**NEGRO HIGHWAYMAN BOUND OVER TO DISTRICT COURT**  
Erick Nyberg this morning pleaded guilty to drunkenness before the judge of the municipal court and was sentenced to pay a fine of \$5 or serve five days in the city jail.

On October 17 a man giving his name as James Mack was charged with selling liquor without a license. The case was called this morning and the defendant, with his attorney, was on hand for trial. When the case called for the witnesses for the city it was discovered that there were none. Desk Sergeant Wardlaw was the complainant in the case and he was about to be sworn as a witness when he stated to the court that the case had not been called since it was filed in October and that in the meantime the witnesses had left the city. The case was dismissed and the defendant discharged.

The case against John Trollrich, for the alleged selling of tobacco to minors, was continued until tomorrow morning, the witnesses for the city not being on hand to testify.

On the twenty-fifth of November—banking day—C. H. Stone was arrested on the charge of carrying a concealed weapon. The case was called day before yesterday morning, but neither the arresting officer nor other witnesses were present to testify. It was suggested by the attorney for the defense that a plea of guilty to drunkenness on the part of the defendant be accepted and that a nominal fine be pronounced. The attorney for the city stated that that would be satisfactory. The court, however, held the matter over until this morning. The court stated this morning that the case would have to be tried under the original complaint unless some recommendations for a different action be made by the police department.

"I will not discuss this case unless it is so recommended by the officers," said the court.

Hopper Phillips, the negro charged with highway robbery, appeared before the committing magistrate this morning and waived his right to preliminary hearing. The county attorney consented and the court placed the defendant under a bond of \$500 to await the action of the district court.

**FRYE DID NOT RENT THE ROOM**

IN WHICH IT IS ALLEGED GAMBLING WAS CONDUCTED.

William Moyes and Walter Griffin Testify That Room Was Rented to Griffin and Not to Frye.

The trial of George Frye, charged with the maintenance of a room resorted to for gambling purposes on the night of November 20th, was taken up by the municipal court this morning. The case was called by the city council played a part and then regretted its action.

Aside from the witnesses who testified to the gambling that was alleged to have been conducted at the place, William Moyes and Walter Griffin testified for the city.

Mr. Moyes stated that he had the renting of the Eccles block, and that the Globe saloon, conducted by Mr. Frye, and the Lone Star barber shop, conducted by Walter Griffin, were a part of the Eccles block; that he had leased the saloon part to Mr. Frye and the barber shop to Mr. Griffin. The room in which it was alleged that the gambling took place is a rear room over the barber shop and in explaining the location of this room, Mr. Moyes stated that it was a small room at the rear of the shop and about six feet above the ground; that it had but one door and that door opened into a room occupied by Mr. Frye of the Eccles block; that he had leased the saloon part to Mr. Frye and the barber shop to Mr. Griffin. The room in which it was alleged that the gambling took place is a rear room over the barber shop and in explaining the location of this room, Mr. Moyes stated that it was a small room at the rear of the shop and about six feet above the ground; that it had but one door and that door opened into a room occupied by Mr. Frye of the Eccles block; that he had leased the saloon part to Mr. Frye and the barber shop to Mr. Griffin. The room in which it was alleged that the gambling took place is a rear room over the barber shop and in explaining the location of this room, Mr. Moyes stated that it was a small room at the rear of the shop and about six feet above the ground; that it had but one door and that door opened into a room occupied by Mr. Frye of the Eccles block; that he had leased the saloon part to Mr. Frye and the barber shop to Mr. Griffin.

Walter Griffin testified that he is the lessee of the Lone Star barber shop, immediately adjoining the Globe saloon on Twenty-fourth street. He also stated that he leased to one Billy Jordan, last spring, a small room at the rear of the shop, the door being about six feet above the ground floor and disconnected from the shop by means of a partition; that the entrance to this room is through the Globe saloon. He said that Jordan paid the rent for the room up to September 30th, at which time, or a little before that time, Jordan left the city. Mr. Frye, the witness said, paid the rent for Jordan for the month of October and that, at the time, Mr. Frye told the witness that he Frye did not know whether Jordan would be back or not, but that if he did not come back no more rent would be paid. He also stated that Mr. Frye said that he had no use for the room for the remainder of the month.

Mr. Griffin said that no rent had been paid for November and that the porter of the barber shop had the key. A part of the room in question, the witness said, was being used by his porter as a heating room for the shop and that he had used it for no other purpose.

When questioned as to what Jordan had used the room for, Mr. Griffin said he did not know. He paid no attention to the matter then and he said that he had paid no attention as to what was being done with the room since. He had not rented the room to Mr. Frye, and did not expect to rent it to anybody unless Jordan returned. His description of the room was virtually the same as that given by Mr. Moyes, as was also the explanation of the entrance to the room through the Globe saloon.

The story of the raid on the night of November 20th was related by the officers and the in's and out's of the game were again related by some of those who were participants.

The case was not concluded today and will be continued tomorrow morning.

## WAREHOUSES ARE BEING RAZED

CLEARING THE GROUND FOR A BIG FREIGHT DEPOT.

Kiesel, Boyle and Campbell Get Out of the Way of the Railroad Contractors.

