted by David Mattson and other property owners, were adopted on the recommendation of the city engineer.

The recommendation of the sidewalk committee that the grade recently established by the city at Twenty-first street and Jackson avenue be reduced two feet, at the request of John McKinnon, an abutting property holder, was adopted by a bare majority of the councilmen present.

For Coal Supply.
Pursuant to an advertisement for bids, eight coal dealers of Salt Lake and Ogden filed with the committee on public buildings and grounds bids for furnishing the city with coal during the winter season. The bid of Thomas & Stone being the lowest the contract was awarded to that firm.

Payrolls for employees of the various city departments, amounting to \$2,568.41 and payrolls for the employees of the waterworks department, amounting to \$422.75, were allowed.

The city auditor was instructed to draw a warrant for \$1,254.37 in favor of the Hanover National bank of New York City for interest due on city

bonds October 1. The auditor was also instructed to draw a warrant for \$1,215.50 in favor of the United States Standard Voting Machine company, the same being the fourth payment due on voting machines purchased some time ago.

Bust For Ogden's First Mayor.
Luke Crawshaw addressed the council

SEVERE STORM SWEEPED OVER THE CITIES ALONG THE GULF COAST

was cut off from communication by wire.

Along the Texas coast no damage has been reported, this section apparently having escaped the force of the storm. In western Louisiana, at Crowley and Jennings, considerable property damage has resulted. Two thirds of the unharvested rice crop is believed to have been destroyed.

WRECKS ARE REPORTED.
Atlanta, Ga., Sept. 20.—The Postal Telegraph company had a message from New Orleans just before the wires went down, saying that several houses had been unroofed and that much damage was done around the city. All railroads were tied up and three wrecks were reported. All wires to Texas were lost.

TRACKS WASHED AWAY.
Biloxi, Miss., Sept. 20.—The gulf storm struck this city early today. It is estimated that \$40,000 to \$50,000 property damage has been done. Seven hundred and fifty feet of the track of the Gulf Coast Traction company is washed away and another hundred feet is gone near the soldiers' home. All the bath houses and piers along the beach from Gulfport to the home of United States Senator Money, a distance of four miles, have been swept out.

One schooner has been wrecked and twenty shrimp boats are out in the storm.

STORM CAUSES DAMAGE.
Havana, Sept. 20.—Telegraph wires and bridges between Havana and the city of Rio are still down and consequently it has been impossible to ascertain the extent of the damage wrought by the storm in that section. It has been learned, however, that many hundreds of peasants are destitute by result of the destruction of their huts and crops. The total loss in the city of Rio is today estimated at \$1,000,000.

HITCHCOCK TALKS ON POSTOFFICE

Seattle, Sept. 20.—Speaking before the Washington postmasters' convention today, Postmaster General Frank H. Hitchcock discussed at great length the new policy of retrenchment inaugurated by him under instructions from President Taft. Mr. Hitchcock said that he did not believe in making an effort to get rid of the deficit of \$20,000,000 as the main purpose of the department was efficient service and that the public is willing to pay for it.

Concerning the report made by the commission appointed to devise means of reducing the deficit, Mr. Hitchcock said that besides an increase in the registry fee from 8 cents to 10 cents, the commission also recommended the establishment of a package registry service with a fee of 5 cents. The department has not yet reached a decision on the recommendation.

Concerning the rural free delivery service, Mr. Hitchcock said: "This service is invaluable and the department does not propose to curtail it in any way. It is placing many millions in direct communication with the leading markets of the country and is aiding in the financial and commercial upbuilding of the nation."

"There is also a social betterment that is effected by the service that should not be overlooked. The service is growing rapidly. Last year it cost \$35,000,000 and brought in a revenue of \$10,000,000, making a net loss of \$25,000,000. It is not expected to wipe out the deficit but to guard against its increase and to reduce it if possible. We have various other plans in accordance with the president's plan of retrenchment. These will be announced later."

JUDGE GAYNOR FOR MAYOR OF NEW YORK

New York, Sept. 20.—The first independent body of citizens of Greater New York to choose a candidate for mayor for the approaching election selected tonight for this honor Supreme Court Justice William Gaynor as Mayor.

