THE REMEDY

here is but one way to cure an old sore or chronic ulcer, and that is remove the cause that produces and keeps it open. No matter where cated, any sore that remains until it becomes chronic does so because of pure blood; the circulation constantly discharges its polluted matter into impure blood; the circulation constantly discharges its polluted matter into the place and it is impossible for nature to heal the sore. S.S.S. heals sores and ulcers by purifying the blood. It removes every trace of taint or impurity from the circulation, and thus completely does away with the cause. No local application reaches below the infected flesh at the spot, and for this reason can have no curative effect on a sore or ulcer; while such treatment is being used alone, the germa and impurities are constantly increasing in the blood and the sore is bound to grow worse. When S.S.S. has cleansed the blood and enriched and purified the circulation the place begins to take on a more healthy appearance, the different symptoms show improvement, the flesh around the ulcer gets firm, new skin and tissues are formed, and aided by pure, rich blood, nature provides a perfect and lasting cure. Under the tonic and blood-purifying effects of S.S.S., the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be greatly benefited by its use.