Work was started this morning in the tearing down of the old warehouses of Fred J. Kiesel Company, Boyle Furniture Company and the J. S. Campbell Grocery Company, on the west side of Wall avenue, between Twenty-third and Twenty-fourth streets, to make room for the big freight sheds of the Harriman lines freight depot now under construction.

The above named companies have moved their goods and wares to new and more spacious warehouses that they have had built on Wall avenue adjacent to the railroad.

The owners of the buildings who have leased the ground from the railroad company, are having the buildings torn down and the bricks and building material hauled away.

As soon as the buildings are razed and the ground cleared, the railroad employees, under the direction of Assistant Engineer A. Q. Campbell, will begin work upon the foundation for the great freight shed which will be almost a block in length and will be thoroughly fireproof. The sheds and platforms will have a concrete foundation and platform and a roof of corrugated iron.

At the present time the concrete graving working on the freight depot foundation numbers about fifty men, but as soon as the buildings are cleared away the number of men will be increased.

The work upon the depot and platforms will be continued throughout the winter, if the weather permits, and if it should be discontinued during the extremely severe weather of January and February, it will be resumed in early spring.

**SEVEN YEARS FOR WILLIAM LINDSEY, ROBBER**

Justice is not always blind. Sometimes it appears in the form of furnishing aid and succor to the wounded and afflicted. This is what Justice did today in the best of the corner Judge Howell in the leading role. The case was that of Stephen McCarthy, the young prisoner who was recently found guilty of stealing from the room of a man named Smith in the Cottage hotel, on August 19th.

McCarthy had been charged with grand larceny but at the trial the jury brought in a verdict of guilty of petit larceny, claiming that the stolen property did not exceed \$50 in value. The finding of the jury kept the man from going to the penitentiary. In the court today Judge Howell sentenced the man to sixty days in the county jail.

The next prisoner to face his honor, William Lindsey, found guilty of robbery, was sentenced to seven years in the state prison. Lindsey robbed the store of L. H. Becraft at the corner of Twenty-fourth and Grant avenue about a month ago. In addition to robbing the store, he threw bricks and rocks through the front plate glass windows.

The sentiment of those present will be taken.

## GENTSCH NAMES HIS ASSISTANTS

C. E. Littlefield is Made Chief Clerk and W. H. McAbee Assistant Superintendent—Dining Car Crews Are to Have Their Lay Over in Ogden—Segregation of Harriman Hotel and Dining Car Department Occurs at Midnight

Superintendent Fred Gentsch of the dining cars and hotel department of the Oregon Short Line railroad announced the appointment of his staff this morning, as follows:

C. L. Miller, commissary.  
C. E. Littlefield, chief clerk to superintendent.  
J. J. Mackin, laundry manager.  
J. T. Todd, commissary agent.  
H. E. Blain, outfit inspector.  
C. H. Eattlinger, assistant outfit inspector.

Ogden will be the headquarters for all of the above officials, except J. T. Todd, who will be stationed at Focatello.

In selecting his staff, Superintendent Gentsch has picked young, capable and tried men. All have had years of experience in their respective departments and have served in similar capacities under Superintendent Lewis.

The only change in the operation of the dining car departments of the Union and Southern Pacific will be that all dining cars of the Overland Limited trains, which heretofore ran between Omaha and Oakland, will cut out at Ogden. Those of the Southern Pacific will run from Oakland to Ogden and those of the Union Pacific from Ogden to Omaha. The dining cars of the other trains on the Union and Southern Pacific will be operated as heretofore—cutting out at Ogden. By the new change it means that all dining car crews employed upon the three roads, the Union Pacific, Southern Pacific and the Oregon Short Line, will lay over in Ogden.

All of the dining cars of the Union and Southern Pacific will be stocked from the Ogden commissary and under the supervision of Superintendent Gentsch.

The segregation of the dining car and hotel departments of the three railroads of the Harriman system goes into effect tonight, at 12:01 o'clock. It will take several days for the closing up the records and accounts of the three railroads by Superintendent Lewis, of the Union Pacific, Urquhart of the Southern Pacific and Gentsch of the Oregon Short Line. These three officials are busy with the great amount of work attendant upon the transfer.

There will be no new officials appointed for the Southern Pacific by Superintendent Urquhart, whose headquarters are in San Francisco. The same officials of the Pacific system of the Southern Pacific will act in similar capacity for the Southern Pacific on its lines between Oakland and Ogden, but will have nothing to do with the eating houses of that line between Ogden and Sparks, Nevada, which will be under the jurisdiction of Superintendent Gentsch.

The appointees of Superintendent Lewis, who will accompany him to Omaha, have not been made public. It is learned, however, that E. C. Sutton, who was Mr. Lewis' assistant,

will be the assistant superintendent at Omaha. Other members of the staff will include F. N. Hess, auditor, who has been stationed at Ogden.

**DISEASED MEATS ARE DESTROYED**

You are entitled to U. S. Inspected meats. Why don't you insist on it? The reasons for you doing so are so simple that it seems a folly that we need to mention it. In the U. S. Inspected meats all diseased meats are destroyed. In other meats they are not. Stop to consider. Which do YOU want?

As a guide we are publishing, elsewhere in this paper, a list of markets where inspected meats may be purchased.