He was nominated with a unanimous vote at Cooper Union by the organization of progressive Democrats of the city. A petition was circulated and eleven hundred signatures were obtained, to make his nomination legal.

GLAVIS SENDS A LETTER TO TAFT

Seattle, Wash., Sept. 20.—L. R. Glavis, late chief of the Seattle field division of the United States land office, has written a letter to President Taft in which he says he will publish soon the evidence in the Cunningham coal land case. Mr. Glavis' letter follows:

"The President, Sir:—I have laid before you all the essential facts in my possession regarding the official conduct of certain cases by the department of the interior concerning coal lands in Alaska. As chief of field division directly concerned and because of the tremendous values involved, I felt my personal responsibility most keenly. The evidence indicated that a great syndicate is trying to secure a monopoly of the coal in direct violation of the law. Ultimately I felt myself obliged to appeal to you over the heads of my superior officers in order to bring about the enforcement

of the law, which, in a measure, would conserve these coal lands to the people at large. I deemed it my duty to submit the facts to you and I cannot regret my action.

"Since there may be now even greater danger that the title to these coal lands will be fraudulently secured by the syndicate, it is no less my duty to call attention to the public facts in my possession, concerning which I firmly believe that you have been misled. This I shall do in the near future, with a full sense of the seriousness of my action, and with deep and abiding respect for your great office.

"Respectfully, L. R. GLAVIS."

BRYAN REPLIES TO SEN. BAILEY

El Paso, Sept. 20.—As he was leaving El Paso tonight after delivering two addresses, W. J. Bryan gave out an interview in reply to Senator Bailey's recent speech relative to the tax on raw material.

Mr. Bryan denies that the Democratic defeat in the congressional election of 1904 was caused by the doctrine of free material in the Wilson bill.

"He certainly has not forgotten that the defeat of 1894 was caused by the division in the Democratic ranks over the free silver question."

Mr. Bryan declares Senator Bailey passed over the Democratic success in the presidential campaign of 1892, when a Democratic majority in congress was had on a platform which endorsed the doctrine of free raw material.

"He will remember also," continued Mr. Bryan, "that we won that victory after the house of representatives had passed several raw material bills, for which both he and I voted, and it was necessary to overlook entirely a national victory and to misrepresent a congressional defeat to find support of the senator's theory."

"I affirm that an official is bound by his platform, but Senator Bailey, if I read his speech aright, does not express an opinion on this subject."

Discussing the free wool plank proposed by himself and opposed by Senator Bailey, Mr. Bryan declared:

"No one but a wool grower will accept his argument on this subject when it is understood, and not all then."

"The main part of Senator Bailey's speech is devoted to an attempt to answer the argument that a duty on raw material is always transferred to the consumer. He recognizes that he must overcome that argument or confess his policy would put a higher tax upon the consumer than the consumer would have to pay under our policy. He labors to prove that a tax on raw material would not be transferred under his policy, but he inadvertently uses a word that establishes my position. He says: 'If the manufacturer transfers the tax on his raw material to his consumer, then I will tell you how to prevent him from doing so. It is as simple as the alphabet. Let us take off the finished product, as he can not transfer his tax to the raw material.' This is more than simple; it is absurd."

"My position stands that a tax on raw material is transferred to the finished product and paid by the consumer."

WILL ATTEND CELEBRATION

Norfolk, Va., Sept. 20.—The American battleship fleet led by Admiral Schreeder's flagship the Connecticut, sailed from Hampton Roads at 2:20 p. m. today, for the Hudson-Fulton

celebration at New York. The Mexican gunboat Morelos, commanded by Captain Manuel Catellance, which has been anchored in Mampoton Roads for several days passed out of the capes for New York to represent Mexico in the naval pageant.

The kidneys eliminate poisons by acting as filters for the blood. When they fail in this respect serious ailments must result. Pileuses for the kidneys are what you should take at the first warning sign of kidney trouble. They assist the kidneys in expelling uric acid poison. Sold by Geo. F. Cave Drug Stores.

Reaches the "NORTH POLE" With Cook and Peary

Used on all Paulins, Cordage, Silk Tents, Covers for Dog Trains, Sleds and Quarters on their dash for the Pole.
